At a meeting last night of those in charge, it was finally decided to hold the eighth annual picnic of the Spencer shops employes in Charlotte on the 28th of May.

An executive force consisting of the following gentlemen was elected: J. Frank Barber, chairman; Bismarck Capps, secretary; M. A. Shank, treasurer; R. L. Julian, U. J. Barrier, J. R. Thomas, J. C. Blackwell, G. G. Pool, J. T. Morgan, W. F. Smithdeal, E. C. Fish and E. L. Heilig, executive committee.

MR. SWICEGOOD PROMOTED.

Mr. Preston Swicegood to Become Agent at Buford, Georgia.

Mr. Preston Swicegood who has been chief clerk to the Southern's agent here for several years, has been promoted and will become agent at Buford, Georgia, May 15. He will leave with his family this week for Buford.

Mr. Swicegood is succeeded by Mr. J. L. Fisher, who has been cashier and Mr. J. B. Lanier takes Mr. Fisher's position. All these promotions were made on meritorious considerations.

SUES FOR \$10,000.

A Suit Against the Southern by Capt. Blair's Estate.

The estate of the late Capt. J. T. Blair has instituted suit against the Southern Railway Company for \$10,000, through Messrs. Overman and Gregory.

Capt. Blair, it will be remembered, was conductor on the ill-fated fast mail No. 97, which went through a bridge near Danville last September. The suit has been brought in a Virginia court.

A Big Mortgage.

Perhaps the biggest mortgage ever recorded in Harnett county was that recently given by the Atlantic & Western Railroad to the International Trust Company, of Boston, for \$3,000,000. This road is being built from Troy to Goldboro, and when completed will mean much to the people of this section. We learn that work on this road will commence at once.—Harnett County News.

A Case of Destitution.

"News, Capt. Welch?"
"Yes."
"What is it?"
"Not a penny in my pocket."
This interview, which was actually given this morning, will produce profound regret among dealers in real estate and live stock and managers of baseball and football teams et cetera.

To International Convention.

Mr. Charles L. Caudle, representing the Charlotte division and Mr. W. J. Holton, of the Danville division, will leave next week for Los Angeles, California, where they will attend the International Convention of the Brotherhood of Locomotive Engineers. Mrs. Caudle will accompany them, and they will be away about six weeks.

Frost Killed All the Truck.

The report from the country districts is to the effect that the frost has killed all the truck. Potatoes which are the hardest are ruined and of course the smaller and more tender vines have been likewise affected. Some farmers came to the city Friday to order new seed by telegraph. Their supply was lost.—New Bern Journal.

Club Meets Friday Night.

There will be a meeting of the Mother's Club at the primary school at 4 o'clock Friday afternoon. All members and those desiring to become members are urged to be present.

Notice!

At a call meeting of the aldermen of East Spencer it was resolved that under the general election law of 1901 no election will be held in East Spencer this year.

TO HONOR BRAVE SONS.

D. OF C. IN SESSION YESTERDAY.

The Pink Granite Decided Upon for Monumental Purpose.

Mrs. John S. Henderson, president of the R. F. Hoke Chapter, United Daughters of the Confederacy, called the daughters together for a business meeting at the Central hotel yesterday afternoon. The number in attendance was large, and the interest in the work, earnest and gratifying. The Chapter decided to hold monthly meetings, and the first Thursday in each month was set apart for these meetings, which are to be taken alphabetically. The first meeting will be held with Mrs. T. B. Beall. It was also decided that a series of entertainments would be given by every member of the Chapter, each member in turn giving an entertainment to suit her individual taste, and to select assistance from other members as may feel disposed. These entertainments are to raise money for the monument fund.

The president read a gracious acknowledgment for donation to the Hampton monument for a South Carolinian. An appeal was made by a committee from Wilmington, N. C., for the George Davis monument. This was endorsed by Mrs. Henderson and Mr. Tjernas. Mr. George Davis having given valuable and noble service to the Southern Confederacy, being a member of the cabinet and the last Attorney General of the Confederacy and a man of the old South. Ten dollars were donated by the Chapter to this fund, and Mrs. Beall, president of the Southern Confederate Chapter, gave \$1.00 also.

The chairman of the monument committee made a gratifying report, showing the amount of funds that had been raised, and that on hand for the Rowan Confederate Monument \$5,167.40. Thus one-half of the expense of the monument has been raised and it is only one year since the contract was given.

The Balfour Granite Company has submitted specimens of the beautiful pink granite from the Rowan quarry, and the Chapter has settled on the pink granite for base and pedestal for the monument. The Balfour Company have offered most flattering terms for this pedestal, and the Chapter hope at no distant day to erect the pedestal which will support a beautiful symbolic bronze figure. Thus Rowan soldiers are to be honored in this monument in the granite from their native county which will stand a perpetual acclaim to their deeds of bravery and heroism.

