

RABIES DEVELOPED.

Result of a Dog Bite—One Victim Taken to Baltimore.

Six weeks ago two sons of Mr. R. H. Kirk, a furniture dealer at Albemarle, were bitten by a dog which did not at the time show signs of hydrophobia, but which was evidently affected by rabies, as is shown by subsequent events.

One of the little boys, Henry, aged 8, who was bitten through the left cheek, was taken sick last Saturday and has developed rabies, having spasms often. His death is expected to day.

The other boy, Ernest, aged 10, was scratched on the wrist by the dog but has not yet shown any bad results. He was in Salisbury this morning, being taken to Baltimore for the Pasteur treatment.

He was accompanied by Mr. C. J. Mauney, a druggist, of Albemarle.

Mr. Hallyburton to go to Asheville. Mr. Alex Hallyburton, who has had charge as electrical engineer of the Salisbury Gas & Electric Light plant, for some time, we regret to note, has decided to go to Asheville.

Mr. Hallyburton had the place to which he goes for several years, but gave it up for other work, and his service is well known, hence he is in demand.

THE GLORIOUS FOURTH.

Shops Closed—Picnic in the Country—Re-Union.

The Fourth is being celebrated here more than in the past. There is no display of fireworks but there was a general suspension of business and exodus to the country.

The Southern's shops and depot were closed, also the banks and post office and some places of business in the town.

Large numbers went to the country where a number of picnic parties enjoyed the day.

At Faith there was an immense crowd, the occasion being a reunion of Confederate veterans and a picnic. The dinner was a bountiful feast and was enjoyed by the large number present.

The Faith band furnished music. Revs. Lyerly and Brown and Prof. Rothrock made speeches of interest to veterans—no politics. A game of ball is being played this afternoon. The booming of a cannon and the march of the old vets were features of the day.

The Silver Leader Dominates the Convention by Wire—Ready to Go to the Convention on a Special Platform to be Adopted To-morrow—Declaration of Independence Read.

[SPECIAL TO DAILY SUN.]

Kansas City, July 4.—Ruth Bryan, daughter of William J., has arrived from Lincoln to attend the convention and witness the nomination of her father. The hall is elaborately decorated and is bright with colors. Early in the morning the large room was filled. It is estimated that a hundred thousand visitors are in town.

Kansas City, July 4.—The National Democratic convention was called to order to-day at noon by Chairman Jones. Governor Thomas, of Colorado, was selected as temporary chairman.

It is expected Bryan will be nominated for President before midnight.

Adlai E. Stevenson is to-day the strongest candidate for Vice-President. The opposition to Towne is booming him and he is the favorite with the Western delegates.

Little interest is being manifested by the Silver Republicans.

The Vice-President will probably be nominated to-night and the platform adopted to-morrow.

Previous to Chairman Thomas taking the chair the Declaration of Independence was read.

Mayor Reed, of Kansas City, delivered the address of welcome.

Stevenson and Towne are the leading candidates for Vice-President. Hill is the popular underdog to-day but he would not accept the nomination.

Bryan's choice is still Towne as far as can be learned. Bryan dominates the convention from his home by wire. He is in constant communication with his leaders.

The silver platform is assured. Stevenson has 248 votes assured.

Lincoln, July 4.—At noon a train is in readiness at the depot to steam up and whirl Bryan to Kansas City if it is necessary. Officials offer to side-track everything and put Bryan in Kansas City in four hours and twenty minutes. The schedule time is nine hours.

Kansas City, July 4.—When Thomas named Bryan a roar went up that could be heard several blocks. Thomas spoke with much vigor. He strongly advocated free silver and condemned trusts, expansion and militarism.

When he completed his speech Walsh, of Iowa was elected secretary of the temporary organization.

The committees on credentials, organization, order of business and resolutions and platforms were appointed.

The convention will adjourn after the clubs have marched through hall.

NOT ONE LEFT.

ALL FOREIGNERS DIE.

BLOODY SCENES IN PEKIN, CHINA

Men, Women and Children Fall Beneath the Sword—140,000 Imperial Troops on Hand—Only 20,000 Foreign Soldiers.

Tien Tsin to be Attacked by a Force of 90,000 Chinese Troops.

[SPECIAL TO DAILY SUN.]

Shanghai, July 4.—Not a foreigner is left alive in the city of Pekin according to Chinese report. These declare that the annihilation of the foreign marines, guarding the foreigners, failed and General Tusi's troops rushed into the British legation buildings in which all the foreigners and legation forces had sought refuge. The foreign guards fought to the end and fell battling desperately to save those entrusted to their care. Those in the legation were already worn out with long fighting and a hundred could offer little resistance.

Men, women and children, the Chinese accounts say, were put to the sword. While these reports are indefinite in source, there is good reason, from what is known of the situation in Pekin seven days ago, to believe them.

London, July 4.—A hundred and forty thousand Imperial troops are stationed between Pekin and Tien Tsin. The total of the allied forces is twenty thousand. It is reported that Gen. Nich Si Chang is advancing to attack Tien Tsin with ninety thousand troops.

Taku, June 30th, Chefoo July 2nd.—The British and Russian admirals at conference to-day decided that it would be impossible to attempt to relieve Pekin without much larger forces.

They may possibly hold Tien Tsin. If this should not be feasible they will endeavor to hold Taku.
