And the Vote Will Then be Over. Misses Ward and Shaver Still Lead.

It is not for a moment to be believed that the last week is a harbinger of the closing week in the voting contest. The GLOBE has no canvasser at the present but will have in a few days. When this is done, interest will be greatly magnified. The votes today and tomorrow will be worth more than they will next week.

RULES AND REGULATIONS OF THE CONTEST:

First.—Any young lady over 16 years of age may be nominated at any time, provided she is endorsed by two well-known citizens of Rowan county.

Second.—Three judges agreeable to the candidates will be selected to officially announce the winners. ONE GIRL WILL BE CHOSEN FROM THE CITY OF SALISBURY, SPENCER AND SUBURBS, AND ONE FROM THE COUNTY AT LARGE outside of Salisbury and Spencer. The contest for the lady from the country will include Gold Hill, China Grove and the smaller towns of the county.

Third.—Matters properly concerning the tour will be settled by the wishes of the majority. The winner shall have the right to name a proxy if unable to attend herself.

Fourth.—Only one name can be written on a coupon. The vote of one candidate cannot be transferred to another. Ballots will be placed in the box only by the publisher of the GLOBE, or by his book-keeper. A coupon like the one here printed will appear each week, and when cut out and properly filled, will count as one vote at this office.

Fifth.—Voting will commence Wednesday, January 20, 1904, and will close Saturday, April 30, 1904, at 7 o'clock in the evening. Coupons over ten days old cannot be voted. Votes will be counted each week and the totals announced in the GLOBE. No coupons will be sold, but to each new or old subscriber paying one dollar will be given a coupon which will entitle the holder to fifty votes, if the dollar is paid before the first day of March; forty votes, if paid between March 1 and March 31, and thirty votes if paid between April 1 and April 30, at 7 o'clock in the evening. For every dollar paid on subscription the subscriber will be entitled to fifty, forty or thirty votes, according to when the dollar is paid.

The object of this distinction being to place a premium on early payments of subscription. Hurry up and pay your subscription and vote for the lady of your choice.

PRIMARIES MAY 28TH.

The Executive Committee met. The Convention to be Held June 4th. Other Notes.

The Democratic Executive Committee of Rowan county met Saturday in the court house and was called to order by Jno. M. Julian, chairman.

In a short speech Mr. Julian declared the object of the meeting and the order of business was then begun.

Rev. Dr. J. N. Stallings on behalf of the Anti-Saloon League, appeared before the committee and asked that those who vote in the primary be not required to support a candidate unless they so desire. This request of Dr. Stallings was signed by President N. B. McCannless and many others.

Walter Murphy, Esq., opposed this measure as did others, vigorously, and it was lost.

Mr. Overman moved that the time for holding the primaries and convention be called. He suggested that Saturday, May 28, be the primary election and the following Saturday, June 4, be the day of county convention.

After discussion, this was adopted.

It was moved by Mayor Boyden that the usual qualifications of voters at the primaries obtain in this election and that the call to voters be made as heretofore. This was heartily re-affirmed.

It was moved by Mr. Lonnie Harris and carried that a precinct be established at J. P. Wise's for the convenience of voters at this primary.

Twenty-six members of the county executive committee were in attendance and the enthusiasm was of the kind that bodes ill for the Republican that goes up against the Rowan Democracy.

[NOTE: The editor of this paper wrote the article in the Sun and lifted it bodily from it. In Monday's issue Dr. Stallings declares that he appeared in behalf, not of the league, but in individual capacity as a promoter of Democratic interests. He also says Mr. McCannless and others did not sign the petition as Anti-Saloon members, but as Democrats.]

We gladly make these corrections, having been given the skeleton only of the meeting, not even being in attendance ourselves. We have never questioned Dr. Stallings' unbending Democracy, and did not so intend in the article mentioned. Ed.]

LOCAL NEWS.

Col. J. C. Steele, of Charlotte, was in Salisbury yesterday.

Say, ain't it about time you were voting for your favorite? Only four more weeks.

Frank Trott, who has been living in Charlotte for the past year, left last night for Washington, D. C., where he will reside in the future.

The families of Messrs. Richard Eames, Jr., and Walter Blackmer, will move soon to New York City, where business interests call them both.

Dr. T. Walter Grimes who purchased the Isenhour and Bean stock of drugs last week, the consideration being \$4,100 opened his stock today and will continue there for the future. Mr. J. B. Isenhour goes with Theo. F. Klutz & Company.

Earle H. Thompson left last night for St. Louis, Mo., where he has been appointed by Senator Overman with the National Guards at that place. It is an honor, Mr. Thompson being one of the two from this State. He will be gone about eight months.

John O. Benson left yesterday morning for Cooleemee where his father was hurt Monday in the roller mills there. In the discharge of his work, Mr. Benson's hand was caught and the right arm broken badly. The broken bone protruded through the flesh and the injury is very serious.

Mr. Jno. W. Glover, one of the very finest shoemakers in the country, will give up his work this week and go next week to Statesville with his Ferris wheel. He will join the Pierce Carnival Company. This necessitates his being from Salisbury most of the time, a cause for regret, Mr. Glover is a most excellent citizen.

OFF TO WILKESBORO.

A Large Delegation Goes to the Convention There.

Messrs. J. H. Ramsay, Jno. L. Rendleman, W. Henry Hobson, Jr., Jas. D. Dorsett, T. H. Stewart, Theo. Atwell, Dan Goodson, Chas. Viele, Victor Correll, R. N. West, Chas. J. Kesler, B. A. Knox, Jesse P. Crowell, Jno. E. Ramsy, T. M. Kern, Lee C. Mock and R. F. Coble, delegates to the Republican convention at Wilkesboro, left this morning to take part in the nomination of a candidate tomorrow. There were several alternates in the party too.

