SALISBURY, N. C., June 3, 1903.

EDITORIAL SQUIBS.

Guilford county recently voted a large issue of bonds for building good roads; Iredell county has just bought improved road machinery.

And when the money is available the commissioners of Rowan should see that the work of improving the roads is done systematically.

The business men of Salisbury deserve commendation for closing their stores at an earlier hour than heretofore.

A Toronto banking concern failed yesterday with liabilities aggregating the modest sum of \$10,000,000.

The Wilmington Star thinks Judge Parker and Senator Gorman are the two most available men for the Presidential nomination.

We have no doubt in the world that Rev. Dr. Hillis is pleased at the attacks being made upon him for his recent truthless criticism of the South.

TO-LO-TAN CURES CATARRH.

There exists in the world a race antagonism that no consideration of right or justice will overcome.

TO-LO-TAN CURES CATARRH.

The Protestant Episcopal diocesan convention of Long Island agreed with Bishop Burgess, by a vote of 94 to 28, that "it is un-called for and inexpedient to make any change in the present title of the church."

Cuts, Bruises and Burns Quickly Healed. Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment.

No Sectionalism Now.

If one needed any proof that all sectionalism in the South were dead, he could have found it in Asheville yesterday.

The Decoration Day exercises were attended by wearers of the blue and gray alike.

The orator of the day was General Julian S. Carr, commander of the Confederate Veterans' Association of North Carolina.

General Carr's speech was one that touched the heart of every old soldier present. He paid a splendid tribute to the bravery of both armies, did perfect justice to the cause for which each fought and held his hearer's closest attention as he recited some of the deeds of Federal and Confederate in that greatest war in the annals of time.

"I feel that as he was the hero in the war that fought the bravest, so he is the hero now who puts the past in its truest light, does justice to all and knows no foe but him who revives the hates of a bygone generation."

Verily the time has come when there is no North, no South and Federal and Confederate are honored alike for their bravery.—Asheville Citizen.

Big Hail Stones.

The Charlotte Observer wants to know "how come" the hail stones so much larger than usual in North Carolina this year, and mentions the report which made them the size of lemons and goose eggs.

Didn't Fool Around Any at All.

As soon as Mr. Cleveland told all he knew about the persecution of the Jews in Russia, he went right back to his bait gourd.—Richmond Times-Dispatch.

The Straight and Narrow Life.

It is proposed by some capitalists in New York to erect a seven-story building on a lot 26 by 40 feet. It will be the "skinniest" skyscraper in that city of headlike construction.

Five Battleships a Year is the Administration Policy.

Five battleships a year is the administration policy, as given out by the secretary of the navy the other day.

Since the killing and mangling in that Paris automobile race they are calling the autos "devil wagons" over there.

TO-LO-TAN CURES CATARRH.

The bureau at Washington is not running its weather on schedule time this year. A pretty thing, indeed, to give us "sheep rains" in June.—Winston Sentinel.

Cures Blood Poison, Cancer, Ulcers, Eczemas, Carbuncles, Etc. Medicine. Free.

Robert Ward, Maxey's, Ga., says: "I suffered from blood poison, my head, face and shoulders were one mass of corruption, aches in bones and joints, burning, itching, scabby skin, was all run down and discouraged, but Botanic Blood Balm cured me perfectly, healed all the sores and gave my skin the rich glow of health."

A TERRIBLE THING.

MANY HAVE SUFFERED IN SALISBURY BUT THERE'S A QUICK WAY OUT.

Nothing more exasperating, more annoying, more terrible than itching piles. The sufferer is not well enough to work and is not sick enough to go to bed.

John Steele, the well known policeman who is the oldest officer on the force, residing at 610 Clay street, tells the following which will interest people in Salisbury.
