BURIED IN HIS GARDEN.

Gen. Ransom's Remains Laid to Rest on His Home Lot.

Col. A. H. Boyden returned this morning from Garysburg, where he went to attend the funeral of his late and much loved friend, Gen. W. W. Ransom. Gen. Ransom was buried with Masonic honors and distinguished citizens from every section of the State were present. The remains were laid away in a plot in Gen. Ransom's garden within a stone's throw of his residence. His son Thomas, whose death fell so heavily upon him, was buried there and it was Gen. Ransom's request that he be put away by the side of his son.

"He was the most perfect corpse I ever looked upon," said Col. Boyden. "The old-time color, the perfect calm and gentleness of expression were there and he looked to me as I shall like to remember him in the full vigor of splendid manhood. I was impressed with the crowd of negroes who were there. They knew and loved General Ransom."

YOUNG MAN

IS KILLED.

DEATH IN A RUNAWAY

MR. WATT THOMASON THE VICTIM

A Former Well Known Young Salisburian Killed While Driving a Team. Barrel on Which He Was Sitting Tipped and Both Driver and Barrel Were Thrown Under the Horses.

A shocking accident which terminated the life of Mr. Watson Thomason, a young man of exceeding popularity, and carried sadness to the hearts of hundreds, occurred this morning about 8 o'clock on the old Mocksville road 2 1/2 miles from Salisbury.

THE ACCIDENT. Mr. Thomason left his home at Zeb this morning about 7:30 o'clock driving a double team and was seated on a plank across two barrels. At the top of the hill in front of Mr. E. K. James' farm one of the wheels struck a rock and Mr. Thomason and a barrel were thrown forward simultaneously over the single-tree. A Mrs. Bostian stood in her doorway only short distance away when Mr. Thomason fell, and she says that the horses immediately began running. Evidently the unfortunate man held to the lines for he was dragged a distance of 800 yards before his body was freed. When Mr. Julius Hartman rushed to the spot where Mr. Thomason was lying, he was dead. His apparel was torn and his shoes stripped from his feet.

Mr. John Coughenour, of Franklin, who was coming to Salisbury, was in front of the team as it tore at break-neck speed down the hill and before he had an opportunity to divert his horse's course the two teams collided and Mr. Coughenour's wagon coupling was broken. Catching the shaft with one hand and holding the breeching with the other he was dragged a distance of 100 yards, when his horse fell, and he released his hold. While badly bruised, Mr. Coughenour's injuries are not serious.

The body was brought to Salisbury and taken to Wright's undertaking rooms, where it was prepared for interment.

Physicians who examined the body say the neck was broken. The right shoulder was badly crushed, chin broken, the left arm broken in two places and the right in one. There were many bruises on the body but it was in singularly well preserved condition considering the character of the accident.

A WORTHY YOUNG MAN. "Watt" Thomason, as he was familiarly known, deserves the esteem in which he was generally held. He was a son of the late George Thomason, who himself met a tragic death by drowning about ten years ago. As a boy, he was a model and dutiful at all times since his father's demise to his widowed mother, Mrs. Josephine Thomason, who is still living. Three years ago he came to Salisbury from Zeb, four miles from Salisbury, the place of his birth, and held a position as stenographer with Maupin Brothers.

In every capacity in which he served he was loyal and earnest. Less than a year ago he was married to Miss Georgia Klutz, of Salisbury, who was visiting her parents here when Mr. Thomason was killed. She was prostrated when the sad news was conveyed to her.

Mr. Thomason was 22 years old last September. He was a member of the Elks and Red Men and both orders will assist in the funeral services tomorrow afternoon.

THE FUNERAL. The remains will be taken to the home of Mr. George Klutz on East Innis street this afternoon and will lie there until the funeral procession, which starts at 3 o'clock tomorrow afternoon, leaves

for Zeb. The funeral services will be conducted at the Presbyterian church at Zeb at 4 o'clock and the remains laid away in the burial ground near the church.

