New Orleans, Aug. 11.—In order that no unnecessary risks might be taken, it was announced yesterday, both by Surgeon White and by Father Scotti, in charge of the arrangements, that the funeral of the late Archbishop Chappelle, to-day at 9 o'clock in the morning, was private.

Dr. White said it was a fact accepted by the scientists that yellow fever could not be transmitted by a corpse, but its element of danger is attracting to the cathedral an immense assemblage of people from all sections of the city.

The cathedral is located within the original infected district, within a stone's throw of the French market and there has been fever on all sides of it. Not all the stegomyias below Canal street have by any means been destroyed, and the mingling of people from infected districts with those from non-infected quarters might result in a still wider diffusion of the present sickness.

CHIEF GREENWOOD OUTLAWED

Posse After Buncombe Man Who Fatally Stabbed His Wife

Asheville, Aug. 11.—"Chief" Greenwood, of Big Ivy, who early Monday morning stabbed his wife in so fearful a manner that she cannot live, has been outlawed. Judge McNeil, of the Superior Court, yesterday morning signed a bench warrant for Greenwood's arrest and a sheriff's posse is now after the man. The warrant was secured by Budd Whittemore, of Big Ivy, on the affidavit of Rev. J. B. Hyder, of that section, and in conversation with a newspaper man this morning Mr. Whittemore gave details of the tragedy. The affair, it seems, grew out of the refusal of Mrs. Greenwood to reconvey certain notes valued at several thousand dollars to her husband. Greenwood has been away from North Carolina for some time and Mrs. Greenwood was suing him for a divorce, Sunday night. Mrs. Greenwood went to the home of Rev. Mr. Hyder, of Barnardville, where she remained during the night. Early Monday morning Greenwood followed her, and Mrs. Greenwood requested that Mr. Hyder send for her brother and have Greenwood let her alone. Greenwood said that he had no intention of harming his wife and Mrs. Greenwood later started for her home, accompanied by her 14-year-old son, and also Mr. Hyder's son. Greenwood followed and after going down the road some distance, Greenwood, it is alleged, drove the two boys off with rocks, sticks and a pistol, and then, drawing his knife, stabbed Mrs. Greenwood three times in the back. Greenwood fled and is still at large.

A message from Barnardville yesterday morning stated that Mrs. Greenwood rested very well, that her hurts were dressed by Dr. McLain, of Democrat, but that there was no hope of her recovery.

To The Salisbury Sun

And Our Friends

Having just returned from a most enjoyable trip to Kenilworth Inn, Asheville, and desire to thank The Sun for the trip, also our friends, especially for the interest all have taken in helping us to secure it.

To say we enjoyed it, is only a mild way of expressing what we feel. Too much cannot be said of the Kenilworth Inn and the hospitality with which the guests are received.

It is situated on a very high elevation, surrounded by the most beautiful scenery in Western North Carolina, overlooking the city of Asheville and the beautiful rivers: the French Broad and the Swannanoa, also the magnificent estate of Mr. George Vanderbilt, which is beautiful beyond description.

We also enjoyed a drive to the top of Sunset Mountain, which is 3,136 feet above the sea-level, and from which we could see into six different States. While on top of the mountain, we could see the clouds below us and a heavy rain and the sun shining above, which was indeed a treat to us.

One cannot spend a vacation more pleasantly than in visiting Asheville, and the many picturesque surroundings. It is a trip which will never grow dim in our memory, and for which we shall always feel grateful.

Very sincerely,
ROSE FINK,
LENA LOFLIN.

MORTGAGE ON GIRL'S HEART

Austrian Pays Her Fare Across At- lantic But Marries Another Man

Wilkesbarre, Pa., Aug. 10.—Joseph Kropkern, of this city, to-day sued for the amount of a mortgage he had upon the affections of Miss Josefy Wassal, because she had married another man after being promised to him. He and the girl's brother are great friends and the match was arranged between them, although the girl was in Austria. Kropkern paid \$45 to bring her here, but when she came he failed to propose, thinking, as he said to-day, that the brother had made a proposal for him and that the marriage was understood. The girl, after waiting several weeks, a couple of days ago married another man, whereupon Kropkern to-day brought suit for the \$45.

