## J. M. BRADY RETURNS. \$1,000 FOR MONUMENT COMMITTEE WRITES. BOARDS RECONSIDER. EXPLOSION KILLS 10. PULLING FOR LEMLEY. SOLDIERS HEMMED IN. MINERS AND GUARDS.

### SHERIFF JULIAN RETURNS WITH HIM.

Mr. Brady Says he Intended Making Settlement by July 1st. His Wife is in Augusta.

Sheriff Julian returned last night on the 10:30 o'clock train from Augusta, Ga., with Mr. John M. Brady, for whom he had a warrant for embezzlement. When the train pulled in here there was an immense crowd at the depot, composed chiefly of those who had gone through curiosity. Mr. Brady was taken from the depot to the jail, where he spent the night.

Mr. Brady was seen this morning by a Sun reporter but said that he had no statement to make with reference to the matter. He will ask for an early preliminary trial and believes that he will be able to arrange a bond.

Mr. Brady was married to the young lady who is now his wife the day after her departure from Salisbury and they have been living in Augusta since that time. He has had employment in a store there.

Mrs. Brady still remains in Augusta.

### THE KIRMESS CLEARS THAT AMOUNT.

The Managers Met Yesterday Afternoon and Found the Profits to be in Excess of \$1,000.

The managers of the Kirmess met yesterday afternoon at the residence of Mrs. Tiernan, and after transacting the business of the meeting, it was unanimously resolved to return in the fullest and most public manner their cordial thanks to all who have aided them to make the Kirmess a brilliant success, and to add one thousand dollars of clean profit to the Monument Fund.

They desire to express in a special manner their great indebtedness for the untiring labor and artistic skill of the director, Mr. James Wren. Without him the Kirmess would not have been a possibility. He not only trained the dancers, but designed each of the costumes, and created each of the beautiful pictures, the charming spectacular effects, which delighted the gaze. He has, also, added to these obligations by asking only a part of the (small) remuneration to which his labors justly entitle him, thus making one of the most liberal contributions yet made to the Confederate Monument.

The managers also wish to thank Mrs. Livingston for her faithful and admirable musical service, the performers in all the dances, who worked so earnestly to achieve the result which has delighted every one, the contributors to the booths, at home and abroad (for many of the most beautiful and valuable contributions were from abroad), the ladies who acted as saleswomen, as well as those who furnished refreshments and served them. To all of these, together with Mr. E. I. Frost, who generously wired the electric lights which added so much to the beauty of the spectacle, to Mr. Thompson for lumber kindly furnished, to all mechanics who gave their work, to Mr. James for livery service, to the press for much courtesy, and to the public which so liberally patronized the entertainment, they desire to return their warmest thanks and to express their sense of lasting gratitude.

### MR. NUSSMAN WINS.

A Verdict Given for him After 22 Hours.

Hon. Lee S. Overman and Mr. C. L. Nussman have returned from Concord, where they have been for several days. The jury in the suit in which Mr. Nussman was defendant rendered a verdict for the defendant yesterday. The Standard says:

The jury in the case of Robt. W. Safrit, by next friend Jackson Safrit vs. C. L. Nussman, after 22 hours deliberation, returned a verdict this morning in favor of the defendant, C. L. Nussman. This law suit grew out of the explosion several years ago of the boiler at Safrit's saw mill that did so much damage. Robt. W. Safrit claiming that the boiler was not as represented by Nussman. Able counsel appeared for both parties in the suit. Montgomery, Crowell and W. G. Means appeared for Safrit and Lee S. Overman and H. S. Puryear for Nussman.

Ryder, division superintendent. The letter will be referred by Capt. Ryder to General Manager Gannon. It reads as follows:

Salisbury, N. C. June 21st, 1901  
CAPT. W. B. RYDER, Supt.,  
Charlotte, N. C.

DEAR SIR: We, the undersigned committee representing the business interests of the town of Salisbury; being interested in the welfare of our community and realizing that in divers ways, the strike now pending of certain of your employes in this town, is detrimental to the best interests of our town, do most respectfully ask that you do all in your power to bring said strike to a close by any honorable means. Among those who are strikers are many who are property owners, and law abiding citizens, a class of people which the town could ill afford to lose. Anything that you may do which will tend to end the unpleasant condition by bringing the strike to amicable settlement will be deeply appreciated by the citizens and business interests of Salisbury.

### THE DISTRIBUTION OF SCHOOL FUNDS DISCUSSED.

A Larger Appropriation Will Probably Be Made for the School in the North Ward.

A joint meeting of the aldermen and school board was held last night at the city hall and the much discussed proposition to build a new school took a somersault and landed in a back lot.

The committee on site for a new school in either the South or East ward reported that it was not prepared to make any recommendation. The urgent need of the school in the North ward was then discussed and Superintendent Coon recommended the construction of five new rooms to meet the demands for next session. The question of a central school building was then discussed but on motion of Dr. Griffith the board decided to take up only the needed improvements on the North ward building at this meeting.

Much discussion followed as to whether the addition should be a brick or frame building. A committee was then appointed to investigate the needs at the North ward school and report at a meeting to be held Monday night. Another committee was appointed to investigate the feasibility of purchasing a central site for a school. Then the motion was made to reconsider the action by which the boards appropriated \$2,500 to the North ward school. The vote on this motion was as follows:

Aye: Messrs. Heilig, Coughenour, Shank, Vanderford, Rumpke, Henderson, Overman and Kizer.

Nay: Messrs. Weber, Swink, Wright and Julian.

The chairman declared the motion carried and at the meeting Monday night the distribution of the fund issue will again be taken up.

It was stated by one member of the board that it would be advisable at present to purchase only a site in the South or East ward on which to erect another building at some future date.

An appropriation will be made for additional facilities at the colored school.

### KICK ON SPECIAL TAX.

The Telegraph Companies Will Refuse to Pay.

The local managers of the Postal and Western Union Telegraph Companies have received from Tax Collector J. Frank Miller a statement of their privilege tax and there promises to be a lively tilt as the result of this statement. Both the local managers have received a reply from their main offices that according to the revenue act of 1899 no municipality has a right to collect any tax for more than the ad valorem tax on real estate and personal property owned in each town.

The companies will resist the payment of this tax but it is not known whether or not the city will stand a suit.

The amended charter of Salisbury, passed by the legislature of 1899, empowers the aldermen to levy a municipal tax on telephone, telegraph and electric light companies. Whether or not this power shall appear to or really conflict with the revenue act, which has the preference, is yet to be determined.
