

## GORMAN SAILS FOR EUROPE.

He Has no Opinion to Express Regarding a Third Term for Cleveland.

The Atlantic Transport liner Minnehaha sailed Saturday with the longest list of passengers of any vessel of the line which has been out this season. Senator Arthur P. Gorman of Maryland was among the passengers. This will be Senator Gorman's first trans-Atlantic trip. He will go to London where his daughter, Mrs. Gambrill, lives, and after spending some time in that city will visit Ireland, Scotland and the continent.

The senator was asked if he was running away from Maryland as reported, to be out of reach when the slate for the state ticket is made up. "Nonsense," said the senator. "I am not running away. The Democrats are not in the habit of running two men. They just agree upon one man and push him forward. Warfield is the man in this instance."

"What do you think of Cleveland's chances for a third term?"

"Young man, I always try to avoid trouble. Under no circumstances do I wish to discuss national politics.—New York dispatch.

## Another Petition for Mrs. Maybrick.

The Person's Rights Association has drawn up a petition asking for the release of Mrs. Florence Maybrick, convicted of poisoning her husband on August 1st 1889. The Home Secretary replied to the petition, stating that when 15 years of the prisoner's life sentence had been served, the question of recommending her to mercy would be considered.—London dispatch.

## Wanted to Lynch Him.

James Dornan, a negro who is from the south, and is believed to be from Charlotte, N. C., and who was arrested Saturday in Newark for having attacked a white girl aged 16 at Mattewan, N. J., except for the promptness of officers would have been lynched.

To avoid lynching he was taken to jail at Freehold instead of Mattewan, as the county officials were warned of the purpose to lynch him at Mattewan.

Dornan is a bad negro, and has previously been charged with burglary and a murderous assault on a Mattewan policeman.—New York dispatch.

## Faith.

The first service was held in the new Baptist church here, on Sunday May 10th.

William Frick's youngest child was buried Sunday at the Faith cemetery.

The public roads are getting good and now is the time to work them. A good job was recently done by the chain gang near the railroad crossing on the Gold Hill road. That is the way to do, fix the bad places first.

John Barger has been appointed chief of police, and J. T. Wyatt, town clerk of Faith.

VENUS.

## Not a Sick day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c, at all Druggists.

## MAKES TILLMAN HOT.

He Says Suggestion of Grover's Name is an Insult to Democrats.

"The simple suggestion of Cleveland's nomination for a third term," says Senator Tillman of South Carolina, "is an insult to the 6,500,000 Democrats in the country who voted the ticket in the last elections."

The Senator is here on departmental business for his constituents. "It seems to me," he continued, "that every Democrat I have met has regarded this Cleveland talk as impertinent and insulting. It makes us hot under the collar. Why what sort of curs do they take us to be, to expect us to vote for a man like Cleveland," he went on.

"Here's a man who hasn't even voted the Democratic ticket in the last two presidential elections. He threw what influence he possessed against the ticket. You might as well talk about naming a Republican as the head of the Democratic ticket. It would be about as probable."

The Senator said he could not name the probable Democratic candidate, as no one yet had become sufficiently prominent in that connection. "In my State," he concluded, "there's been some inclination to look upon Judge Parker as an available man, who might prove acceptable to the different factions of the party."—Washington dispatch.

## Where the War is Over.

A Union veteran pleaded guilty in an Augusta court the other day to breaking into a store. He was old and in want and said that dire necessity had driven him to the act. The jury, composed of Confederate veterans, asked the presiding judge to deal leniently with him. His honor, an ex-Confederate major, fined the prisoner \$1, and the sheriff, an ex-Confederate captain, paid the fine. Before the Union soldier left the court room the dollar was in his pocket. The spectators rose and remained standing in sympathetic silence until he passed out. A purse was made up later in the day by Confederate veterans, and the Union soldier was sent to his home in Kentucky.

On these facts, who shall say that the war is not over in Georgia? One hesitates to aver that a Confederate soldier would have been treated with the same clemency and generosity in a Pennsylvania town, for if we may judge from the vehement protests to the erection of a statue of Robert E. Lee on the field of Gettysburg that come from Union veterans in Pennsylvania, the war is not over in that State.—New York Evening Sun.

## Legislative Rottenness.

Testimony before the grand jury today was to the effect that \$10,000 was paid to defeat the bill to reduce the fees of the excise commissioner of St. Louis. This money, it was testified, was distributed in blocks of \$500.

Despite the money used to influence members of the legislature against the bill, a compromise measure was finally adopted which gave to the excise commissioner only 40 per cent of the income of the office.

Just who paid the boodle money has not been divulged.—St. Louis dispatch.

## WANTS VINDICATION.

Governor of Arkansas Asks for a Third Term of Office.

Governor Davis in an address to the Democracy of Arkansas today, announced his candidacy for a third term. He asks for vindication. He says, "Charges involving my honor and the good name of my father and mother were preferred against me without the slightest pretext and hurled broadcast throughout the press of this nation. My impeachment was sought, a price was placed upon my official head, and a deep laid, well considered, far reaching scheme was entered into to ruin me. It failed; the Legislature did not have the courage to carry out the program. Therefore I am a candidate for governor and I solicit the support of my friends. If we can whip this political crowd once more I think a victory will have been achieved for the people of this state. I am ready to make the fight. Will you stand by me?"—Little Rock, Ark., dispatch.

## The Public Went Ride.

The Connecticut Railway and Lighting Co. made an attempt to run their cars this morning with deputy sheriff and Pinkerton guards on the platforms, but the public boycotted the service.