Alderman Donohue gave judgment against the girl and ordered it paid.

SOUTHBOUND NO. 29 DERAILED

Engine and Several Cars Leave Track at Lynchburg, No One Killed

Southbound train, No. 29, due to arrive here at 8:30 last night, was derailed at Lynchburg, Va., yesterday afternoon at 3:30 o'clock and as a consequence, all Southbound trains are greatly delayed.

Though the wreck was a most serious one, there was no one killed or seriously injured. Two mail clerks were slightly bruised and a few of the passengers shocked by the wreck but their injuries are regarded as very slight. It is considered quite remarkable that there was not a large number killed and injured.

The accident occurred at the bridge which crosses the main channel of the river at Lynchburg and just a short distance beyond the depot. The engine and all but one of the several coaches of the train were derailed. The bridge is of iron trestle work and the braces and rods on the sides of the trestle prevented the engine and cars from going into the river when they were derailed. If it had not been for this, the result would have been frightful.

The engine, coaches and trestle were badly damaged and the loss will amount to several thousand dollars. Wrecking crews were hurried to the scene, but it will be noon to-day, possibly much later, before the wreckage is cleared away. After this is done, the bridge must be repaired. At one place a new span will have to be built.

Train, No. 35 was running not far behind No. 29 when the latter was wrecked. It was necessary to transfer the passengers at the scene of the wreck, but this caused great delay. As Northbound trains, Nos. 36 and 30 had not passed Lynchburg when the wreck occurred they were tied up also. Thus the traffic both ways was almost at a standstill.

A section of No. 35 was made up at Danville last night and ran to Atlanta, passing through here a little behind schedule time. The trains are now going over the Chesapeake & Ohio line, via Staunton until the wreck can be cleared up and the trestle repaired. At midnight last night the Southbound trains were marked on the board, "Indefinitely delayed."

Confederate Roster Completed

Raleigh, N. C., Aug. 11.—State Auditor B. F. Dixon shipped to Mr. F. C. Ainsworth, Military secretary of the United States War Department, Washington, D. C., all the North Carolina Confederate records which were obtainable. These are for the roster which is now being prepared by the War Department.

Dr. Dixon was satisfied that the roster so far as North Carolina is concerned, will be very nearly complete.

State Auditor Dixon has completed the new pension roll. There are 1,200 new soldier pensioners and 300 widows.

Case Against Frank Moore, Implicated in Murder, Robbery and Fire at the Oil Company's Plant Here, Appears to be a Very Strong One

The case against Frank Moore, implicated in the murder, robbery and fire at the oil company's plant here, appears to be a very strong one to the solicitor of this district, and he says it is made particularly so by Moore's voluntary confession. Moore was committed to jail this evening without bail, the magistrate holding his confession to be valid, though Moore's attorneys sought not to have it recognized.

The Secretary of War notifies President Winston that Lieutenant Young, U. S. A., cannot be detailed as military instructor at the agricultural and Mechanical College here. This request has been made by the Governor, Senators and Congressmen, but the secretary says Lieut. Young's services are too valuable as instructor at Jefferson Barracks for him to be spared.

It was expected that the preliminary hearing of Policeman Rogers for the shooting of John C. Dockery would be held next week, but it has been postponed until thirty days from the 15th. This was learned from United States Marshall Dockery to-day. The purpose is that John Dockery can come back here to give his testimony.

MRS. COBB ARRESTED

Alleged That There Had Been Dis- agreements Between Husband and Wife

Royston, Ga., Aug. 11.—Mrs. W. P. Cobb was arrested this morning on the charge of voluntary manslaughter, according to the action of the coroner's jury. It is probable that she will be admitted to bail if she succeeds in securing the necessary bondsmen.

It is said that sensational developments will follow the investigation into the killing of Ex-Senator Cobb by his wife. According to the statements made in this city to-day, Prof. Cobb had received notice about two weeks since, that he had better watch his home.

Before the date of the tragedy which cost the life of the husband, it is alleged there had been more than one disagreement between himself and his wife, and owing to the various rumors and reports sensational developments are expected.

