EDITORIAL SQUIBS.

If the Southern's fast mail No. 97 keeps up the record it has had since the train was put on, the Southern can very easily afford to give up the government subsidy and take off the train.

The President returns to Washington this week. Wonder if he tot's a pistol in the capitol city.

Asheville aldermen have just returned from Newport News, where they have been inspecting the bitulithic streets and they are as enthusiastic over the streets as Mayor Boyden, of Salisbury. The only sort of street worth having is the best and if the bitulithic is what is claimed for it seems to be the street Salisbury needs.

Hugh McLaughlin, the undisputed master of the political situation in Brooklyn, is usually long headed, but his wits seem to have deserted him since George B. McClellan became an avowed candidate for the Democratic nomination for mayor. It looks like McLaughlin will be nominated without the old warrior's aid.

The reunion edition of the News and Observer relating to the reunion of North Carolinians at Greensboro on October 12th is just what might have been expected from that progressive paper.

Chairman Dick, of the Ohio Republican committee, is a convenient friend for Senator Hanna but if the senator had really desired a joint discussion with John H. Clarke, the Democratic nominee for senator, Dick's opinion would have had no weight with him. It looks like the Ohio Republicans are on the run.

Dr. J. W. Roberts, formerly president of the Wesleyan Female College at Macon, Ga., has retired from the ministry. It is said that he was separated from his wife and is paying attention to a young woman. A profound sensation in Georgia church circles is the result.—Wilmington Star.

A speed of 106 miles an hour was attained by an electric car on a German road recently. It is said by the engineers in charge of the experiment that 125 miles an hour will eventually be reached.

A Remarkable Record. Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by James Plummer.

Two Deaths From Yellow Fever and Several New Cases.

Laredo, Tex., Sept. 27.—Two deaths and several new cases were reported today. This city now presents a dead appearance, all those who could get away having departed for points north of the State of Texas, and for points South. It is estimated by the authorities that nearly 4,000 people have fled from here since the beginning of the yellow fever scare and the later development of the disease.

The city is now quarantined against in all directions of the State, and no person can get beyond the limits of Bibb county, other Texas counties having established a shot gun quarantine and are turning back all those who are endeavoring to get away in coaches, buggies and carts.

Tampico, Mex., Sept. 27.—Five new cases of yellow fever have appeared here, and they are of a mild form apparently. Houses numbering 116 were disinfected today and the authorities are uniting their efforts to kill the plague. A close watch is being kept on the patients.

Woman Suffrage.

"Why don't women vote?" asks the Syracuse Post-Standard. The answer is easy: Because they don't want to.—Rochester Post-Express.

The above answer may embody the truth. We agree that the best and most attractive class of women do not want to vote. And yet we do not believe the answer as given above is the best one to be made. In the last analysis of a vote, it involves an obligation that a woman is not prepared to discharge. A musket is the companion piece of every ballot; every man who votes ought to be willing to fight for the principle which he supports with his ballot. Admitting this to be true, the incompetency of a woman is at once apparent. The true man is unwilling that the true woman should be subjected to any such an unnatural obligation.—Raleigh Times.

Archbishop Kain Has Appendicitis. Baltimore, Sept. 27.—Late this afternoon a consultation of three eminent physicians of this city was held at St. Agnes' Sanitarium and decided that a preliminary operation probably will be performed on his grace at an early date. The archbishop had made arrangements to go to his home in St. Louis, next week, but owing to the serious turn in his condition he has changed his plans.

The Iowa man who advertised that he would tell people "how to get fat for \$5," of course caught a good many suckers. He replied that they might "get it at the butcher's." The man was arrested.

No matter how swelled a man's head is he never thinks he is of as much importance in the world as his wife does.

No self-respecting man cares to make love to a girl who makes love to a pet dog.

Rev. Antonia Scialla, a missionary from Rome, by the direction of Pope Pius X, has come to the United States to become a missionary among the Italians.

Citizens of Savannah, Ga., are burdened with a tax rate of \$14.50 for every \$1,000 worth of property owned.

A TERRIBLE THING.

MANY HAVE SUFFERED IN SALISBURY BUT THERE'S A QUICK WAY OUT.

Nothing more exasperating, more annoying, more terrible than itching piles. The sufferer is not well enough to work and is not sick enough to go to bed. In constant torture it seems to him that he must go mad with relief and cure for all sufferers in Doan's Ointment. Salisbury proof of this: John Steele, the well-known policeman who is the oldest officer on the force, residing at 610 Clay street, tells the following which will interest people in Salisbury: "I procured a box of Doan's Ointment at the Salisbury Drug Store and used it. I had suffered for years from itching hemorrhoids and at times the itching was so severe that I thought I would go crazy, and I could not get anything to relieve me. I can say that the first application of Doan's Ointment I received and in a short time I was completely cured. It is a great remedy and I gladly allow you to use my name as one who endorses the claims made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SIMPLY BREATHE IT. A Few Minutes Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the water that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treatment should effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and always all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1.00, and if after using you can say that it has not helped you, Theo. F. Klutz and Co., will return your money. What other treatment is sold under a guarantee like this?

No family should be without it. It is very penetrating and immediately dispels all pains, purely vegetable and perfectly HARMLESS to the smallest infant.

Twenty drops in a half tumbler of water will, in a few minutes, cure Croup, Pains, Sour Stomach, Indigestion, Heartburn, Sick Headache, Diarrhoea, Dysentery, Colic, Wind in Bowels and all Internal Pains.

Study the labels on the bottles for its use in most every ailment when there is pain. Can be used with other medicines, not interfering with their action except with benefit, possessing Magnetic Ingredients. Rubbing the Spinal Column and Soles of the Feet with the Liquid Electricity Charges the System with Electricity and Magnetism.

IT KILLS THE GERMS OF DISEASE, thus curing Malaria, all kinds of Fevers and Diphtheria. It braces and fortifies the system, curing Nervous and Physical Debility, gives strength, tone and vigor to the system.

For Consumption, Asthma, Bronchitis, Coughs and Colds mix LIQUID ELECTRICITY and molasses, making the best Cough and Lung Syrup. Teaspoonful several times a day. See labels for preparing.

Fever of all kinds—Bath the Head and Chest and lay on cloths wet with warm LIQUID ELECTRICITY.

For sale by Isenhour & Bean, T. F. Klutz & Co., Edwin Cuthrell, James Plummer, Spencer Drug Co., Salisbury Drug Co., Higgins Drug Co., Cornelison & Cook,

Business Change

We have leased the Foundry and Machine Shop of the Salisbury Supply & Commission Co., formerly operated by J. H. Swaim. The machinery has been thoroughly overhauled and some new additions made. Consequently we have the best equipped shop in the city, and are prepared to promptly fill all orders entrusted to us. We do all kinds of repair work, make all kinds of castings, soft or grey, iron or brass. We deal in new and second hand machinery, engines, boilers, saw mills, cotton gins and presses. G. W. Reed, who has been with P. H. Thompson for past 7 years is general manager. He will be pleased to communicate with anyone desiring anything in our line. Charges reasonable and satisfaction guaranteed. Very respectfully, Reed & Miller. Phone 8.

Plenty of Rush

Plenty of help and plenty of skill enable us to do laundry work of a very superior grade. All goods are subjected to a thorough cleansing, but without injury to fabric, and then finished in a manner which is at once beautiful and satisfactory. The SALISBURY STEAM LAUNDRY stands at the head by reason of its perfect work.

We are showing the largest line of Shirts of any house in town and our 50c line cannot be beat for the money we are offering them at.
