NO. 10

COMMITTEE TO MEET.

MEETING OF THE TOWN COMMITTEE CALLED.

A Date for the Primary to be Decided Upon and the Manner of Conducting it.

A call is made today for a meeting of the Democratic Executive Committee of Salisbury, Friday night at 8 o'clock. The meeting will be held for the purpose of discussing a date for the city primary and for forming a plan of primary. Heretofore there has been but little if any system in the manner of conducting the town primaries and it is proposed to form a plan that will be satisfactory.

The members of the committee are: West ward, T. C. Linn, Esq.; North ward, T. M. McCulloh; East ward, J. H. James; South ward, Jno. M. Julian.

It is thought that the primaries will be held now in about four weeks.

CAPT. HOBSON COMING.

Will be Down From Cleveland Tonight.

Capt. Richmond Pearson Hobson, who has been visiting in Statesville, came down to Cleveland last night and will spend the day there.

Tonight Capt. Hobson will return to Salisbury and will be here for several days.

Mrs. W. C. Blackmer, who accompanied Capt. Hobson to Statesville, returned home last night.

Mr. Mac Cutchoen Here.

Mr. S. H. Mac Cutchoen, a popular and clever representative of the New York Journal, was in the city last night. He has been South for eighteen weeks, and was called to New York on account of the Easter number of the Journal, to be issued soon.

Arrests Last Night.

Officers Eagle and Monroe last night arrested three negro women for being drunk and cursing on the street.

Officer Torrence arrested a white man from Lexington, who came here on No. 7, for being drunk and disorderly.

Miss McCanness Out.

Miss Irene McCanness, who has been so ill, is able to be out again and is spending the day in Salisbury. Miss McCanness' many friends will be delighted to learn of her recovery.

Car Load of Coffee.

Messrs. W. H. Overman & Co., wholesale dealers, today unloaded in their depot warehouse, a car load of coffee. The coffee was received for their trade, which increased largely during the past year.

Mrs. E. C. Gains Wins the Prize.

The prize, offered by Lufsey's 5 and 10 cent store for the best solution of their "Apple Problem," was won by Mrs. E. C. Gains. The prize was a copy of "America photographed," a beautiful book of American scenes. There were several correct solutions of the problem, but Mrs. Gains' was considered best on account of its being so plain and easily understood.

The Happiest on Earth.

A letter received from a young man who is a native of this county but now a resident of a distant State states that in April he "will be the happiest man on earth." The cards are not yet out.

New assortment of opera flannels at Reid's.

A good bicycle, slightly used. Will be sold or given away by W. M. Ruth, the sewing machine man, at T. F. Young's store.

PRAYER DID NOT CURE.

A Father Sacrifices his Young Daughter's Life.

Announcement has been made in the Sun of the death of Miss Zolli Rominger, of Reidsville, who was so well known here. The following from Webster's Weekly will give added pain to her friends:

Miss Zolli Rominger died at the home of her parents, Dr. and Mrs. C. A. Rominger, last Thursday evening, February 28th, after an illness of four weeks. The announcement of her death was a great surprise to the community.

We regret to say that there is a widespread feeling in Reidsville that this sweet young girl's life might have been saved had she received the attention of a physician. It is a matter of common report that her father, who is one of the State's leading dentists, believes in divine healing, i. e., that the prayer of faith will save the sick without the use of medicine, and so believing he did not call in a physician during her illness, but prayed for her restoration to health.

Nor were any of the remedies prescribed by physicians for typhoid fever, the disease with which she was afflicted, used. She received the tenderest nursing at the hands of loved ones, and her father asked her if she wanted a doctor, and called over the names of the different ones in town, but she said she did not.

It would be idle to attempt to conceal the fact that our people feel that Dr. Rominger had no right to allow his child to suffer and die without giving her the benefit of medical attention. He owes it to the community to explain why he did so.

It pains us to say these things, but we believe the time has come for plain speaking. A man may have the right to jeopardize his own life by depending on the Creator to work a miracle for his benefit, but he has no right to endanger the lives of others over whom he may have control, however conscientious he may be about the matter.

Twin Calves.

Mr. F. M. Lampkins' cow gave birth to twin calves last week. One of the calves died but the other is still living.

Meeting of Stewards.

The board of stewards of the First Methodist church will meet in Mr. R. L. Shaver's office at 8 o'clock tonight.

