Col. Cooke Follows Maj. Guthrie and Fires Back Another Historical and Biblical Incident.

SPECIAL TO DAILY SUN. Raleigh, N. C., March 22 .-Major Guthrie concluded his speech for the prosecution this morning, claiming that the Sumissed the case of White vs Auditor for want of jurisdiction. Also that the judges had wilfully broken the constitution in issuing a mandamus and should be convicted. God punished an inno-

with death. Capt. C. M. Cooke followed for the defense. He stated that disaster befell Israel when she dishonored Samuel, her judge. He asked no considerations to enter into the trial save justice and law. If Judges Furches and Douglas are impeachable for upholding Hoke vs Henderson then other judges ought to have been indicted also. He said Clark's conduct and threats were calculated to cause trouble among the judges.

The Legislature and not the court made a mistake in the White case. Two of the counsel for prosecution and Senator Simmons secured a mandamus from Superior Court Judge Robinson against the treasurer for a claim. Why not impeach Robinson for the mandamus.
