SALISBURIAN KILLED.

HENRY KAFITZ HIT BY A TRAIN.

Was Formerly a Barber in Jackson's Shop Here.

Henry Kafitz, formerly a barber in Jackson's shop here, was killed by a Southern train in Danville yesterday. Kafitz is best remembered here as a cornetist in the Salisbury band and his talent would have commanded a situation at any time. Before coming to Salisbury he had been connected with several circus bands.

A Danville special to the Charlotte Observer says of his death:

Henry Kafits, a Swedish barber, was killed by an engine in the yard of the Southern Railway, at this place, this afternoon. The man had been drinking heavily, and attempted to cross the track in front of an engine that was making up a Southern fast train. Railway officials, who were eyewitnesses to the tragedy, tried to dissuade the man from crossing the tracks in front of the engine, on account of his drunken condition, but to no avail. The body of the man was cut in half across the chest, all the wheels of the engine passing over him. Death was instantaneous. The body was taken to an undertaking establishment, and was there prepared for burial.

TWO SAVED FROM WRECK.

Conductor Boone and Flagman Killian Both in Asheville.

Mr. Killian shows all too plainly yet the result of the wreck. His face is badly skinned and swollen and a bandage over the forehead conceals a long gash inflicted there. Besides these cuts about the face and head Mr. Killian was considerably bruised about the body.

Conductor Boone was more fortunate than Mr. Killian and with the exception of his right arm being painfully hurt came out of the wreck in good shape.

DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own Method Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50c. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Kluttz & Co. have sold a great many Hyomei outfits and the more they sell the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.
