TWO CENTS

THE LOUISVILLE SOLDIER'S REUNION

Old-Time "Rebel Yell" in Louisville

Generals Lee, Wheeler, Buckner, Evans and Other Leaders Also Cheered—200,000 Visitors in Louisville

Louisville, Ky., June 15.—For the second time in five years the United Confederate Veterans and auxiliary organizations gathered in Louisville for their annual re-union, their reception yesterday under a blazing sun and with miles of brilliant bunting, flying in the breeze being in strong contrast to the weather conditions of five years ago, when rains prevailed during the entire period of the re-union and even caused a postponement of the parade on the last day. The decorations this year are on a lavish scale and it is remarked that the American flag predominates. The re-union was officially opened shortly after noon yesterday, when General Bennett H. Young, commander of the Kentucky division, called the perspiring mass of humanity in the horse show building to order an introduction of Chaplain General, Rev. J. William Jones, of Richmond, Va. Dr. Jones in his invocation prayed that the blessing of Almighty God may rest upon the president of the United States, and "that he may be enabled to be the president of this whole country and every section." A rousing reception was given the commander in chief, Gen. Stephen D. Lee, when he arose to respond to the veterans to the addresses of welcome. The general was in splendid voice despite the long wait in the heated building, and his speech was interrupted many times by cheering. Cheers were given the few remaining great figures of the confederacy as they made their appearance. The venerable Simon Bolivar Buckner, who is approaching his eightieth year, was heartily greeted and delivered a speech, which would have done credit to a man of half his years. Lieutenant General W. L. Cabell, commander of the trans-Mississippi division, was helped to the platform by many willing hands and his appearance was the signal for a prolonged outburst of hand clapping. The reception accorded Gen. Joe Wheeler was second to none of the day. The famous cavalry officer was cheered from the time his gray topped head was discerned in the great throng until he ascended the rostrum and motioned for silence. He thanked the veterans for the heartiness of their reception and assured them that their greeting went deep into his heart.

ALLEGED ASSAILANT RUN DOWN

Chase Lasting 14 Hours Ends in Capture of Negro Charged With Attempted Assault—Prisoner Removed for Safety

Dallas, Tex., June 15.—A special from Waco, Texas, says: "After a chase lasting fourteen hours, Lee Robinson, a negro, was arrested near Bosqueville last night, charged with attempted criminal assault upon Mrs. Alonzo Robertson, a white woman.

"Last night a negro entered the Robertson home and attacked Mrs. Robertson. A fierce fight followed, the woman's hair being torn from her head, her throat bruised and her fingers being bitten to the bone. "A posse of fifty men, in pursuit with blood hounds, came across a negro who was not connected with the crime, but who had just escaped from the penitentiary, and who opened fire with a revolver. He was captured, but was released when found to be the wrong man.

"Robinson was captured later. Extra guards were placed about the jail, and farmers from the vicinity poured into the city in strong numbers. "Crowds from the country became so large and demonstrative that Sheriff Tolley tonight sent Robinson to another county for safe keeping.

PLACE OF PEACE MEETING, LIKELY

Washington the Most Acceptable

The Hague and Geneva Are Also Officially Known to be Under Consideration, But Washington Stands Best

Washington, D. C., June 15.—Gradually the negotiations of peace in the Far East are nearing a focus. The one point to which the energies of these directly concerned in them are now being directed in a place for the holding of the conference of the plenipotentiaries of the belligerent powers.

It is known officially that three cities are now under consideration by Russia and Japan. These cities, named in the order of the likelihood of their final selection, are Washington, The Hague and Geneva.

Thus far no decision has been reached. Paris and London have been eliminated from the equation. It is understood that the Russian government objects to any Asiatic city, its preference being for some European capital. After objecting to the holding of the conference in Paris, the Japanese government expressed a willingness to consider places, which afforded adequate facilities, although it is assured that Japan's preference would be some far Eastern city, practically within the theatre of war.

Finally, however, the selection seems to have narrowed down to the three cities named. However, as the situation now is, Washington appears to be the city most likely to be selected. It can be said on authority that if the conference is held in the United States, it will be in Washington. No other place in the country has been considered seriously.

After the selection of the place, of meeting of the plenipotentiaries, the two governments will name those who are to represent them at the conference. Then an armistice between the contending armies in the field will be arranged, and pending the result of the peace conference, the great armies facing each other in Manchuria will lie on their arms awaiting the final decision from their governments.

