## MIDNIGHT ASSAULT.

### TWO YOUNG WOODLEAF MEN AR- RESTED TODAY.

Charged With Breaking Out the Windows of Mr. George Jacobs at Verble.

Sheriff Julian received a telephone message this morning from Mr. George H. Jacobs, of Verble, asking him to arrest Wesley Gibbons and C. F. Barringer for destruction to his property between 11 and 12 o'clock.

Deputy Rice and another deputy went up to Woodleaf and arrested the two men early this morning bringing them in to Salisbury.

The facts in the case as stated by Mrs. Jacobs are: "About 11 o'clock last night Gibbons and Barringer called at our house after we had retired and called out that they wanted to buy a whip. [Mr. Jacobs runs a store in the same building in which he lives and delivers the mail.] I told them that we would not sell anything so late in the night and asked them to leave. When I made my request Gibbons began rocking the house and every pane in one window was demolished. Finally they left amid a shower of oaths and we had them arrested."

The dilapidated window that they had shattered was brought to town. The trial was held before Esq. D. M. Miller today. Gibbons has just recently returned to Rowan after serving with Uncle Sam in the Philippines.

After a hearing, Squire Miller bound Gibbons over to court under a \$200 bond and his companion under a \$50 bond. Mr. Jacobs also swore out a peace warrant against Gibbons.

## A RUPTURE OCCURS.

### INTERRUPTION TO SETTLEMENT OF THE STEEL STRIKE.

The Strikers Consider Morgan's Terms Humiliating and Decide to Fight to the Bitter End.

Pittsburg, Pa., July 31.—That an open rupture occurred in the peace negotiations in the sessions of the legislative board last night cannot be doubted. The board adjourned, it is said, to meet at the call of Secretary Williams, which is indicative that new terms will be asked and submitted at the next session or no session will be held. The belief is expressed that the officials are on their way to Cleveland to organize the Crescent Tin Plate Works of that city into the Amalgamated Association. At present there is nothing less than open defiance of the Morgan trust.

One of the local leaders said it is understood that the legislative body is more willing to continue the strike to a desperate finish than to accept the humiliating terms offered by Morgan through the national officers. In this stand it is said the members of the board are supported by the majority of the Amalgamated Association.
