SEPTEMBER 11, 1903.

The most wonderful and remarkable contortionist in the newspaper arena of North Carolina is our contemporary, the Charlotte News. The snap judgment of the legislature in enacting the Watt's law; the chartering of the Audubon Society, without a dozen farmers connected with it and very few land owners, on whose soil the birds live, hence the owners of the birds, being unconsulted as to their wishes in the least, but who must submit to the "majesty" of the law, prohibitive and compulsory measures among a people reared in the cradle of liberty—by the declaration of independence, nurtured by a constitution of freedom and popular sovereignty, are all not submitted to quietly as giant strokes at the roots of personal liberty and Democracy, but upheld, endorsed and urged to be enforced, coerced, by a paper trying to have the public to understand it to be a beacon light of Democracy towering upon the very crest of the lofty eminence. We would prefer not to make such remarks about a neighbor, but as we see it, the error of its way calls for examination, and the lack of genuine democracy in democratic ranks as indicated above and upheld by our brother, is doing such great injury, the political party of such name is becoming a mere farce, a small consequence in proportion to that of the people's general welfare and the cause of public rights, that we feel some gentle rebuff is justifiable. Another reason we dislike to disagree with our neighbor, even in the most friendly way, is, he does not tote fair. He unkindly and without warrant, stated we presumably wanted toleration for the distiller and the saloon. We corrected this, but it was ignored. He presumed again as to our definition of Democracy. Both times wrong, both times corrected by us and both times ignored by the News. To us, this is very discourteous treatment, really causing some surprise. Democracy is good, Democracy is the very best form of government possible, but the great difficulty is to get the administrators, from the most secluded subject to the highest servant to keep in the harness, and on the other hand the most corrupt government possible is a corrupt democracy, dishonest, reckless and careless administration with disinterested and disheartened supporters. We need a great Democratic revival or something to take its place, and our neighbor is doing yeoman service in the preparations.

The Anti-Saloon League will make an effort to have Judge W. H. Mann, of Virginia, come here and make a few speeches during the campaign.

**Biltmore.**  
We are having some fine showers along now.  
The farmers are busy making fodder and tops along now.

#### Reader Branch.

We are having fine seasons now. Cotton is opening rapidly, and farmers are preparing their land for the fall crops.  
The molasses factory at J. W. Basinger's will soon be in operation, handled by Levi Trexler & Company.  
Mrs. Kate Parker, of Trading Ford, visited friends and relatives in this vicinity recently.  
Capt. Jno. Bost passed through here last week with his wheat grader.  
Jno. Trexler & Sons have ordered a new cotton gin, which they will put in operation this fall.  
There are nine mail boxes at Liberty X Roads.  
Some of our farmers are making hay.  
Cotton picking is in progress. I think there will be an average yield of cotton this year, and that corn will be better than was expected.

TOM DODGER.

#### Mysterious Circumstance.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at all druggists.

#### A Very Special Request.

I most respectfully and earnestly request all who were pupils of Dr. Braxton Craven to send me at once on a postal card their name and postoffice address. I feel sure that all former pupils will do this much for the sake of their great and revered preceptor.

Respectfully,

# GRADUAL DECLINE

This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.

## FOLEY'S KIDNEY CURE

You begin to feel better at once when taking as it stimulates the heart, increases the circulation and invigorates the whole system. It strengthens the urinary organs and gives you new life and vigor.

**Chicago Business Man Cured**  
Foley & Co., Chicago, Gentlemen:—About a year ago my health began to fail, I lost flesh and never felt well. The doctor thought I had stomach and liver trouble, but I became convinced that my kidneys were the cause of my ill health and commenced taking FOLEY'S KIDNEY CURE. It increased my appetite and made me feel stronger, and the annoying symptoms disappeared. I am now sound and well.—J. K. Horn, 1354 Diversey Blvd., Chicago, June 11, 1902.

**Cured His Wife**  
E. C. Watkins, sexton of the Methodist Church, Springfield, Pa., writes: "My wife has been very bad with kidney trouble and tried several doctors without benefit. After taking one bottle of FOLEY'S KIDNEY CURE was much better, and was completely cured after taking four bottles."

**One Bottle Cured Him**  
A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but a one-dollar bottle of FOLEY'S KIDNEY CURE effected a permanent cure."

#### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### FARMS FOR SALE.

(2) The big farm, 866 acres, belonging to J. A. Setzer, lying near the thriving village of China Grove, is offered for sale. Mr. Setzer being engaged in another business in Georgia. This place is in a high state of cultivation, has an abundance of timber and water on it, a large number of first-class dwellings, barns and other necessary out-houses on it, also well of good water and two creeks. 125 acres are open for cultivation and the balance is in valuable timber. It has a fine meadow and 25 acres of bottom land. A vein of gold and silver bearing ore runs through the place. Good wages can be and have been made panning gold in the branch near by. In short this is one of the largest and most valuable places in the county. Price \$20 per acre.

(3) 100 acres, a portion of No. 2, will be sold separate if so desired. Same price as above.

(4) 46 1/2 acres, at Granite Quarry, right among the rocks, this county. This is good, level farm land with a good two-story dwelling, a barn and other out-houses, a well of splendid water, a good orchard of choice fruit, and about 15 acres of thick wooded land. This tract lies just to the left of the railroad, 1/4 of a mile from the postoffice. Owing to the many granite quarries at this point and the constant increase of workmen, the location and price of this property makes it an unusually choice investment. There is a good prospect of gold on the place.

(5) 66 1/2 acres, 1 mile of Granite Quarry, on the Yadkin Railroad. This tract is divided into three parts: a—20 acres, has a good two-story dwelling and outbuildings on it, about 10 acres timbered; price \$400. b—30 acres, no buildings, 15 acres timbered, 5 acres splendid meadow, fronts on Crane creek with enough water for a mill; price \$500. c—16 1/2 acres open land with 4 or 5 acres of good meadow, fronts on railroad; price \$200. This property can be bought as one tract if desired, or, if a larger farm is wanted, the 46 1/2 acres mentioned above, which adjoins this, can be added, making 112 1/2 acres, a very convenient place.

No. 6. 7 1/2 acres first-class mining property, containing several undeveloped veins of good gold bearing ore. The ore shows a gold value of \$8 per ton near the surface. This property is in a gold bearing belt and promises to be an excellent dividend payer if it is worked. Price reasonable.