Meeting Book Club Tomorrow.

The Christian Reid Book Club will meet with Miss Jeanie Kluttz Wednesday afternoon at 3:30 o'clock. A full attendance is desired as the old books are to be drawn and the new ones distributed.

Mr. Mauney in Charge.

Mr. Sid Mauney has been placed in charge as deputy of the attached property at Gold Hill. Sheriff Julian returned last night from Gold Hill, where he spent yesterday afternoon on business.

Didn't Incorporate Shops.

The Southern's shops at Spencer are now fairly safe from municipal taxation for all time to come. The Spencer people were very anxious to have these shops included in their incorporation but the railroad would not agree to it, consequently both Spencer and East Spencer were incorporated without taking in the shops. The shops are now located on a narrow strip of land between two incorporated towns.

New River corn at Isenhour & Bean's.

Veterinary Surgeon.

Dr. R. H. Manogue, of New York, has located in Salisbury and has an office at Ludwick and Black's livery stable, Salisbury, N. C.

COMPANY ALL RIGHT.

YADKIN POWER COMPANY IS NOT EFFECTED.

Dr. Brown's Financial Troubles Will Not Prevent Development of the Yadkin Power.

An erroneous impression has been produced with reference to the effect that the litigation in which Dr. Dillon Brown is involved will have on the Yadkin Power Company.

A Sun representative interviewed a gentleman this morning who is in a position to know and he stated that the idea of developing this water power had not fallen through. On the contrary it is expected that in a short while work will be resumed at the Narrows and that the development of this fine water power will be pushed on a larger scale than ever before.

Men of money are back of the enterprise and they are not lacking in faith in it.

For The Fair Ones Only.

Our Faith items are omitted today on account of the press of matter but we feel constrained to give immediate publicity to the concluding item, which is as follows:

"Venus is preparing to go to housekeeping and wants correspondence along that line."

For the information of such of our readers as are unacquainted with him we will state that "Venus" is a good looking, unmarried man.

Union Stock Up

The stock of the Union Copper Company took a jump last week and judging from the quality of ore now being taken out of the Union it will continue to advance. The average quality of ore now being taken out is far superior to that taken at any other period of the mine's history.

Mr. West to Savannah.

Mr. Ernest West, a Salisbury boy, who has been located at Asheville for some time, has accepted a position at Savannah, Ga. He came down from Asheville several days since on a visit to his parents and left Saturday night for Savannah to take up his work.

A New Junior Organ

The councils of the Jr. O. U. A. M. of this city are arranging for the publication of an early date of a paper devoted to the best interests of the order. A committee was appointed from each council last week to ascertain the cost of such a publication and report to the various councils this week. It is quite likely that the proposition will meet with favor from the various councils and that the paper will shortly be launched forth. The publication has the endorsement of State Councilor Webb.

Returns To Texas.

Mr. John Bringle, who has been visiting here for the past two weeks, leaves this week for Texas. Mr. Bringle left this county for Texas fourteen years ago and is very highly pleased with his adopted home.

"TRAMP" IS DEAD.

Tramp, the Pet Dog of T. E. Nash, Was Killed by Poison.

"Tramp," the little rat terrier belonging to Mr. T. E. Nash, is dead. He was poisoned Sunday night.

Mrs. Lavina Shuman, who is a near neighbor of Mr. Nash, has been troubled considerably by cats coming around her house at night. So she concluded to end the nuisance. Sunday night she put out some poison for the benefit of these particular cats.

But on Monday morning it was seen that Tramp was sick, and on examination it was discovered that he had taken the poison. He was then taken into the house and sat upon a chair and surrounded by the family and sympathizing friends, when a photograph was taken of the group just before he passed to the happy hunting grounds.

His remains were then prepared for burial. A coffin was made and he was put into it, which was covered with beautiful flowers. The funeral procession then started for the burying grounds, where appropriate ceremonies were held and his remains were interred. Twenty-one people attended the funeral.

Tramp is the dog that was arrested and locked in the calaboose some time ago for not wearing a muzzle.

A CAR LOAD OF NEGROES

Passed Through Here on Their Way to Work on Railroad.

The deportation of negroes from North Carolina to the North continues. Almost every week a large number of these people pass through Salisbury on their way to work in hotels, in mines or on railroads.

