APRIL 28, 1908.

Money makes a very gaudy veneering for respectability.

Mayor Johnson, of Cleveland, refuses to turn from the good work he is now doing by the glitter of larger stars well beyond his reach. It is not all men, who, in the moment of success can thus successfully bridle ambition and hold it within the realm of possibilities.

As will be noticed in another column Prof. Kilgo makes affidavit that he cannot get a fair trial in Granville county and desires a removal. To our way of thinking this thing has already gone too far and that a fair trial is the very thing Kilgo does not want. The case should be disposed of without further parleying.

The model of the Salisbury Confederate monument now on exhibition in the windows of Cornelison & Cook, druggists, corner of Main and Fisher streets, should be seen by every one. The ladies who are so nobly devoting their time and talents to this cause are to be congratulated upon their success in securing this beautiful illustration of the sentiment expressed in the motto: "Glory stands beside our grief." This model is being exhibited as an inspiration to active assistance in the work of perpetuating the memory of the Southern soldier. If it fails of its purpose we had as well say: "A lost and forgotten cause."

**The Winds go Down.**

It is claimed that the winds do not blow so much nor so hard through the prairie states as they did forty years ago, when the country was first settled, and proof of the fact is offered by showing the wind, grist and feed mills which were common in an early day in many parts of the west have all or nearly all been torn down, on the ground that the wind does not now afford the power to operate them. The almost universal planting out of groves around the prairie homesteads has probably done something to mitigate the force and power of the winds, breaking up the air currents, but we should not think there had been enough change to account for the disappearance of the mills, they have given away to other and more modern means for doing mill work.—Asheville Citizen.

**Due Notice is Served.**

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures.—Jas. Plummer.

... came out, asked what was wanted, and the young man said he would like to see him at the store. McDaniels thought some one was sick or dead, and that the man wanted medicine or burial clothes. But when they got to the store the young man asked for a sack of peas. When McDaniels told his customer that he did not sell peas on Sunday, the latter insisted that it was not Sunday, but Saturday. When finally convinced of his mistake, the young man left for home very much surprised.

**Rock.**

The farmers were hustling work on last week. Much corn and cotton seed were planted.

The wheat crop looks very poorly.

J. W. Frick has moved his sawmill from Piney woods to the Jackson place, and will soon be ready to go to work. We are all glad to have Mr Frick back in our community.

There was a large funeral at Mt. Hope yesterday. Although there was considerable rain early in the morning, and looked threatening, still the church was crowded. Mr. Milow J. Shuping was buried. It is thought consumption was the cause of his death. Rev. J. M. L. Lyerly preached the sermon, and it was one long to be remembered by those who heard it and will do all good. Mr. Shuping leaves a wife, and five children, and many relatives, and friends to mourn his death. He was 47 years, 5 months, and 25 days old. DION.

**Rockwell.**

As Bro. Dick is gone on a visit, Sister Dick will take his place.

The farmers have commenced planting corn and cotton in this village.

The wheat is somewhat hurt by the cold spell. It is hoped there will be plenty made yet.

Mr. and Mrs. L. A. Holschouer, of near Organ church, were visiting G. W. Park Saturday night and Sunday.

Bro. Pet, of Cabarrus, was up Saturday night and Sunday to see, Miss Pet, near Rockwell. Come again H.

Capt. Whitney, of Pittsburg, is visiting E. B. C. Hambley, of this place.

James Trexler is working at Spencer.

J. B. McCombs visited Miss Flora Trexler Sunday night.

J. W. Linker lost a fine horse last Monday.

Julian Sides, of Salisbury, was visiting Miss C. B. Trexler Monday night.

Bro. Pet, how about those martins that have turned out to be bluebirds. I think you had better see to one half of them at once or have sister Crab to attend to them for you as she lives near by.

Come on Bro. Wavaw, let us hear from your side. Give the TRUTH-INDEX all the good news you can get.

The TRUTH-INDEX is a welcome visitor in our village. SISTER DICK.

**More About the Car Line.**

It was announced some months ago that the projectors of the car line enterprise would have the line in operation by early spring. Now the statement is made that if all goes well, the cars will be running by October 1st. A Boston capitalist who is identified with the movement, was in the city last week, and is said to have perfected arrangements which will insure the completion of the line by the date named. It is stated that it is the intention of the company to endeavor to effect a consolidation of interests with the Salisbury Electric Light Company and the Salisbury Telephone Exchange. The car line is to be about eight miles long. The route will be along Main and Fulton streets to Fulton Park, then along Fulton to Harrison street, through Harrison to Main, out Main to Spencer, and then on to the Yadkin river. From Harrison street the line is to run to the intersection of Harrison and Fulton and over a loop to be made through Fulton to Innis. Thence on Innis to Lee, from Lee to Council, and down Council to the depot. The route to the river has not yet been decided upon, but it is thought St. John's mill will be the terminal point.

**Measles at The White House.**

Washington, April 24.—For the first time in the history of the government a member of the family of the president of the United States has been placed in quarantine. This is now the case of Miss Alice Roosevelt, daughter of President Roosevelt.

Archie Roosevelt, the son of the President, is confined to the White House with a severe case of measles. A day or two ago Miss Alice Roosevelt returned to the city from a visit to Asheville, N. C. Owing to her brother's illness and the fact that the distinguished young lady has several social engagements to fill within the next few days, it has been found advisable to keep her away from the White House until Archie recovers.

**The Haywood Case.**

A New York attorney is here looking after evidence in the killing of Ludlow Skinner by Ernest Hawood. He has talked with several witnesses, among them with one who saw both shots fired. The lawyer represents an insurance company. The man above referred to with whom he talked said that both shots were fired after Skinner had stepped off the sidewalk; that the pistol was not lowered between the shots and that Skinner did not raise his hand to his side the second shot.

Wanamaker carries \$1,250,000, of which \$1,000,000 was placed recently.

**Death of Banker Causes Loss.**

New York, April 24.—It was learned today that the death of Edward O. Lee, private banker of 287 Columbia street, Brooklyn, has revealed the fact that practically nothing remains to pay the deposits of hundreds of Norwegian sailors and workmen, who for years have entrusted their savings with him. Their claims amount to about seventy-five thousand dollars.

Kodol digests what you eat and makes the stomach sweet.—Jas. Plummer.

**Thousands Have Kidney Trouble and Don't Know It.**

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make a y mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
