Whole Hanna Faction May be Dislodged. Lodge May be Chairman.

Washington, June 24.—Republicans who profess to know the plans of the President express the belief today that the next Republican national convention be dominated and controlled by Senators Lodge, Foraker, and other pronounced Roosevelt men.

The whole Hanna faction and his particular friends will have to take a back seat. Lodge is to be selected chairman instead of Hanna because the latter would not want to go back on Perry Sheath on the postal scandal and his action in Ohio hurt him in the President's eye.

London, June 24.—A letter from St. Petersburg received today, tells of a conflict between the Czar and his ministers which has reached an acute stage.

The minister of foreign affairs, Lamsdorff, recently handed in his resignation. The Czar because the latter scathingly commented upon the Kishineff massacre refused to accept the resignation, but insisted upon Lamsdorff's keeping his colleagues under better control.
