A BIG SWINDLE!

There is no bigger cheat in anything than in the jewelry business, unless possibly it is in spectacles. There are so many manufacturers who just make it to look and to sell, without any regard to its wear, and so many dealers who buy and sell the very cheapest they can get, simply because there are very few people who can tell a cheap piece from a good one.

When You Buy Jewelry,

unless you are a judge and an expert, you are simply at the mercy of the one you buy from. We have made the jewelry business a study for the past nineteen years. We DON'T CLAIM TO KNOW IT ALL, but we do claim to know "a thing or two" about jewelry. A great portion of this time we have sold jewelry in Salisbury and undoubtedly the people should know a thing or two about us. Suffice it to say, our business is larger than ever before and we will TELL YOU WHY LATER.
