## THE ARCANUM PICNIC.

### ARCANUM DAY IS APPROPRIATELY OBSERVED.

A Large Crowd Goes to Woodside to Observe The Day. Hon. Theo. F. Klutz Speaks.

Today is Royal Arcanum day and it has been appropriately celebrated throughout the country, but surely no council has so successfully contrived to give its members and their guests a more pleasant day than Salisbury council.

This morning at 11:20 o'clock the Yarkin train, with its special equipment, was crowded to its utmost with the Arcanum party, en route to Woodside, where the day was most pleasantly spent.

Before the train left the depot the Salisbury Cornet Band rendered several selections. The band was in good form and the playing evoked many compliments.

Arriving at the picnic grounds at Woodside the party dispersed and sought amusement in various ways.

Hon. Theo. F. Klutz, always a popular Arcanum speaker, was the orator of the day and delivered an eloquent address on the order's objects. The party will return to Salisbury at 7 o'clock this evening and it is safe to say that no pleasanter outing has ever been enjoyed by the members of the Arcanum than that of today.

### CREATION OF AN ARTIST.

A Beautiful Tapestry Painting by Mrs. J. P. Moore.

Mrs. James P. Moore, one of North Carolina's geniuses, completed last week a tapestry painting that ranks as one of the best creations of this talented artist.

The painting was a special order from Pensacola, Florida, and was executed with such rare skill as has given Mrs. Moore fame throughout several States as an artist.

The subject is a Pompeian street and the surroundings harmonize with the classic Pompeii of the past. One is reminded by the exquisite taste and perfect finish of this production, of the work of the leading artists of the day, and it is indeed gratifying that Mrs. Moore's talent should receive recognition so far away from home.

The painting was sent to Florida last night.

## A MAD DOG KILLED.

A Whole Animal Turned Loose on the Canine.

A mad dog—snapping, foaming, barking and biting at every turn—created a sensation on Main street yesterday afternoon. The dog was a large and ferocious looking canine and came from the direction of Chestnut Hill. When he reached the corner of Main street some one felled him with a rock but he got on his feet again and ran down Main towards the Western crossing. Here a volley was turned loose on him and he rolled over dead.

During his wild run down the street the dog bit several other dogs, all of which will probably be killed.

## SCHOOL FACILITIES.

### TWO NEW BUILDINGS AT NORTH WARD SCHOOL.

Structures for Temporary Purposes Will be put up. Options on Property in the South Ward.

A joint meeting of the board of aldermen and school committee was held at the city hall last night, the object of the meeting being to determine what action should be taken with reference to the needed increased facilities at the North ward school.

The committee appointed to look into this matter reported, through Dr. J. F. Griffith, the chairman, that they had inquired into the needs of the school and found that it would be necessary to present some definite plan to the board. Architect C. C. Hook, of Charlotte, was accordingly sent for and drew a rough sketch of two buildings that could be converted into dwellings in case the aldermen should ever determine to sell the North ward property. The plans of Mr. Hook were adopted and it was decided to have plans and specifications made in detail at once and award the contract for these buildings at the earliest possible date so that they will be ready for occupancy by September.

It was also determined to take options on certain property on Lee and Fisher streets, with the intention of building a central school on this site. Mr. T. H. Vanderford, Sr., was appointed to secure these options and the board will meet in about two weeks to decide whether or not the property shall be purchased.

An appropriation was made for additional facilities at the colored school in the South ward.

## THE STRIKE SITUATION.

### MR. GANNON TALKS ON THE SITUATION.

Says Things Will Resume Their Normal Condition in About Ten Days. Satisfactory Conditions Prevail.

General Manager F. S. Gannon, of the Southern Railway, was in Salisbury this morning en route to Knoxville, in his private car. He came in on No. 37 and was in conference here for a while with General Superintendent Sands.

A SUN reporter called on Capt. Gannon and was pleasantly received by him.

Asked as to the strike situation Mr. Gannon diplomatically replied: "That's just what I came down here to find out about." Speaking seriously he said: "The situation is very satisfactory to the Southern. The shops are filling up with machinists at all points."

Asked as to the situation at Knoxville, which is generally believed to contain more pro-strike sympathizers than any place on the system, Mr. Gannon said: "Everything is quiet at Knoxville and we are getting in machinists right along there."

"When do you expect to have your shops filled as they were before the strike?" I asked Mr. Gannon.  
"EVERYTHING WILL BE IN A NORMAL CONDITION IN ABOUT TEN DAYS," was his reply.

Mr. Gannon expressed his regret at the unfortunate occurrence at Columbia Saturday night in which strikers attacked the shops.