Last night a car load of negro men passed through the city on their way to Clarfield, Pa., to work on the Pennsylvania railroad.

DR. M'KEE IS ELECTED.

BECOMES SUPERINTENDENT OF CENTRAL HOSPITAL.

The Tax on Savings Banks Reduced by the Senate. Governor Aycock Sends a Special Message.

[SPECIAL TO DAILY SUN.]

Raleigh, N. C., March 12.—Capt. Ardrey in behalf of the committee on Propositions and Grievances presented chairman A. W. Graham with a handsome cane. Whitaker, of Forsyth, presented Chief Clerk Nixon with a handsome cane, the gift of assistant clerks.

The following bill passed the house: to prevent kidnapping. An appropriation bill, carrying \$160,000 increase for State institutions will come up as a special order tonight.

Dr. Jas. McKee, of Raleigh, was today elected Superintendent of the Central Hospital for insane.

The Governor sent a special suggestion to the Legislature recommending that the amount in cash and bonds in the hands of the State board of education at the par value of \$145,250 be appropriated to the public school fund.

The Senate adopted sections of the revenue bill taxing lightning rod agents, hotels, cotton compresses, pool tables and gift enterprises. The amendment was adopted prohibiting slot machines in the State. The Savings bank tax was reduced from \$250 on \$1000 capital to \$1.

ALDERMANIC CONTEST.

There Will be Spirited Contests in Several Wards

The contest for aldermanic honors will be more spirited this year than ever before in the history of Salisbury politics.

It will be particularly interesting in the South ward where at least a dozen candidates have been suggested. The friends of both the present aldermen from that ward—Messrs. C. H. Swink and J. P. Weber—are zealous in their behalf, as are also the supporters of the other candidates.

From all present indications it appears that the fight for positions on the board of aldermen will overshadow that for mayor.

Raided for Gambling.

Four gamblers were hauled up last night by the officers. All put up bonds and were released.

RIOT AT BARCELONA.

Workmen Object to the Introduction Of New Machinery.

Barcelona, Mar. 12.—Workmen in the spinning and textile factories at Manilen, Daroda, and Vish, went on a strike yesterday as a protest against the proposed introduction of new new machinery. The masters closed all factories and today fifteen thousand work men are locked out. At Mailien the workmen made an attack on the Manufacturers Club. They wrecked the interior of the building, and threw the furniture in the street and burned it. They also attached five private houses and wounded the owners. And afterwards burned the mayor's house. Gendarmes have been called out to suppress the trouble.

Brought Back Home.

Mr. Frank Long, of Statesville, who has been traveling through the South, was brought in this morning from Birmingham, Alabama, and is at the Mt. Vernon hotel today. Mr. Long was taken ill with appendicitis last week and was operated on in Alabama. He is still a very sick man and was taken from the train on a stretcher.

A Skillful Operation.

Dr. R. H. Manogue, veterinary surgeon, performed an operation at Ludwick & Black's stable this morning on a horse belonging to Mr. H. T. Graeber, who lives about 12 miles from the city, for paralysis of the shoulder. The horse had been lame for six months and Mr. Graeber had tried all of the blisters and liniments he could find but none seemed to do any good. He saw Dr. Manogue's ad in the Sun and brought the animal to town and had it examined yesterday. The doctor found that nothing less than an operation would relieve the horse. The operation was performed at 10 o'clock and was witnessed by about fifty men. No ropes nor anaesthetics were used in the operation, the horse seeming to take it without pain. The doctor was so skillful and rapid that the subject did not appear to realize what was being done.

Several well known horsemen, of the city, were present who were surprised to see the animal standing so quiet. One or more of them said the surgeon had extreme will power or had the horse hypnotized but, it seems, it was neither of these, it was only because he is an expert at his profession.

Phone Directory Needed.

A patron of the Salisbury Telephone Company calls our attention to the need of a new phone directory, containing a list of the subscribers and their phone numbers. Such a directory is undoubtedly needed and would prove very serviceable to all subscribers.

Rev. Cates Comes Tonight.

Rev. George C. Cates, of Louisville, Ky., did not arrive in the city last night as was announced in yesterday's Sun, but is expected in tonight on the Western train and will preach at the Baptist church at tonight's service at 7:30 o'clock. This meeting will continue for two weeks.