No disorder took place during the morning hours. Sheriff Hauley took command of the situation today and announced that he would tolerate no interference from Mayor Mulverhill, whose sympathies are with the strikers.

The city is in the grip of the strikers and troops will be called out if the reign of terror is not ended soon.—Bridgeport, Conn., dispatch.

## Sheep And Cattle Perish.

Great Falls, Mont., May 16.—The heaviest cattle and sheep loss in the history of Montana, the damage of which will foot as high as \$5,000,000, has been caused by the terrible snow storms which have been raging for the past three days. In many sections fully 90 per cent. of the sheep on the ranges have perished. The herders who wandered away in the blinding storm were frozen to death.

## No End of Homicides.

The newspapers of today are filled with accounts of homicides. It is remarkable to what extent the disregard for human life has grown in the last few years. If one man has a misunderstanding with another now-a-days it is usually the thing for him to arm himself with pistol or rifle and seek redress in this way and then when indicted for murder he pleads self-defense or insanity and generally succeeds in escaping just punishment.—Wilmington Messenger.

## LONG AND SHORT HAUL.

Important Decision by the Federal Supreme Court.

The supreme court, in the case of the Interstate Commerce Commission vs. The Louisville and Nashville, Western and Alabama and Atlanta and West Point railroads laid down the theory that railroads have the right in some cases to charge more for a short haul than for a long haul.

It is held that the roads in question have a right to charge more for the haul from New Orleans to La Grange than for the haul from New Orleans to Atlanta, although La Grange is 70 miles nearer New Orleans.

Justice White, who read the decision, explained that Atlanta was a competitive point and that the rate would have to be based on the rate to that point, so that the railroad shipping from New Orleans to La Grange would have to charge the rate from New Orleans to Atlanta with the rate from Atlanta back to La Grange added.—Washington dispatch.

## Unpaid Money Orders.

Every year thousands of drawn money orders are not paid. In England last year the Postoffice Department realized from this source nearly \$500,000. Under the British law money not claimed reverts to the government after one year has elapsed. Under our laws, or postoffice regulations, a money order is regarded as an obligation of the government, to be honored whenever presented. Notwithstanding, unclaimed money orders and postal notes on the 30th of April amounted to about \$5,000 a month, or \$60,000 a year.—New York Press.

The witnesses for the state are all former members of the house of delegates.

## EX-LIEUT. GOV. KILLED.

Not Quick Enough With his gun and the Other Fellow got Him.

A shooting affray which resulted in the killing of ex-Lieutenant Governor Clay Knoblock, occurred early this morning on Main street and created a great deal of excitement. The shooting was done by James Garault, a well known barber.

The trouble leading up to the killing is practically unknown. It took place in a section of Main street that is usually crowded. The hour was early though, and not many people were out. Several witnesses of the shooting were found but they refused to talk, further than to say that Garault shot in self defense.

The two men were seen talking together when suddenly Knoblock drew his revolver. It seems that he experienced some trouble with the weapon and it failed to explode. Meantime, Garault whipped out his pistol and opened fire on his adversary. That his aim was true is established by the autopsy held by the coroner, who found five wounds in the dead man's body. Any of the wounds would have proved fatal. The dead man did not get a chance to use his revolver after the other man got his out. Garault surrendered to the officers.—Thibodeaux, La., dispatch.

## Cashier Disappeared.

A warrant was issued tonight for the arrest of Oliver T. Sherwood, cashier of the Southport National Bank, and son of E. C. Sherwood, president of the bank, who disappeared from here last Thursday. Sherwood is charged with defalcation of between \$50,000 and \$90,000 of the bank's funds. Sherwood was president of the Wilbur Camp Mining Company, of Colorado, and the executor of a number of estates in this county. It is feared that the mining company and the estates may have suffered losses also. Friends of Sherwood say that his disappearance is brought about by insanity, induced by over-work. The bank officials are authority for the statement that the books show evidence that the over work was due to his fear of discovery and attempt to fix the books so that the shortage might not be discovered.—Southport Conn., dispatch.

## Lynched for Murder of Cousin.

Naldosta, Ga., May 19.—A special from Madison, Fla., says that a mob entered that city last night, secured the keys to the jail from the night watchman, took out Washington Jarvis, a white man, and lynched him. Jarvis was carried some distance from the city, tied to a tree and shot to death. He was accused of murdering his cousin, John Waldrop. The night watchman was blindfolded and held captive until the mob finished its work.

Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by James Plummer.

## THE BLEACHED BONES

of Ten Thousand Deluded Lost Lie Scattered Over the hot Scorching Sands.

of King Credit's desert wastes. Right there is the cemetery where lie Ambition's jeweled babes. It is the common end of the haughty rich and lowly poor. The bloated bond-holder and the heaving, struggling ranks of poverty, the conquerer and the conquered go hand in hand marching to defeat in its depths of ruin.

This only goes to show that spot cash, when you sell, spot cash when you buy, is the only way to get value received for the life-blood that falls from your brow in big cold sweat drops.

'Tis the almighty dollar that presses values to the lowest notch.

'Tis the weight of dollars only that saves you from the sheriff's lock and key and your family from despair. The biggest stock you ever saw bought on credit is like a last year's bird nest, a poor thing indeed. Spot cash is the lever we use to press down values and how well we do it is attested by our figures. We underbuy, we under-sell. You have toiled and waited. At last your opportunity is here and you have the judgment to know it.
