In response to a request, a business meeting of members of the Old Hickory Club was held in the city hall last night. Hon. John S. After that date, if not paid, those who have signified their intention to join the club will be charged the same as new members.

By a second resolution the purchasing committee was made an arrangement committee for the present and directed to take charge of the club rooms.

The meeting then adjourned.

A very pleasant musical was given last night at the home of Mr. W. A. Morris, in the East Ward. Quite a crowd of young folks and neighbors were present. About 10 o'clock refreshments were served. Music and dancing were the order of the evening and all participating had a jolly good time.

The first vein discovered was two feet wide at a depth of seven feet. Another shaft, sunk 150 yards above the first, struck a vein about eight feet wide.

Mr. Harkey has also discovered a vein on his own property, on a line from Gold Hill, about a mile east of the Boger place.

Some of the ore was brought in to-day by Mr. Harkey's father and is now on exhibition at the SUN office.

## "Quo Vadis."

The original production of "Quo Vadis" with its wealth of special scenery will be presented for the first time in this city at the opera house on next Saturday night. The play is in six acts and eight tableaux. It tells a thrilling story of a young Roman soldier who falls in love with a Christian maiden, of the prosecution of the maiden by the Emperor Nero, and of her ultimate triumph through her belief in Christianity. Peter, the Apostle of Christ, is a prominent character in the play.

## No Show To-Night.

Joshua Simpkins was booked to be at Meroney's opera house to-night; also to be in Winston at the same time. We suppose he will be in Winston as he hasn't arrived at this place. The company changed its route after making the Salisbury date.

## UNITED STATES

### AID PEACE MOVE.

### BRITAIN WILL ACCEPT.

### THE BOER WAR ABOUT ENDED

Cabinet Meeting Held—French Enters Bloemfontein—Roberts' List of Casualties—A Brother of Steyn Taken Prisoner—A Small Riot in London.

### [SPECIAL TO DAILY SUN.]

London, March 13.—The United States Government at the request of Kruger and Steyn, has offered the British Government its services as mediator with a view of effecting peace in South Africa. Lord Salisbury has not yet replied. But it is learned that there is little doubt that he will decline the United States good offices in terms as cordial and polite as those in which the offer was couched.

Washington, March 13.—At the cabinet meeting to-day the members will be made acquainted with the nature and extent of the proposals submitted by the Boer presidents to Great Britain through the United States Government.

There is but little prospect that an official statement will be issued after the meeting unless word is received that Choate has presented the Kruger-Steyn note at the foreign office in London.

Government officers here believe peace is now assured, and that the United States will act in a mediatory capacity to bring it about.

London, March 13.—Mafeking despatches, dated March 6, says "the siege continues. Col. Plumer is within four days' march of the place."

London, March 13.—Roberts wires from Venters Vlei this morning: "I directed French, if there were time, to seize the railway station at Bloemfontein and thus secure the rolling stock. At midnight I received a report stating, after considerable opposition, he had been able to occupy two hills close to the railway station commanding Bloemfontein."

"A brother of President Steyn is a prisoner. I am now starting with the third cavalry brigade and mounted infantry to reinforce the cavalry division. The rest of the force will follow as quickly as possible."

London, March 13.—Lord Roberts cables this morning that French has entered Bloemfontein. In a previous despatch Roberts said 321 were wounded and about sixty-seven were killed and missing. It is thought these figures refer to the total casualties of Roberts force since he started toward Bloemfontein after Cronje surrendered.

Mafeking, March 13.—There has been heavy fighting near here. The Boer wagons are trekking away. All troops are well.

London, March 13.—An attempt to hold a peace meeting at Scarborough last night resulted in a riot. The police were unable to control the crowd, and the meeting was abandoned.

The crowd then went around to various stores owned by promoters of the peace meeting and smashed plate glass valued at five thousand dollars.

The mayor read the riot act but this had no effect.

At 1 o'clock this morning the military was called out to disperse the mobs.

\$1.00 for 95c. That is what it looks like when you buy one of our 95c counterpanes. J. H. Reid.

## REV. W. A. LUTZ.

Comes From Winston to Concordia to St. Luke Churches.

Manning, March 13.—Rev. W. A. Lutz, who has been laboring in the Home Mission field at Winston, has accepted a call to St. Luke and Concordia churches. These churches are now independent of each other, but it is thought that Rev. Mr. Lutz will be able to unite the two into one pastorate. He will begin work here immediately after the annual meeting of the United Synod which convenes in Winston the latter part of May. At a recent gathering here a vote was taken for sheriff. Every voter present including one negro emphatically declared for D. R. Julian.

Judging by the interest already shown in political discussions the primary meeting in Locke will be largely attended. We are no prophet but here is Locke's choice: Sheriff, Julian; Legislature, Wright, Rothrock; Register, Beall or Woodson; Treasurer, J. A. Rendleman.

Speaking of weddings Rev. H. A. Trexler has ferried across into the land of connubial bliss four teen couples since last Thanksgiving day. The prospects are brightening for two more in the near future. Whose neighborhood can boast of a happier people than this!

### For Overman.

EDITORS SUN:—Lord Beaconsfield has said: "We live in an age when to be young and to be indifferent can no longer be synonymous. We must prepare for the coming hour. The claims of the future are upon us, and the youth of a nation are the Trustees of Posterity."

Why not fill our public offices with men who are the hope of the State and town?

Where can there be found such another man as Harry J. Overman? He has character—that is unimpeachable and unassailable; he has judgment and great dignity—with a "gentleness that doth make him great"—and a modesty that is rare. He is surely the winning number for Register of Deeds, if merit, efficiency, character, intelligence count, and if Democratic principles want a standard bearer.
