ROMANTIC MARRIAGE.

DR. THOMAS LINGLE TO WED IN ST. LOUIS.

Met his Bride While Pursuing his Studies at Leipzig. Goes From St. Louis to Brazil.

Dr. Thomas Lingle, one of the most talented young men ever graduated from any Southern institution of learning and a native of this county, left Salisbury this morning for Dalton, Ga. From Dalton he goes to St. Louis, Mo., where on July 2nd he will be married to Miss Clara Southern. This marriage will be the culmination of a romance. Two years Dr. Lingle went to Germany to prosecute advanced work and while at Leipzig met Miss Southern. There was no closer tie than a common nationality between them at first but a mutual admiration soon sprang up. The result was that they became engaged and on July 2nd will vow eternal fidelity.

After the wedding Dr. and Mrs. Lingle will leave for Sao Paulo, where Dr. Lingle has accepted a chair in Mackenzie College.

MRS. TIERNAN'S LEADERSHIP.

the Kirmess.

The Sun's criticisms of the Kirmess for the past four days have been contributed by patriotic and observant auditors and we gratefully acknowledge appreciation for the contributions.

One omission (and a very material one, it occurs to us) has been made, and that is reference to the indefatigable energy with which Mrs. Frances Tiernan generalised the Kirmess. The suggestion that Salisbury might with profit and pleasure present this charming entertainment emanated from Mrs. Tiernan and throughout the trying evenings of rehearsals, the arduous, toilsome process of arrangement, the preservation of all original details of presentation—throughout the whole, Mrs. Tiernan's skill and patriotic fervor combined with her natural qualities for leadership were the sustaining and predominant features.

The Confederacy—even now but a sacred memory—owes a lasting debt of gratitude to Mrs. Tiernan.

Fair To-Night and Wednesday.

The weather forecast for the ensuing 24 hours is: Generally fair tonight, except occasional showers on the coast. Warmer in the western portion. Wednesday, fair and warmer. Light northerly winds, becoming westerly.

IN MEMORIAM.

An Interesting Child Removed by the Grim Reaper From Earth.

Beverly Wortham, the only child of Mr. and Mrs. M. S. Brown, was removed from earth to his blessed home in heaven at noon, June 16, 1901, after an illness of five weeks. All that loving care and human skill could do to preserve the precious life was done, but it was unavailing. His mission to earth was accomplished, and he was called to an early reward.

Beverly was a very interesting child, the centre of affection in a large family connection, and it is impossible to tell how much of pleasure and benefit he gave to many hearts during his brief sojourn here. The words of the old Prophet, "a little child shall lead them," were verified in the life of this little child, for he led many hearts to the exercise of sweet and tender thoughts and kindly deeds.

Not expect that the sweet influences of his brief life shall still lead those who loved him to love that Savior, who loved and blessed little children? and to seek an entrance into that home above where the sweetest flowers of earth are gathered to bloom forever in the land of light and love? This earthly life was only thirteen months long, but the heavenly life will be eternal. The body was laid to rest in the Chestnut Hill cemetery, and covered with a wreath of flowers, while weeping friends took their last sad farewell. Rev. M. E. Parrish, of the Baptist church, and Rev. J. Rumples, D. D., of the Presbyterian church, officiated at his funeral.

'SQUIRE BAILES' RECORD.

Marries More People Than any Living Man.

Squire W. O. Bailes, of Pineville, P. O. N. C., Residence, York Co., S. C., writes us:

"If there is anybody in this neighborhood wanting to get married any time to notify or call on him. It is a perfect 'Bridal Tour' to go to see him. He has had more weddings this year already than any year previous. It is not unusual to see a half dozen couples get married there any Sunday. He marries over one hundred couples every year. He has married more people during the last four years than anybody on record. He is well known by his reputation. He lives just across the State line on the South Carolina side where they have no marriage license, anybody 15 years old can get married down there. He gets a lot of runaway couples. The Squire only charges one dollar, in your case that is cheap. He lives in an admirable situation, very convenient to, or one mile west of Pineville railroad station, N. C., and eleven miles south of Charlotte, N. C."

TRIBUTE TO THE KIRMESS.

A Veteran Carried Away With Its Brilliance.

