Upon a Sound Foundation

We have built a reputation and a business which are second to none. Pure drugs, accuracy in compounding, promptness and moderate prices have made this the most reliable drug store in the city. The efficacy of the prescriptions made up here is due to the freshness of the ingredients used in the composition. All the well known Proprietary Medicines at regular prices.

A Traveling Man Gets in Trouble and Deserts His Family.

Mr. W. W. Burroughs, formerly a clerk for J. G. Hood & Co., in Charlotte, but lately traveling salesman for the Knight Clothing and Manufacturing Company, of Lynchburg, appears in the role of a wife deserter. He lived at Greenwood, S. C., with his wife and two boys. He left them a few days ago without any apparent cause, but wrote his wife a letter saying that he was forced to leave the country. In this letter he requested her to return to her father's home and send the boys to the home of his parents, in Asheboro, Randolph county, this State. He left his wife without a cent. The people of Greenwood made up a purse for her and she arrived in Charlotte yesterday on the way to her home in Richmond county. The two boys were sent to Asheboro. The Observer learns that Burroughs' troubles were caused by speculating in cotton.—Charlotte Observer.

When the winds of October send the sere and yellow leaves to the ground, the good housekeeper thinks of putting the house in order for the winter. Nothing is so cheerful in a room as a few nice pictures. Buerbaum has on hand a large stock of new mouldings and will frame any picture in good style and at short notice. Finch has been a great game and is holding its own; Buerbaum has a large stock on hand as well as other new games. The great new game called PIT, and very fascinating Bibles and Testaments; fountain pens and fine stationery.

Beggars.

The begging nuisance is not a very serious one in this city, but occasionally pedestrians along Boyston street in the evening are accosted by tramps or beggars. Philadelphia has just undertaken to remedy the begging evil in that city by rigorous treatment of this class of individuals. There is no lack of evidence that the support given to beggars by kindly disposed people or by those who will give a few cents to be rid of the beggar and satisfy a cheap vanity are largely responsible for the nuisance. Modern society undertakes to provide shelter and protection to those who are really in need and deserving of help, and really believes it does so. The only thing that will effectually dispose of the nuisance is to have the public act together in refusing individual support, while directing the needy and deserving to the proper agencies for their assistance, and then maintaining these generously.—Boston Transcript.

Some men are praying God for a big harvest, but they don't think it worth while to enlarge the barn.

Miller by Mrs. Lucy E. Rosebrough by deed registered in Book of Deeds of Rowan county No. 92, page 150. This Dec 3, 1903. ARTHUR D. DAVIS, Commissioner Overman & Gregory, Attys.

LOST SWEETHEART; WILL D.E.

Brooklyn Youth, Disheartened by Rejected Love, Takes Carbolic Acid.

When his sweetheart began to discourage his attentions, George Huent, a good looking young man 22 years old, of 326 Melrose street Brooklyn, became disheartened and decided to die. While all alone in his room yesterday afternoon he attempted suicide by drinking carbolic acid. He lies on a cot in the German Hospital unconscious. Two bluecoats sit near on guard. The police learned that Quent was engaged to a pretty typewriter who resides in Manhattan. Last Sunday he visited his sweetheart, and it is said she told him not to visit her any more. Yesterday afternoon Mrs. Quent happened to go into her son's room and on the floor she found George in agony. He was quickly removed to the hospital. He may die.—New York News.

Robbed Hotel Guests.

Two white men named Sartin and Williams, from High Point, went to Greensboro last week and put up at Clegg's hotel. Soon afterward they were found robbing the rooms of other guests of clothing, etc., and stolen goods were found in their possession. After they were arrested they put up the customary excuse, saying they were drunk and did not know what they were doing. They were bound to court in a bond of \$50 each, gave bond and were released.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take both adults and children like it. Buy it and you will get the best. It always cures. For sale by Jas. Plummer.

The Trinity College boys did a fool thing when they burned Josephus Daniels in effigy. But the fact that they are college boys of course robs the incident of any great seriousness. They will all live to regret their conduct.

A young lady went into a well-known establishment a few days ago and said to the shopwalker: "Do you keep stationery?" "No, miss," replied the shopwalker; "if I did I should lose my job."—Tit-Bits.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the child becomes hoarse. This is soon followed by a peculiar rough cough Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by James Plummer.

Are You Aware

that in the course of one year the balance wheel of your watch makes 157,680,000 revolutions.

Think Of It.

In time the oil gums, produces friction and wears the delicate bearings destroying their high finish and perfect fit, thus ruining an accurate time piece. An ordinary wagon is greased daily, a sewing machine should be oiled several times daily when in use, a railroad engine is oiled usually every hour. Your watch only needs oiling once in a year or 15 months. Any machine from a plow to a watch needs attention. Let us examine your watch or clock; an honest opinion from us will cost you nothing.