He left on Western 11 for Knoxville.

The funeral services were held from her home yesterday.

A Pretty Piece of Work.  
Mr. B. Eames' residence on Innis street is nearing completion and the painters and hangers are now putting the finishing touches on the work. When the house is completed Mr. Eames will have one of the handsomest residences in Salisbury.

## THE STORM'S DAMAGE.

### ONE OF THE TRAGEDIES OF THE STORM.

A Farmer Starts For His Home and Sees It Swept Away by the Raging Torrent.

Tazewell, W. Va., June 25.—The house of Paris Vandyke, four miles west of here in a gorge off the mountains, was washed away by the cloudburst. Vandyke heard the roar of water and started home from the field. When a short distance from the house he saw the water rushing down the mountain sides tearing up and twisting off giant trees as if they were shrubs. The water was leaping 40 feet high and traveling at a frightful speed. Vandyke rushed for the house to warn his family but the water overtook him and swept house and all its inmates away.

Two children five and seven years old, were instantly killed, their brains being dashed out against the rocks and timbers. Their bodies were washed to the lowlands. A little girl 11 years old holding her young sister in her arms was carried 200 yards. The little sisters were tossed up from the waters and both were picked up unconscious. Another member of the family died at 3 o'clock Monday afternoon. Mrs. Vandyke is still unconscious and cannot live. At Cedar Bluff, 16 miles west, 17 dwellings were swept away but no lives were lost. At Pounding Mill, four lives were lost. Knod, a small town two miles west, was almost completely destroyed by slides from mountains. No lives were lost. Ravens, a village 20 miles west, was considerably damaged, and many business houses were destroyed.

MR. WRIGHT'S LEG BROKEN.  
R. Lee Wright's Horse Falls on Him, Breaking His Leg.

R. Lee Wright, Esq., suffered a very painful injury this morning, which will keep him confined to his bed for several weeks.

He was immediately taken to the house and a surgeon called in. The broken limb was set and Mr. Wright is resting well this afternoon.

Mr. Wright had intended attending the Bar Association meeting at Wrightsville this week and his misfortune will be all the more regrettable since he is to be deprived of this anticipated pleasure.

## OVERMAN A FAVORITE.

### CABARRUS COUNTY FOR HIM FOR SENATOR.

A Lawyer Opposing Mr. Overman in a Case Tells the Jury Cabarrus favors Him for the Senate.

A wise politician of Western North Carolina stated to the Sun representative at the depot this morning that if the election for United States were to be held today Hon. Lee S. Overman would win a walk. He further stated that it was his belief that Mr. Overman would certainly win in 1902. The Concord Standard of Saturday, 22nd inst. says:

"Cabarrus people have had the pleasure this week of having Hon. Lee S. Overman with them. He has been attending court. Our people are very fond of Mr. Overman and as one of the attorneys said this week in a speech to the jury, 'We will be pleased to see the Hon. Lee S. Overman succeed Jeter C. Pritchard as United States Senator,' and the people of Cabarrus generally join in this wish."

The attorney who uttered the words above quoted was an opposing counsel to Mr. Overman and his remarks were addressed to the jury in the course of his speech.

## FOR STEALING BRASS.

Three Small Negro Boys Given a Good Whipping.

Charles Holman, Jake Holman and Jake Richardson, all colored and all small boys, were before Mayor Boyden yesterday afternoon charged with stealing brass from the various foundries and machine shops that have recently been robbed here. There was no doubt of the guilt of the youngsters and Mayor Boyden, considering their tender years, let them off with a sound thrashing.

Capt. Pace was deputized to superintend the ceremony and Officers Eagle, Torrence, Cauble and Monroe applied the strap with exhilarating vigor. The boys were then sent to their homes and cautioned to sin no more.

## MR. MILLS' RETIREMENT.

Various Agents Didn't Harmonize With Him.

Yesterday's Sun mentioned that Deputy Collector Mills would retire from the deputy collectorship of this division at the expiration of his commission. It is said that Mr. Mills and the agents did not always agree to that his retirement is due to this fact.

However this may be the government loses an excellent officer when Mr. Mills retires and we are glad to learn that he will probably be appointed to an equally good office.

Henry Snyder, his hired man, is under arrest as an accomplice. A partial confession has been wrung from the hired man which indicates that Buss struck the woman on the head, fracturing her skull, and then cut her throat and covered her body with a feather bed and several pillows. He poured kerosene on the mass and set it on fire. The fathers didn't burn and a neighbor's attention was attracted by the smoke. He put the fire out and discovered the body.
