SOWERS-COBURN.

A Pretty Home Wedding in Salisbury Last Night.

Last evening at 8:30 o'clock Miss Katie Sowers was married at the home of her father, Mr. Jesse Sowers, on Lee street near the corner of Council, to Mr. Frederick H. Coburn, of Greensboro, Rev. H. L. Atkins officiating. Only a few friends of the contracting parties were present and the wedding was simple and unostentatious in every detail, though beautiful in its simplicity. Many handsome presents were received by the young couple, both of whom are held in the highest esteem by a large circle of admiring acquaintances.

Immediately after the ceremony a supper was served, after which Mr. and Mrs. Coburn left for Greensboro.

Capt. Wiley Leaves

Capt. W. Murdoch Wiley left last night for New York City, where he will live. Capt. Wiley has been one of Salisbury's most valuable citizens and his departure will be a positive loss both to the business and social world. Mrs. Wiley will not leave for Europe until May and on her return to America will take up her residence in New York. She will be accompanied to Europe by Miss Annie Wiley and Master Samuel Wiley, the latter of whom will be present at the coronation of King Edward.

Miss McCubbins Entertains

Miss Mabel McCubbins gave a birthday party at the home of her father, Mr. T. J. McCubbins, on Council street last evening from 8 to 11 o'clock. The evening was spent in social enjoyments of rare diversity and during the evening delicious refreshments were served.

The young hostess received several presents from the guests.

Palmersville Not Sold

The Palmersville correspondent of the Stanly Enterprise says: "It is quite a mistake about 'our little town' being sold out as was stated in last week's paper. No land has been sold for some time and there are a great many that have not sold."

Two young men were arrested last night by Officer J. Robert Monroe while they slept on the shop train, which was standing in the yard. They appeared before Mayor Vanderford this morning and their cases were disposed of.

SMALLPOX SITUATION.

A Second Trip Being Made by China Grove Authorities.

Mr. J. N. Maxwell spent Thursday at China Grove and returned home last night. He says that the smallpox situation at China Grove is still serious and a second round is being made by the authorities to ascertain whether or not vaccination has taken on those who have submitted to it.

In one family near China Grove, Mr. Maxwell tells us, there are fourteen members, two of whom have smallpox.

Tramp's Arm Broken.

BIG RAILROAD WRECK

AN ACCIDENT ON THE GREAT EASTERN RAILWAY.

Two Were Killed and Fifteen Injured. Many Limbs Cut Entirely Off by the Broken Seats.

London, April 25.—As the result of an accident on the Great Eastern Railway at Hackney Junction today, two were killed and fifteen seriously injured. A hundred others were less fatally hurt. Workmen were on the suburban train and five hundred were aboard drawing to the junction when one of the forward cars broke, causing the other cars to jump the track and overturning the seats, which came together like scissors, breaking a number of legs and in some instances cutting limbs entirely off. The cars were wrecked and many of the seriously injured will die.

The Stanly Bond Case.

The petitions for writs of certiorari in the Stanly and Wilkes bond cases will come up for argument before the United States Supreme Court on May 5, and the decision will be handed down May 12. If the writs are granted, the case will come up for argument before the court sometime during its next session. If denied, the cases will be at an end and the counties will have to pay the debts.—Stanly Enterprise.

More Petty Thieving.

Salisburyans are easy marks for petty thieves these days and the thieves are confined usually to small colored boys. Yesterday afternoon Mrs. M. C. Gwynn saw a small boy returning from her kitchen just as she entered the yard. The boy landed a steak and a fish. He was not caught.

Big Catches of Fish.

The fish catch at the Falls and Narrows on the Yadkin this season is the largest for several years. Mr. Sam Kirk has made several handsome "hauls" at the former, and both places have been popular with the general public.—Stanly Enterprise.

A SPLENDID REMEDY.

A Mother Asks That Her Son Be Whipped By Officer.

John White and Joe Rogers Brown, the two young boys arrested yesterday on the charge of secreting themselves in stores and taking the contents of the money drawers, were arraigned before Mayor pro tem Vanderford this morning. There was a weak point in the evidence against Brown and Mr. Vanderford dismissed him with the injunction to cut loose from bad company. White admitted to his mother what she wanted done with him.

"Do as you like," she replied. "If I do as I like," replied his Honor, "I will send the boy to jail until court. I am asking you this question to give your boy a chance."

White's mother then made a request that the boy be whipped and Officer Eagle was delegated to administer the punishment. He laid 20 on in approved style and the boy screamed at every blow, promising forever afterward to be a model of rectitude.

At the conclusion of the whipping the boy went home with his mother.

The judiciary of the municipal government has effected reforms beyond expectations among the youthful offenders by this method of punishment, which is always approved by their parents in advance of the punishment.

JUDGE CLARK WILL REPLY.

An Expression of Opinion as to Charge Against Him.

All the talk in political circles here yesterday and today was Maj. J. W. Wilson's letter in opposition to Judge Walter Clark.

The Raleigh Post of this morning says: "The letter of Maj. James W. Wilson published in The Post yesterday morning was the leading topic of conversation in the city yesterday. The general verdict was that the charges were of a very serious nature. To this there was not a single dissenting opinion, but there was much speculation as to what the results would be. Some people were inclined to believe that the charges would aid Judge Clark in his candidacy, as it is claimed other articles opposing him have done. There were others, and a large majority, who declared that unless they are disproved the charges will seriously handicap Judge Clark in the race for Chief Justice."

A Post man asked Judge Clark if he desired to make a reply to the charges, and tendered him the use of the columns of the paper for that purpose. His reply was brief and is as follows:

"The proper notice will be taken of the matter at the proper time, and I will be very glad to accept your courtesy when the time arrives."

He's a Gallant Turk.

The Express Company brought in a bronze turkey gobbler today from Mr. P. W. Brown, of Salisbury, to Mr. H. H. Blackwelder, No. 5. That is a specimen of bird to delight the epicure. His weight is about 50 pounds, judging from feeling him and guessing at the weight of the crate and subtracting it from 65 the aggregate for express charge. Any how it is more turk than an ordinary feasting sultan could dominate.—Concord Standard.

A GHASTLY SPECTACLE AT A HANGING TODAY.

The Prisoner's Head Spins Upward And His Headless Body Falls to the Ground.

Newark, N. J., April 25.—The hanging of Henry Schaub in the jail here today was the most ghastly spectacle in the history of the prison. Schaub's head was jerked off and went spinning through the air while the quivering body dropped from the scaffold with a soft concussion that turned strong men sick. Undue anxiety on the part of the sheriff to have a successful execution was the cause of the spectacle. Schaub killed his wife and baby last June.

AFTER BEEF TRUST.

THE ATTORNEY GENERAL WILL PUSH HIS CASE.

Attention of the President Brought to the Frequent Violations of the Anti-Trust Law.

Washington, April 25.—It is expected here today that Judge William A. Day, who has been acting special assistant attorney general, will go to Chicago to assist United States District Attorney Solomon Betha, of that place, to draw a bill in equity as a precedent to the application for an injunction to restrain the members of the beef trust from operating under their combination. Attorney General Knox refused to discuss the matter of procedure in the prosecution further than was given out in his statement of yesterday, but the language of that document indicates that an application for temporary injunction will be immediately pressed before the court in Chicago district, to substantiate which a bill of equity reciting all the facts of violations of law, which can be substantiated, will be presented. It is said today that Knox's action will result in Roosevelt insisting that action be taken against the beef trust, as the President has been repeatedly warned that disaster would come to his political fortunes if he remained silent while the trust forced the prices of meat.
