One family in this county certainly holds honor higher than curiosity, and has not the least desire to open a sealed package that has been in its possession for over thirty years.—Charity and Children.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

A Good Name.

If boys knew what golden capital "good name" is they would work hard to get it. Well did the wisest man say that it "is rather to be chosen than great riches." It has helped many a man to acquire riches. It is of great importance to a boy what the men of his place say of him. Never fancy that they do not know you, that they have no interest in what you do. Every business man sees and estimates the boys who passed before him at pretty near their own worth. Every man with sons of his own takes an interest in other men's sons. There is nothing like obliging ways to make friends of people and lead them to speak well of you. That will be a stepping stone to your success in life.—Selected.

This place is in a high state of cultivation, has an abundance of timber and water on it, a large number of first-class dwellings, barns and other necessary out-houses on it, also well of good water and two creeks. 125 acres are open for cultivation and the balance is in valuable timber. It has a fine meadow and 25 acres of bottom land. A vein of gold and silver bearing ore runs through the place. Good wages can be had here by panning gold in the branch near by. This tract lies just to the left of the railroad, 1/4 of a mile from the postoffice. Owing to the many granite quarries at this point and the constant increase of workmen, the location and price of this property makes it an unusually choice investment. There is a good prospect of gold on the place.

(5) 66 1/2 acres, 1 mile of Granite Quarry, on the Yadkin Railroad. This tract is divided into three parts: a—20 acres, has a good two-story dwelling and outbuildings on it, about 10 acres timbered; price \$600. b—30 acres, no buildings, 15 acres timbered, 5 acres splendid meadow, fronts on Crane creek with enough water for a mill; price \$500. c—10 1/2 acres open land with 4 or 5 acres of good meadow, fronts on railroad; price \$200. This property can be bought as one tract if desired, or, if a larger farm is wanted, the 46 1/2 acres mentioned above, which adjoins this, can be added, making 112 1/2 acres, a very convenient place.

No. 6. 7 1/2 acres first-class mining property, containing several undeveloped veins of gold bearing ore. The ore has a gold value of \$8 per ton near the surface. This property is in a gold bearing belt and promises to be an excellent dividend payer if it is worked. Price reasonable.