This will be gratifying to the old soldiers and all patriotic citizens who love home and country and Rowan County.

"And where the heroes fell,
The very rocks shall raise their heads,
Of their deeds to tell."

VOTERS SAVING THEMSELVES.

Are Hurrying in to Pay Their Poll Tax.

If persons liable to poll tax continue to settle tomorrow and Saturday as they have for the past four days, but few voters who care to vote in Rowan county will lose their franchise. It should be remembered by all who wish to vote that Saturday is the last day, on which poll tax can be paid.

Saw Mill Burned.

Our Hannersville correspondent writes us that on last Wednesday night Hepler & Fine's saw mill was destroyed by fire. The fire originated in a saw dust pile and is supposed to have started from a spark that had been blown from a tract of burning woods. Mr. J. R. Plummer was burning off new ground; the fire got beyond his control and burned over 150 acres. A fortunate change of the wind saved thousands of feet of cut lumber and the residence of Mr. Charles Plummer.—Davidson Dispatch.

THE RECITAL.

A Little Child Suggests a Benefit Performance for Orphans.

The recital to be given at the Neave Music School Friday night for the benefit of orphan children was inspired by a beautiful sentiment. In a little note Mrs. Neave says:

The Silver Tea, recently given at Mrs. E. B. Neave's for the benefit of the Thompson Orphanage at Charlotte, suggested a music recital for the same purpose. Speaking to a number of children of the needs of those parentless waifs, whose support depends entirely on "cold charity," one sweet little girl came forward with 10 cents in her hand saying "Daddy gave me this for icecream, but I'll give it to the orphan;" the other little ones said, "we will too." They were told that the better way would be to earn the money by practicing well for a recital, and ask that those friends who heard them play and felt so disposed, throw in a small coin, if only a penny; thus they could feel that they worked for what they gave.

The seating capacity of our concert room being limited, it would be well to suggest that neither small children nor "large hats" can be accommodated, and that perfect silence during the performance is desirable.

REPORTS CONFLICT.

JAPANESE DEFEAT IS CERTAIN.

So Says One Report and Another Gives Contradictory Testimony.

London, April 28.—A Reuter telegram from Chefoo reports that the Japanese have occupied Kujingeheng, on the right bank of the Yalu, south of Antung. It is believed that Japanese succeeded in flanking the Russian forces, whose right wing is at Antung.

There seems to be no longer any doubt that the Japanese crossed the Yalu and now have part of their forces on Manchurian territory. Coinciding reports from various sources confirm the report. A statement of the number of Japanese is very conflicting. The figures given vary from ten to one hundred thousand. One telegram says one hundred thousand Japanese are marching on Mukden. It also states that the Japanese outnumber the Russians and will have no trouble in taking possession of that important place.

Port Arthur, April 28.—The Japanese have invented a new combustible which burns under water. They tried to burn the Russian ship by setting a raft loaded with a new combustible. The Russian sank them but the combustible continued to burn under water.

Paris, April 28.—It is reported from St. Petersburg that General Kurapatkin has ordered the Russian troops on the right bank of the Yalu to retreat until they are in touch with the second line of the Russian troops across Tumen river in northern Corea.

St. Petersburg, April 28.—It is officially reported that torpedo boats of the Russian Vladivostok fleet sank a Japanese transport with many men. A number of officers, men of the crew and coolies, who surrendered, were made prisoners. The rest went to the bottom with the ship.

SHIP DASHING TO PIECES.

Atlantic City, April 28.—The terrific storm blowing all night drove the stranded Earl line steamer Craignek higher up the beach on the brigantine shoals and there is no longer any hope that the steamer will be able to get off at high tide. It is in a bad position sailors believe the steamer will pound herself to pieces in a short time. The crew is still on board, and refuses to leave. Four thousand tons of sugar, a part of the cargo, was thrown overboard this morning to lighten the ship.

REPORTS CONFLICT.

JAPANESE DEFEAT IS CERTAIN.

So Says One Report and Another Gives Contradictory Testimony.

London, April 28.—A Reuter telegram from Chefoo reports that the Japanese have occupied Kujingeheng, on the right bank of the Yalu, south of Antung. It is believed that Japanese succeeded in flanking the Russian forces, whose right wing is at Antung.

There seems to be no longer any doubt that the Japanese crossed the Yalu and now have part of their forces on Manchurian territory. Coinciding reports from various sources confirm the report. A statement of the number of Japanese is very conflicting. The figures given vary from ten to one hundred thousand. One telegram says one hundred thousand Japanese are marching on Mukden. It also states that the Japanese outnumber the Russians and will have no trouble in taking possession of that important place.
