**THE SENATORIAL CONTEST.**

Some very beautiful objects sometimes turn out to be very dangerous things. Referring and bending this assertion to bear upon the Senatorial primary, now confronting the Democrats of North Carolina, the reader will have some idea of what we mean to say. Now, if the friends of the different candidates are to turn it into a trading scheme to help their special political friend into office, as shown it promises to be done by an article in the Charlotte Observer, then it better be called off, and at once.

The Sun believes in honesty in everything, politics not excepted, and it would not countenance trickery to gain political advantage.

The candidates are all supposed to be honorable men and ought not for any time to be a party to such a transaction.

The aspirant seeking the Senatorship who first denounces and opposes a trick of this sort should receive the full support of the Democratic party.

President McKinley has two kinsmen in Kansas and nine in Indiana, all of whose names are published, who have announced that they will vote for Bryan.

Some of the Pennsylvania papers are warning the mine owners against importing negroes to take the places of the striking miners. They do not think a race racket would be a good way to end the strike racket.

The Philippine war is costing the American people at \$2 a head annually. That means about \$10 to the family. Ten dollars is not a big pile of money but is more than the average family can afford to throw away. It would buy considerable of something to eat and something to wear for the little ones, observes the Wilmington Star.

Judge A. C. Avery suggests that the Senatorial primary be called off until the first Tuesday in December. He says that interest in the Presidential and Congressional elections is overshadowed by the interest in the Senatorial question and he thinks Mr. Bryan and the Democratic nominees for Congress will suffer if the voting for them and the Senators comes at the same time.

All Americans will regret the useless slaughter of 52 brave American soldiers in the Philippines, but they should even more regret the policy of deceit that conceals the facts of the situation there from the country.—Durham Sun.

**That Throbbing Headache**  
Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25c. Money back if not cured. Sold by Theo. F. Kluttz & Co., druggists.

**Jefferson and McKinley.**

The action of Jefferson and that of the Republicans that have controlled the McKinley administration were as opposite as possible. Mr. Jefferson was almost morbidly sensitive upon the possibility of violating the Constitution. The McKinley administration, in the Porto Rican matter after declaring what was its plain duty, did precisely the opposite, and to do this calmly pushed the Constitution aside, saying it had no relation to our new possession. What is going to be done in the Philippines we cannot be sure, but we know the principle upon which it is to be done—namely, that the Constitution does not extend to our new possessions.—Louisville Courier Journal.

**The Germans Against Imperialism.**

The leading social organization among the Germans in the North is known as the Turnerbund. In Milwaukee, the foremost German city of America, the Turnerbund, at its meeting last Friday night discussed the Philippine question, and after a discussion adopted the following resolutions:

"We recognize in all nations alike the right to defend their liberty and to assert their independence by force of arms."

"We consider every war for the purpose of territorial expansion to be an act of brutal force, hostile to our American spirit of civilization and humanity."

"We condemn any and every attempt to spread the blessings of civilization at the point of the sword, because it is a hypocritical pretext merely, behind which there are lurking the greed and avarice of concentrated wealth."

"We protest against the policy of conquest pursued by our administration and against all expansion of the territory of the United States by force of arms."

In Illinois and other States the Germans take the same position. Is it any wonder that Hanna is scared? the Raleigh News and Observer asks.

Large sun spots, astronomers say, caused the extreme heat this summer, and doctors declare nearly all the prostrations were induced by disorders of the stomach. Good health follows good digestion. Kodol Dyspepsia Cure digests what you eat. If you have indigestion or dyspepsia it will quickly relieve and permanently cure you. James Plummer.

The progressive nations of the world are the great food consuming nations. Good food well digested gives strength. If you cannot digest all you eat, you need Kodol Dyspepsia Cure. It digests what you eat. You need not diet yourself. It contains all of the digestants combined with the best known tonics and reconstructives. It will even digest all classes of foods in a bottle. No other preparation will do this. It instantly relieves and quickly cures all stomach troubles. James Plummer.