RALEIGH NEWS

Powell Before Federal Court. Public High School News. Station For Monroe

Raleigh, N. C., June 15.—J. B. Powell, of Norfolk, completed his testimony in his own defence to-day in his trial in the Federal Court for the fraudulent use of the mails, representing himself to be the firm of Jones and Powell, Raleigh, and securing large orders for goods on the commercial rating of the old firm of the name that did business here at that time (three years ago). He was on the stand altogether six hours and was subjected to a rigid cross examination. He claimed that he was employed by J. C. Jones to carry on the business at \$25 a week and that he had not seen Jones since the trouble started. He insisted that his business was perfectly legitimate and would have panned out all right if the Federal officers had not interfered. The cross examination drew out the fact that Powell had rented the postoffice box in Raleigh two weeks before the date he claims that J. C. Jones employed him to conduct the Jones & Powell business and that the box was rented in the name of Jones & Powell. That he has carried on similar fraudulent business in South Norfolk, Smithfield and other places in Virginia and North Carolina. That he was declared a bankrupt at Norfolk in 1893, and has not been discharged; that he killed a man in Kentucky; was arrested for criminal assault on a woman in Virginia and had run away with a girl from Smithfield, and had been lodged in jail at Loudenburg, Va. in connection with the same offense. It is expected that the case will go to the jury some time tomorrow morning and the general impression is that they will not be long in arriving at a verdict of guilty. For the new High School department that is to be added to the Raleigh Public graded school system, Prof. Hugh Morson, for many years principal of the Raleigh Male Academy, has been elected principal. Mr. G. W. Koble, Miss E. A. Pool, Miss Ada Womble and Miss Daisy Walt, assistants. A part of the Centennial school building will be used for the high school. This was for many years the site of the residence of the governors of the State. The Corporation Commission announces that the Seaboard Air Line has arranged to erect a handsome new passenger station at Monroe. Citizens of the place had filed a complaint and petition with the commission. The Seaboard also advise the commission that they will probably, in the near future, provide a new station at Laurinburg, Robeson county. The management of the State Fair are negotiating for a great quantity of poster portraits of President Roosevelt, to advertise the fair in connection with the President's visit to the Fair October 19. They have adopted resolutions calling on all colleges and public institutions in the State to make this date a holiday so all can come to Raleigh and hear the address by the President in the Fair grounds. Governor Glenn is expected to return from his trip into the Western part of the State Saturday.

RUSSIANS SINK BRITISH VESSEL

Steamer St. Kilda Sent to the Bottom

St. Kilda Was Sunk by Russian Auxiliary Cruiser—Sinking of the St. Kilda Has Caused Excitement in London

London, June 15.—A considerable stir has been created in shipping circles as a result of the sinking of a British steamer St. Kilda by the Russian auxiliary cruiser Dnieper in the China sea. The few details obtainable regarding the sinking of the British steamer St. Kilda by the Russian auxiliary cruiser Dnieper show that the St. Kilda was captured by the Dnieper June 4, about 50 miles from Hong-Kong, at which port she was last reported. She was sunk by the cruiser on the following day on the ground that she had contraband of war on board, after the crew and mails had been removed. The cargo of the St. Kilda consisted chiefly of jute, rice and cotton. The Dnieper transferred to the Dutch steamer Flores in the Straits of Malacca, forty-one of the Chinese crew of the St. Kilda and the mails belonging to that steamer, but the captain, ten Europeans and the Chinese stevedores who had charge of the Chinese portion of the crew of the St. Kilda were detained on board the Dnieper. The torpedo failed to sink the steamer, so the Dnieper opened fire on her. A dozen shots were fired by the cruiser before the St. Kilda sank. The foreign office has been bombarded with telegrams from the owners from the ship and cargo urging that action in the matter be taken. The foreign office is awaiting orders, but in the meantime has drawn the attention of the Russian government to the reports so far as received. It is pointed out that the present case is entirely different from that of the British steamer Oldhamia, which was captured as the Russian fleet was about to enter Japanese waters, and might have conveyed information to the Japanese. The St. Kilda, on the other hand, could not have imparted information damaging to the Russians, whose fleet had already been destroyed or scattered. The Russians are expected to contend that the St. Kilda was carrying contraband and that they were unable to take her to a Russian port.

THE GATTIS-KILGO CASE

(Special to The Sun.)

Raleigh, N. C., June 15.—After the examination of a number of character witnesses, the counsel for the plaintiff rested the case in the damage suit of Gattis vs. Kilgo, and the defendant's counsel lodged a motion for non-suit on the grounds that no evidence of malice was sufficient to go to the jury. Ex-Judge Winston, of Durham, spoke for two hours in support of this motion; he was followed by C. B. Watson, who spoke to the contrary. Judge Still has the issue under consideration. If this motion is over-ruled, the defense will proceed with the introduction of their witnesses.