A sensational feature of the coroner's investigation was the evidence of Dr. J. O. McCrary, who was the first physician to reach the scene after Mr. Cobb was shot. He produced before the coroner's jury a revolver and rock, which he testified had been found in an outer pocket of the coat worn by the dead man.

SPENCER'S IMPROVEMENTS

Contract Made For Electric Lights —Bond Money Divided

(Special to The Sun.)
Spencer, Aug. 11.—The board of aldermen here is making preparations for the sale of \$35,000 of the \$70,000 of bonds recently voted for municipal improvements, and it is expected the work of building streets sewers, etc., will soon be in progress. The money derived from the sale of the present issue of bonds will be expended approximately as follows: For streets and sidewalks, \$14,000; for sewerage system, \$15,000; for graded school building, \$6,000. In addition to this line of municipal improvements, a water works system will be constructed and operated by H. A. Pressey and others, of Washington, D. C., a franchise for the same having already been granted. The cost of the latter plant will be about \$50,000, according to the plans already adopted.

Spencer has contracted with the Salisbury & Spencer Street Railway Company for a supply of electric arc lights for street purposes. The wires and poles necessary to the operation of the system are now being placed.

Mr. J. L. Hatch, of Winston-Salem, who was recently appointed claim agent for the Southern Railway Company, arrived here yesterday and will make his headquarters in Spencer. It is expected that a suitable office will be erected at a convenient point for the exclusive use of the claim department. Mr. Hatch will have charge of the specific territory between Charlotte and Danville, including the Wilkesboro branch of the Southern. His coming to Spencer is quite an acquisition for the town.

BUILDING ABOARD FLAT CAR

Moving Office Building to Spencer For Claim Agent

The small office building across the track from the passenger depot is being moved to Spencer to serve as an office for the Southern's claim agent there.

The building is about 14 x 16 feet, and was formerly the office of the track supervisor here, but has lately been used by the yard conductors. The building has been raised and will be rolled aboard a flat car and transported to Spencer this afternoon.

A Correction

The statement in Wednesday's Sun from Spencer correspondence, that Mr. W. B. Harris would be transferred to some other point on the Southern Railway, was a mistake. Mr. Harris has recovered sufficiently from a six week's spell of fever to resume his work at Spencer, and will hold his same position there.

COL PETERS FIRED OUT

President Harvie Jordan Suspends Vice-President of Cotton Asso- ciation and Demands His Resignation

Atlanta, Aug. 11.—Harvie Jordan, president of the Southern Cotton Association yesterday telegraphed Col. E. S. Peters, vice-president of the Association, demanding his resignation. President Jordan said:

"I have wired Vice-President Peters demanding his resignation and have suspended him as an officer of the Southern Cotton Association. The public utterances of Col. Peters through the press, as vice-president of the association and his actions in Washington clearly indicate that he is not in harmony with the present efforts of the association concerning the full and complete investigation of the bureau of cotton statistics and other divisions of the Department of Agriculture. Before taking definite action I desired the endorsement of the executive committee. I wired the information to each member, and of 19 replies, 18 emphatically authorized the demands for his resignation. Five members of the committee were absent from home and could not be reached."

Col. E. S. Peters was elected vice-president of the association at its organization by the New Orleans convention last January. His home is at Calvert, Texas.

JAMES PLUMMER

"A SMOOTH" ONE ARRESTED

Peddled Without License, Further Developments Apected From Case.

A man giving his name as J. W. Reed was arrested yesterday afternoon for peddling without license, and committed to jail in default of bond.

He had sold a box of tobacco to Mr. W. H. Wallace, which as he told it, he had bought for his grandfather, and after buying it had gotten drunk and gone broke, and wanted to sell it. He also sold some valuable pants to Mr. Louis Bank for a song. These goods are thought to have been stolen from a freight car or a store in some other town, but evidence to that effect is lacking. Detectives and officers are working on the case and further interesting developments are expected.

The man arrested is, rather large, his hair streaked with gray. Being arrested did not seem to bother him at all, though. In the sheriff's office last night he wrote a letter to himself at Berkley, Va., and drew up and had mailed a cheque on a Norfolk, Virginia bank. If criminal, he is a smooth one.
