Supreme Court Holds Place of Delivery to be Place of Sale.

Charlotte Observer. An exceedingly interesting and altogether unusual state of affairs has developed from the passage of chapter 349 of the acts of the Legislature of 1903, entitled. "An act to prohibit the manufacture, sale and importation of liquors in Cleveland, Cabarrus, Mitchell and Gaston counties." Sections 1 and 2. which are the substance of the act, read as follows:

"Section 1. That it shall be unlawful for any person, firm or corporation to manufacture or barter or sell any spirituous, vinous, malt, fermented or other intoxicating liquors in the counties of Cleveland, Cabarrus, Mitchell and Gaston.

"Section 2. That the place where delivery of any spirituous, malt, vinous, fermented or other intoxicating liquors is made in the State of North Carolina shall be construed and held to be the place of sale thereof, and any station or other place within said State to which any person, firm, company or corporation shall ship or convey any spirituous, malt, vinous, fermented or other intoxicating liquors for the purpose of delivery or carrying the same to a purchaser shall be construed to be the place of sale: purposes only.'

Raleigh, March 4.-Attorney A. D. Ward, of Newbern, assistant to the Attorney General in the case in which the State is seeking to set aside the injunction and the temporary receivership of the Atlantic and North Carolina Railway, arrived today from Charleston, where yesterday he procured an order from Judge Simonton, of the United States Court, stating that the latter would be here March 10th to hear argument in this case. Mr. Ward reported today to Governor Aycock and to Attorney General Gilmer. He says that Judge Simonton stated that he with him in the hearing of this notable matter. The State ofin that belief.

is scarcely any doubt that the receivership of the Atlantic & North Carolina Railway will be made permanent, but that as soon as the Governor negotiates a lease the receivership will be dissolved and the lease made, and that the road will be leased is an assured fact.
