ODD FELLOWS' NIGHT.

ANNIVERSARY MEETING HELD.
The Opera House Crowded at Last Night's Meeting.

The lower floor and both side galleries of Meroney's opera house were well filled last night when the celebration incident to the 85th anniversary of Odd Fellowship began. Odd Fellows and the wives of Odd Fellows as well as invited guests outside the order manifested the keenest appreciation.

John L. Rendleman, Esq., then as introductory speaker announced the presence of Rev. W. R. Waro, who offered the invocation, supplicating special watchfulness over the widows and orphans. Mr. Rendleman, at the conclusion of the prayer, spoke eloquently of the fundamentals of Odd Fellowship and at the conclusion of his address introduced Mr. W. R. Barnes, of Atlanta, who in a speech of 45 minutes delivered a speech of force and convincing power. Although recently from a bed of sickness Mr. Barnes gave to the order physical enthusiasm that lent added weight to the subject matter. He was followed by Mr. J. M. Julian, who spoke upon fraternalism.

Mr. A. Saleeby was one of the star attractions of the evening, sang in his mother tongue and an exhibition with sword and shield. Mrs. Harris Atwell at the piano rendered excellent music.

At the conclusion of the program refreshments were served. The evening was an event in the history of Odd Fellowship in Salisbury, demonstrating, as it did, the numerical strength of the order and presenting an opportunity to set before many who knew nothing of it or its virtues.

Swallowed a Piece of Steel While Drinking Water.

Mr. Henderson Stewart, son of "Cap" Stewart, of Davis county, died about 11 o'clock today at the boarding house of Mrs. Holder on the corner of Inniss and Shaver streets.

Two weeks ago the young man, while drinking water, swallowed a small piece of steel and the trouble resulting caused him to come to Salisbury for treatment. He was apparently every much improved though to friends he complained of a pain in his chest, which in view of his death is construed to have been a heart affection.

This morning Mr. Stewart left his boarding place for a walk and greeted a number of friends who since his death have remarked upon his cheerful disposition. Shortly after his return to his boarding house he was heard groaning in his room and a physician was immediately sent for. The young man only lived about 30 minutes after his illness was discovered.

ASSAULTED A COW.

An Unusual Case in the Asheville Police Court.

Asheville, N. C., April 26.—A peculiar and unusual case was disposed of in police court yesterday in which a milch cow played a very conspicuous part. The case was that of State vs John Tipton, a resident of West End. Mr. Tipton was charged with assault on a woman through a cow. According to the evidence a Mrs. Coleman was leading her cow through Mr. Tipton's premises, and the latter told her to get off road take the cow with her. The man evidently did not think that Mrs. Coleman was obeying his command with sufficient dispatch, so he kicked the cow in the side. The animal lunged forward, striking the woman and knocking her down. Mrs. Coleman's husband later swore out a warrant for Tipton, charging him with assault. The case was tried before Judge Jones and Tipton was found guilty. The judge did not put a fine on the defendant, as the assault was an indirect affair, but allowed him to go his way upon payment of the costs.

ATTEMPT TO BLOW UP SHIP.

Sensational Story Afloat at Cronstadt of the Actions of a Stranger.

Cronstadt, April 26.—A sensational story is afloat here of an attempt to destroy the battleship Alexander III. According to the reports a sailor saw a stranger, wearing the uniform of an officer, going down into the engine room of the battleship, followed him, saw the stranger attaching something connected with wire to the dynamo. After the stranger had left the sailor examined the attachment and found it to be a bomb. The sailor at once cut the wires, ran up on deck to tell what had happened, and found that the stranger had nugged himself. The crew of the Alexander III, it is added, were instructed not to speak of the occurrence, and it is said that the stranger was a mad man or a member of some revolutionary organization to whose lot it had fallen to blow up the Alexander III.

A BIG SHIP ASHORE.

CANNOT BE REACHED TODAY.
Signals Show Many Passengers Aboard All May Be Lost.

Holly Beach, N. J., April 27.—During the fog early this morning a big ocean steamer, the name of which is unknown, ran ashore near the brigantine beach and lies in the force breakers. The life saving crew of the brigantine station made several attempts to launch the life boat through the breakers but was unsuccessful. An attempt to shoot the life line also failed on account of the high wind. From signals it is inferred that the steamer contains a large crew and many passengers and that it is in a dangerous position. It is believed the ship was blown out of its course by a high wind and lost its bearings in a fog.