THE BAPTIST MEETING.

Rev. Haymore Preaches two Strong Sermons.

The revival services which were begun at the First Baptist church Sunday, were continued last evening with a large congregation. Rev. R. D. Haymore preached a powerful and impressive sermon from the beautiful story of the death of Lazarus and the meeting between his sister and Christ.

He brought out in a very striking manner the difficulties arising from a divided household and urged the members of every home to read and study God's word, pray earnestly and leave the results with God.

At the close of the sermon about fifteen persons rose for prayer and a spirit of deep interest pervaded the large audience.

Services will be held again this evening at 7:45.

A BOY TO THE PEN.

On the way to the pen he was arrested. He was a trouble maker and was arrested on this guilt.

There is a pathos in this case. The boy's parents died when he was three years old and he has been little more than a castoff since that time.

CAN ROBBER ARRESTED.

They Discovered Him When He Called for His Mail.

A Raleigh special says: The Raleigh police on instructions from L. L. Shearer of Richmond, arrested John Sterling, alias John Jones, wanted in Virginia City for breaking into freight cars of the Southern Railway. Raleigh authorities have been notified that Sterling had ordered his mail forwarded from Greensboro to Raleigh. He called for it this morning with the result that the police were notified by the postoffice authorities. He seemed to suspect that something was up and as soon as a policeman came in sight he broke into a run up Fayetteville street. Three policemen and several citizens joined in the sensational chase for four squares when he was overtaken.

THE TIDE TURNS

IS NOW RUSSIA'S WAY

JAPANESE BEING DRIVEN BACK.

One Position Which They Took From the Russians Slips From Their Hands After a Battle.

London, Oct. 11.—The tide has curiously divergent views of the announcement of the advance of Kuropatkin from Mukden. The Russians' opponents say the move is but a bluff in order to forestall the impending Japanese advance. On the other hand there is noteworthy growth of opinion that the world is about to see the turning of the scale and that from this on Russia will be a general winner as the Japanese have been heretofore. British military experts point to the fact that now for the first time since the crossing of the Yalu, Kuropatkin is contemplating battle without a possibility of defeat or of annihilation. Nothing definite, however, is known as to the magnitude of the Russian success so far and the pro-Japanese element cling to the belief that Oyama is merely luring the Russians on to disaster.

A dispatch from Tokio this evening reports that the Japanese gunboat Heiyen struck a mine near Port Arthur on September 18th and sank. Only four were saved. Another dispatch from Tokio says a general engagement is in progress near Mukden.

St. Petersburg, Oct. 11.—General Kuropatkin reports that the Russian van guard is now in contact with the Japanese, who are within gun shot. Scouts are skirmishing along the entire line.

General Staff reports that the Russian front about Mukden is now contracted to thirty versts in length. The Russian forces exceed the Japanese by 25,000, they say.

The Russian forces at Port Arthur made a sortie Oct. 6 and re-occupied the heights overlooking Tapke Bay, which had been previously captured by the Japanese.

Mukden, Oct. 11.—An artillery battle occurred Sunday, continuing throughout the day. The Russian centre and left were engaged. The Japanese retreated everywhere and were pressed by the Russians.

BRYAN IN MISSOURI.

Says He is Willing to be the Party's Aaron.

Chillicothe, Oct. 10.—Wm. J. Bryan addressed a large outdoor meeting in Elm Park this afternoon. Having been introduced as "the man who would some day be President of the United States," Mr. Bryan said that he used to think he would be President, and that he would be the Moses of the Democratic party. "But I do not think so now," he said. "Moses, you know, was slow of speech, and the Lord selected Aaron as his speech maker. I believe that I am the Aaron rather than the Moses of Democracy. I am willing to be the Aaron of the party, if our Moses, who has been so slow of speech, will lead the people out of the wilderness."