Some folks complain mightily over Roosevelt's treatment out West who had not one word to say when Yale students interrupted Bryan four years ago.—Winston Journal.

Uncle Ben Culler is more than 90 years of age, walked three miles yesterday across the Richmond mountain to hear Buxton speak. He tells us that on the day before he felled a large chestnut tree, cut off four cuts, split 40 rails and carried them some distance on his shoulder. He is a Democrat of the purest variety and is wonderfully hale for one of his age.—Boone Democrat.

Last year two Italian railway lines passing through swampy regions supplied all their station houses with mosquito nets. In consequence, there has been such a diminution in the number of cases of malaria that other lines in Italy and in Sicily are about to adopt the same measures.

**An Ancient Belief.**

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demon's, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by James Plummer, druggist.

**FROM THE TELEGRAPH.**

British and Germans continue sending troops to Pekin.

Boers attacked and captured twenty-two wagons escorted by sixty mounted men.

It is claimed that there are seventy-five thousand names illegally entered on the Philadelphia voting lists.

Flagman J. J. Quinlan, the hero of the Camp Creek, Ga., railroad wreck, in which 35 people were killed, will likely remain a cripple for life.

Senator Hill returned to New York from Richmond, yesterday much pleased with his trip. He declined to talk politics. He will speak in Newark, N. J., to-night.

The latest report made of cotton damaged in Texas by the recent floods and high water places the loss at 400,000 bales. The value is estimated at not less than \$20,000.

A strike is on at Blockton, a mining town 40 miles southwest of Birmingham, Ala., and the mines of the Tennessee Coal, Iron & Railroad Company, employing over 1,000 miners, drivers and top men, are idle.

During September there were 257 cases of yellow fever in Havana, with a mortality of 25 per cent. There are 84 cases now under treatment. Twenty-eight new cases have been reported in 48 hours.

Poisonous toadstools resembling mushrooms have caused frequent deaths this year. Be sure to use only the genuine. Observe the same care when you ask for DeWitt's Witch Hazel Salve. There are poisonous counterfeits. DeWitt's is the only original Witch Hazel Salve. It is a safe and certain cure for piles and all skin diseases. James Plummer.

The most dainty and effective pills made are DeWitt's Little Early Risers. They are unequalled for all liver and bowel troubles. Never gripe. James Plummer.

**The World Full.**

The world is full of microbes. The tramp is a parasite who eats the bread of honest toil; the bore is a parasite who devours the time of the busy man; the gossip is a parasite that destroys the happiness in many a home with words of sugar coated venom; the slanderer is a parasite that murders character; the hypocrite is a parasite that entraps the unwary with falsehood while wearing a mask of fairness.

**Robbed the Grave.**

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Theo. F. Kluttz & Co's drug store.

**BRADFIELD'S FEMALE REGULATOR**

**IVORY STARCH**

requires no cooking, will not stick to the iron, does not blister the linen, scorch or burn, and is particularly adapted for use on mourning goods and colored linens, as it does not streak or show the starch. When used on shirt bosoms, collars, cuffs, etc., it gives them an additional stiffness and renders them equal to new. Ivory Starch is guaranteed to be superior to all other package starch. **Kluttz & Rendleman.**

The Most Complete Store in the City.

Our twenty-seventh year of business ended Sept. 15th. We started with a \$5,000 stock in '73 and have grown to our present dimensions. Our success we attribute not to per cent of profit we made, but to quality of goods sold. We make a profit on every article sold and claim for it to be worth just what we ask for it, no more. A lady came into our store recently to buy an undershirt, she mentioned a dollar shirt having been offered her at another store for 50c; we sold her one at 50c which she said was like the one shown, and still we made our usual profit. We never sell goods at cost unless in odds and ends—some folks sell some staple goods at cost but the loss has to be made up by misrepresenting the value of other goods.

Our Fall Purchase is the most complete ever brought to Salisbury and we shall be glad to show you our line.