EDITORS OF SUN: The Kirmess, which ran through four nights of the past week, met with the highest eulogiums. Visiting strangers were wonder-struck to see such talent and gorgeous apparel in any place outside of New York or other leading city, especially in the South. Those who are not interested in the cause, which is nearest to the Southern heart, can't understand the generosity of our people when called upon to assist the Lost Cause, which some people contend is nothing but a myth. O, if those who think this could see down into the inmost recesses of the memory of the people who suffered for this cause they would have their delusions soon dispelled. With our people it is not a dead issue with us it is a living memory and a sacred cause. It was not merely a sentiment but a living principle which will exist to the end of the world and will go down to the future ages in triumph and glory. Our patriotic women have undertaken a monument to our Confederate dead. The talented leader with her efficient lieutenants and the best people of the world to back and encourage their success is assured. VETERAN.

Hon. Theo. F. His near approach, however, to the election and not being a candidate makes the honor just as much appreciated.

DR. McNEILL WAS SHOT A MACHINIST BEATEN.

KILLED IN COLD BLOOD BY PROF. RANKIN.

The Latter Blamed His Failure of Re-election on Dr. McNeill and Laid in Wait for Him.

Yesterday's SUN stated that Mrs. W. L. Klutz had received a telegram announcing the death of her brother-in-law, Dr. George R. McNeill, of Dotham, Alabama. No particulars were received, however, but today's Associated Press gives the details of Dr. McNeill's death, which are horrifying. The dispatch says:

"Prof. W. A. Rankin, until Saturday the assistant to the principal of the Dotham Public Schools, today shot and killed Dr. George R. McNeill, principal of the schools, and then turned the revolver upon himself with fatal effect."

Professor Rankin was one of Principal McNeill's assistants last year, but on Saturday night, when a new faculty was elected, Professor Rankin was dropped from the list. Yesterday Professor Rankin tried to have the matter reopened, but without success. Meeting Professor McNeill this morning, Rankin killed him. Professor McNeill leaves a wife and three children. Rankin is unmarried and came here from Belle Buckle, Tenn.

He put the blame of his defeat for re-election on Dr. McNeill. Dr. McNeill went to the college building at half past 7 o'clock this morning. It is supposed that Rankin was waiting for him as the shots were a few minutes after. There was no witnesses to the tragedy. When the firing was heard a number of people rushed to the school building and were horrified to find Dr. McNeill's body in the main hall with the fatal wounds.

Prof. Rankin was found in his private room with a bullet hole through his head just behind the temple. Prof. Rankin was engaged to marry a popular young woman of Dotham.

A Medical Marvel.

Dr. W. L. Crump left last night for Baltimore where he intends to place Harold, the son of Mr. Julius Cauble, in Johns Hopkins hospital. It will be remembered that last fall young Harold cut his finger and from this, tetanus in its very worst form set in. The skill with which Drs. Crump and Stokes treated him, was nothing less than a medical miracle. There is no doubt that this was one of the rarest cases of lockjaw recorded to have recovered. Harold has since had pneumonia and is suffering with spinal trouble. Dr. Crump expects to be gone probably ten days.

The Machine Shop of Mr. P. H. Thompson.

The machine shop of Mr. P. H. Thompson was entered Sunday night and brass to the value of \$50 was stripped from an engine. So far there has been no clue to the thief. Only last week some one broke into Mr. P. A. Frercks' machine shops and stole about \$150 worth of brass. The shop of Messrs. Charles and George Mowery has also been entered several times recently and the thief each time seemed to be in quest of nothing but brass. And every trip was eminently successful. It is estimated that \$300 worth of brass has been stolen from the various machine shops here in the past 60 days.

MR. CONWAY REPLIES.

Says He Protects The Public. Don't Fence Kickers.

EDITORS OF SUN:—In answer to an article published in the last evening's issue of your paper I beg to state for the benefit of the public that Salisbury has a practical plumber for an inspector with 18 years experience, principally in large cities. For further proof of my ability look at work done in this town at the present time and look at work done previous to my appointment. The trouble pending is because I condemned an unsanitary piece of work done by said Citizen some time ago. Were I to pass work as he would have me I would be unworthy of the position the city authorities entrusted to me. I will state as long as I fill this position I will discharge my duty to the best of my ability regardless of anyone and particularly a man that don't know enough about the plumbing business to be a judge of a plumber or a piece of work when he sees it. My duty is to protect the interest of the public, not to please kickers.

T. A. CONWAY,
Inspector of Plumbing.
