THE T. G. WILSON CANNER,

Simple in Construction Does Perfect work, and is Durable and Cheap.
Cans all kinds of fruits and vegetables.

Complete Canning outfit in itself. No stove or furnace needed, but can be set up and put to work in 3 minutes after it is delivered to the purchaser. Opens up a new and profitable industry for the farmer, trucker and fruit growers of this country. It does more successful work than

the machinery of the Canning Factory. With this Canner on the farm, any man with a little means can make some clear money at the dulllest time of the year so far as crops are concerned, by canning good ripe FRESH FRUITS and vegetables, which command a far better price than the stale, tough, half ripe fruits and vegetables that the canning factory must resort to.

We know that to have first-class canned goods the fruits and vegetables must be well matured and ripened on the trees or vines, before picking, then they should be put in air tight cans and cooked by a quick process which insures perfect success and finest flavors of the goods that are produced.

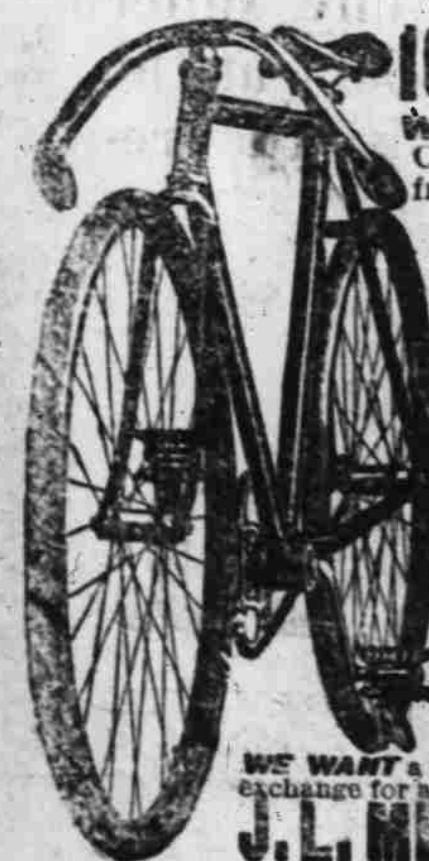

This is the latest and best as well as the most convenient, economical and comfortable Canner on the market. Write us what you want. We have four sizes, giving you any capacity you may wish up to 3000 cans per day.

The canners are sold at the following low prices: No. 1, smallest size, \$12.50 including soldering irons, book of instructions, pair tongs, baskets or racks to hold the cans in position while cooking, etc., etc.; capacity 200 to 400 cans per day. No. 2, complete as above \$20.00, capacity 600 to 1200 cans per day. No. 3, complete \$50.00 to 3000 cans per day. Call on or write to

DISASTROUS FLOOD.

Illinois Town Under Water and a Number of Citizens Drowned.

Joliet, Ill., June 8.—The most disastrous flood in the history of Joliet has been raging here since midnight, and a large part of the city is under water. Several have been drowned, but the exact number is unknown and cannot be ascertained until the water subsides. Four are known to be dead.

The town is greatly alarmed for fear the big dam drainage canal will burst. Should this happen the loss of life and property will be tremendous. Many mills have suspended operations and are under water. Business is at a standstill. Relief parties are working and hundreds are being taken from the flooded houses.

The Davis Memorial.

Richmond, Va., June 8.—The Board of Directors of the Jefferson Davis Memorial Association, composed of Daughters of the Confederacy, met here today and after a session lasting from eleven to three o'clock, inspected the various models for the proposed Davis memorial arch now on exhibition here, and then adjourned until eleven o'clock tomorrow, at which time the body is expected to reach a decision as between the various designs submitted. Today's session was secret, but so far as can be learned there was nothing in the nature of a protest against the form of memorial adopted.

Tom Johnson's Plan.

Cleveland, Ohio, June 2.—In the Ohio campaign this fall, Mayor Tom L. Johnson will begin his preparations for the gubernatorial fight in 1908 and the Presidency in 1904. Those who are close to the Mayor say he has no hope of a Democratic victory in the State this fall but that it is his intention to make a tour of Ohio and advertise himself thoroughly. It is reported in Democratic circles that the Mayor is planning to go through the State on a special train, carrying his circus tent with him and conducting a campaign similar to those in Cleveland during the last few years.

A Request for Prayer.

Bro. M. F. Powell asks the prayers of the christian people that he may be restored to health. He is afflicted with rheumatism. He has been confined to his bed for about two years. For nearly a year he has been lying on his back unable to turn himself or to be turned. He can't move hand or foot. He has tried many different medicines recommended for rheumatism and has had several physicians to see him but nothing seems to help him. Though he has been afflicted so long and is unable to feed himself or brush off a fly, yet he is cheerful and entertains hope that his health may be restored. His desire is that all christians pray earnestly and faithfully to the great physician on high (who is able to heal all diseases) that he may be able to get up again and his health restored. Written by request of M. Powell, Calabau, N. C. May 29, 1902. Davie Record.

The Color Question.

A burning question with the sable population of Rochester, N. Y., is can a darkey employed in a shoeshinery refuse to shine another darkey's shoes? One did that, was sued, and the surer got a verdict against the proprietor of the shine-shop for \$118.40 damages, and the higher court reversed the lower court on the ground that his wasn't a licensed shop, and therefore he could use his discretion as to whose shoes he shines. And now the negro denizens are indignant against the decision. —Wilmington Star.

Merciless Reductions.

The first touch of summer is upon us, and with it comes a feeling of readiness, with a line of summer footwear of which we justly feel proud. Just here we want to thank the good people of Salisbury and vicinity for the largest spring trade ever experienced by this store.

Our trade is ever increasing, and there are reasons for it, which the public appreciate. One of the most notable is the perpetual motion basis on which this store is run. All goods must move. Not one article is permitted to lay. The price is the incentive. New goods are marked low. Old goods are marked still lower. The result is, we stand aloof from all other stores as having the
