I have been cured of deafness, thanks to your treatment. I will now give you my name as a testimonial. I had been deaf for three months, without any success, consulted a number of the most eminent ear specialists of this city, who told me that they could not help me, and even that only temporarily, that the deafness would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.
The Rev. G. F. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with a putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 180th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.
Very respectfully,
O. D. PHELPS, M. D.

Dr. Taft Bros. Medicine Co.

BOOKER WILL ORATE.

A Tempest Raised over an Invitation to the Noted Negro Educator.

Lincoln, Neb., Feb. 15.—The invitation to Booker T. Washington to be commencement orator at the State University will not be recalled. This was the decision of the senior class in a meeting Friday. Pressure from the faculty and other members of the class silenced some of the opposition and the others were denied the privilege of discussion by the president cutting off debate.

But seven votes were cast in the affirmative, and the matter ended. The recalcitrants insist, however, that they will refuse to be present at the commencement exercises or in any way countenance Booker Washington's coming, but promise that they will offer no further protest to his presence.

THE COTTON MARKET.

The Staple Continues to Advance. Every Indication of Still Better Prices.

New York, Feb. 15.—Mr. Theodore H. Price, the well known cotton expert, in an interview today says: "The cotton market continues to advance and there is every indication of very much higher prices in the immediate future. It is becoming generally recognized that the supply is inadequate to the world's consumption at present prices. Heavy receipts and bear manipulation here and in Liverpool, fail to have any effect. The threats of those who engaged in a conspiracy to deceive the world as to the size of the crop and to depress prices, are futile. Their promises, like all efforts to subvert the truth, react upon their authority. Cotton having been unduly depressed will now probably go to the other extreme. Mr. Borden is reported to be bidding 24 cents for all the print cloths that can be delivered in Fall River up to July. Trade here and abroad is in a condition of unexampled prosperity. It needs the cotton and will have to pay for it."

Ransom Money Paid.

Washington, Feb. 15.—The State Department has received cable advice confirming the report that the ransom money for Miss Stone has been paid to the brigand captors. It is not known when her release will occur, but it is understood that the brigands have made a condition that they shall have a period of a week or ten days in which to make sure of their safe retreat before the prisoner is delivered.

Old Soldier's Experience.

M M Austin, a civil war veteran of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25c at druggists.

The proprietors of Mexican Mustang Liniment have issued an almanac for 1902, especially adapted for this State, called the "Old North State Almanac." The calculations are all made for this State only, and consequently are much more reliable than any general almanac can be, and is deservedly more sought after than the old style almanacs like Grier's and others, whose calculations are supposed to cover several States and sometimes the whole country. The garden remarks have been prepared by the most experienced agriculturalist in the state and are up to date. The weather predictions are based not upon mere guesswork but upon the Signal Reports from the station at Wilmington. Altogether, it contains so much of interest to residents of this State that everyone should look it over carefully. They also publish an Afro-American almanac for the negroes. Both almanacs can be had free at the drug store and of general dealers, or they will be sent free on application to **Lyon Manufacturing Co., 48 South Fifth St., Brooklyn, N. Y.** Be sure and secure one before the supply is exhausted.

HASTING, NEB.
"Our little boy, Harry, had spasms for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms in one week.
