SALISBURY, N. C., SATURDAY EVENING, FEBRUARY 2, 1901.

NO. 132

TO ISSUE BONDS.

ALDERMEN DESIRE THEM FOR STREET PURPOSES.

ELECTION ASKED FOR.

The New Charter Provides That the Tax Collector Shall be Elected by the Board of Aldermen Instead of as at Present. Water Commission Created. The New Charter.

The Salisbury aldermen realize the importance of good sidewalks and well macadamized roads and have sounded the keynote to the onward march of the progressive Salisbury that all enterprising citizens wish our city to be.

At a meeting of the board last night the various proposed features of the new charter were gone over and it was decided among other things to ask the legislature to give the board authority to call an election for the purpose of voting on the issuance of \$100,000 of bonds for street improvements. If the election is ordered it will be held this Spring, probably, perhaps at the regular city election. It was also decided to restore to the board of aldermen the right to elect the city tax collector, who is at present elected by the popular vote.

A water commission, whose duty it will be to control and direct the affairs of the water works system, is created and is to consist of four members, the mayor to be ex-officio chairman and to have a vote only in case of a tie. Of this commission two will be appointed for two years and two for four years. At the expiration of these terms they will be elected by the aldermen.

The question of electing the aldermen for different terms came up but no agreement was reached. No action was taken in regard to the purchase of another team for the city.

Rev. Cramer in the City.

Rev. W. S. Cramer, of New York city, student at the theological seminary, Lancaster, Pa., arrived in the city last night and will conduct services in Faith Reformed church tomorrow morning and evening. Mr. Cramer will leave Monday for Lancaster and promises, within a short time, to notify the church officers of his decision. If he accepts he will probably return to the city by June.

STOLEN AT SPENCER.

A Barrel of Whiskey Believed to Have Been Taken There.

Yesterday while Detective Haney, of the Southern, and Sheriff Julian were near Spencer on official business they discovered an empty whiskey barrel lying in a ditch. In view of the fact that a barrel was recently checked short by the Southern it was determined to investigate this particular package and it was brought to the rectifying house of the Salisbury Liquor Company for identification.

It is believed that it is a barrel shipped from Yadkin county to Marion and it is also believed that the barrel was stolen from the Spencer depot.

It was entirely empty when found.

A TERRIBLE PANIC.

THE CROWD AT FUNERAL PANIC-STRICKEN.

Women Faint and are Trampled Upon. The Ambulance is Kept Busy Caring for Them.

London, February 2.—A terrible panic marred the funeral pageants this afternoon just after the procession had passed, the gates of the marble arch in Hyde park were closed without notice. A rush was made to get out by the thousands gathered in the park. Women fainted and children and men were knocked down. Many were trampled upon, and seriously injured.

Windsor, Feb. 2.—A gunshot signalled the arrival of the train here after which minute guns were fired. The cortege entered the gates of Windsor Castle park and reached St. George's chapel to which the body was carried at 2:50. The distance from the railway station to St. George's chapel is fully half a mile. The gate at Windsor Park divided the route, leaving only a bare quarter of a mile open to the public. Here, at 1 o'clock, a black silent expectant mass wedged behind the line of troops. Only a movement occurred when the ambulance workers lifted numerous persons who had fainted into the hospital carts.

CANDLEMAS.

Christian Reid's Protest at the Degradation of the Day.

The SUN received today the following communication which it publishes with pleasure:

EDITORS SUN—Since it has been the custom of your paper (together with many others) for several years past to speak of today as "ground-hog day," I wish to enter a protest against this barbarism.

For it is surely a barbarism to degrade into sole connection with a vulgar superstition one of the loveliest feasts of the Christian year. This Feast of the Purification of the Blessed Virgin not only commemorates the purification (in compliance with the law of Moses) of the Mother of God, but also the formal presentation in the temple of Him who was the Light of the World. Hence, with that beautiful and poetical significance which is the soul of all her ceremonies, the Catholic church at the Mass of this day blesses the candles which are to be used throughout the year in the services, and when the ritual is fully carried out, there is a procession of priest and people bearing lights. From this comes the ancient name of Candlemas—a more respectable name than "ground-hog day" to apply to a feast so full of the most beautiful and touching memories and thoughts. CHRISTIAN REID. Candlemas, 1901.

ALL ENGLAND THERE.

MULTITUDES PAY LAST TRIBUTE TO THE QUEEN.

Only Athletes and Millionaires Saw the Procession to Any Advantage on Account of the Crowd in London.

London, Feb. 2.—The funeral of Queen Victoria was held today. The procession moved punctually in accordance with the official programme to the strains of Chopin's funeral march. The march was played by the Massen bands. All England apparently poured into London to pay a last tribute to the late sovereign. Many hopeful of obtaining front places took stations in the parks during the night, despite the bitterness of the weather, but only athletes and millionaires saw the procession to advantage. Soldiers, shoulder to shoulder, lined the route for two miles. The sun tried to come out but by 11 o'clock the weather had settled into a dull, cold, dispiriting, gray day.

The procession reached Paddington at 11 o'clock. At 1:30 p. m. the train bearing the body started for Windsor. King Edward and Emperor William travelled to Windsor in the next car to the carriage bearing the body. The body arrived at Windsor at 2:30 p. m.

Three million persons were massed along two miles of the route and were kept back by thirty two thousand police. The procession passed Buckingham palace at 11:55 on its way to Paddington station, whence the body will be conveyed to Windsor.

Portsmouth, Eng., Feb. 2.—A heavy rain was falling at 9:30 this morning when the royal mourners left the yacht for Clarence Yard where Alberta lay all night. Admiral Sir Charles Sothair and the flag officers and captains of all the ships were in the harbor with the other naval officers attending the disembarkation of the body, which at 8:35 was carried off the yacht. An enormous crowd had gathered. The royal train left Gasport at 8:53. Guards on the mounted warships fired the minute guns as the coffin, borne by blue jackets was transferred to the waiting carriage.