These delegates go instructed for A. H. Price, Esq., and will make a hard fight for him.

There never has been such a contest for a Republican nomination in this State, and in this district, regarded by Democrats as safely Democratic, the Republicans are of the opinion that they can win. For personal reasons and because of his clean record and uniform popularity, we want to see Mr. Price nominated, but for political advantage grounds, we'd like to see E. Spencer selected as standard bearer. He will be easy to beat.

Mr. Blackburn you are a nice looking young fellow, in fact you are a dude, a pretty man, just the kind a Grecian goddess would have stolen two thousand years ago; but mark this, it is written in the heavens, and on every leaf and twig and blade of grass, that when the Democrats get through with you, there'll be nothing left to appoint a receiver over.

System for Firemen.

Monday night the firemen met and discussed some changes in the present system of the firemen, among these was the agreement that only responsible persons be allowed to mount the fire wagon and any others than those in charge should be indicted for so doing.

It was resolved that in the future all firemen shall go through the main entrance of the city hall and through the hallway to the door connecting with the city stable to secure fire suits. This is done in order to prevent the demoralization of the horses by stopping them after they have started from the hall and also to avert danger of bystanders.

Chief Wallace was authorized to prepare a set of rules with reference to the conduct of the individual members at a fire.

Mass Meeting.

As will be seen in the address of the county committee of the Anti-Saloon League there will be held in the court house, at 12 m. next Saturday, a mass meeting of the opponents of the liquor traffic. It is expected that Mr. J. W. Bailey of Raleigh, and others will address the meeting. Come one and all.

Anti-Saloon League.

The next meeting will be held next Tuesday evening at 8 o'clock, in the room on W. Fisher St. next door to Cornelison & Cook's, No. 105. That meeting will be very important, because the officers for the next year are to be elected there. It is hoped there will be a full attendance. Respt. J. N. STALLINGS, Pres.

Prospecting for Gold.

Mr. S. V. Blake, a prominent attorney of London, England, is having some gold prospecting done on Mrs. M. A. Smith's property at Nalls. Mr. Black came to Pinehurst in the winter, hoping to improve his health, and learning of the gold in this section, he came to Montgomery, and among her craggy hills he is trying his luck at mining. He is accompanied by his wife. They will start back to London about the first of April.—Troy Examiner.

A Big Dinner.

On his 62 birthday, the friends of Mr. B. Turner Thompson, of the county, met at his home and gave him a most royal pounding. There were nearly 200 of them, and such a spread is rarely seen anywhere. Several Salisburyans were there. Music and various games came afterwards, and all in all, it was one of the exceptional days of a lifetime.

SPENCER'S NEW BUILDINGS.

A Very Fine one and Decidedly a Business Block. Fine Bank Apartments.

The new brick building on Salisbury Avenue in Spencer is occupied now and is one of the hand-somest structures in this section of the State. It is a three-story building and one of the busiest imaginable. The Wachovia Loan and Trust Company has the very finest quarters in it in addition to which are to be found Dr. J. W. Young's office, Gorman & Green, jewelers, Green Bros., tailors, Ruffy & Hedrick, grocers and Smoot Brothers & Rogers, clothiers. Dr. J. W. Carlton will soon open a dental parlor. On the third floor there are two beautiful lodge rooms. The building is an ornament to the town.

POSTOFFICE ABOLISHED.

Salisbury Free Delivery Takes the Place of Gold Knob. Sickness at that Place.

Correspondence of the GLOBE. Gold Knob, N. C., March 30.—Gold Knob postoffice has been discontinued since the rural route has been established from Salisbury.

Peach trees are blooming, turtle doves are cooing, whippoorwills are singing and all indications are, that spring is at hand. [And the polar bear is seeking a summer resort.—GLOBE.]

Mrs. Paul Barger is still in feeble health, but we hope for her a speedy recovery.

Robt. L. Phillips returned home Saturday last from Cabarrus county where he has been teaching school. Mr. Phillips will enter school at Crescent.

Corn planting is near at hand and the farmers are taking advantage of the beautiful weather by turning their ground and preparing their soils. Wheat is looking well over this warm weather, while oats is a failure in some cases. Mr. Paul Barger has the finest oats in this section while Mr. Paul Phillips comes with the finest wheat.

Capt. J. A. Gill, superintendent of the stamp mill at this place, came very near losing one of his eyes by getting a piece of flint in it last week.

Well! alas, alas, the rural free delivery from Salisbury has been established at last, and guess every body (or some at least) have been satisfied, we hope so. If some people owned the United States they couldn't be satisfied until they had the Atlantic ocean for a bathing house.

Andrew Barger, of this place, sold two fine calves to R. A. Eller the butcher. One was 4 months and 23 days old and weighed 302 pounds, the other was 3 months and 22 days old and weighed 250 pounds. Who can beat that for stock raising.

We note that "Bro. X." of Manning, wants to say "amen" to "A Word to Correspondents". Good, we say "amen" too, but first we would like to ask Bro. X., which is more "dead stuff," as he terms it, to write, the visits of young gentlemen and their escorts through the columns of a newspaper, or to announce that your "beloved old bachelor" has purchased a new suit of spring clothes? If the "old bachelor" is able to buy a suit of clothes and needs them, let him buy it. He isn't the only man that can wear spring suits.

Mrs. Joie Miller, formerly of Rockwell, but now living with her daughter, Mrs. J. M. Trexler, of this place, is very sick. She is convalescing at this writing.

Sunday school was reorganized at St. Peter's Church on Sunday March 27th. The following officers were elected for the ensuing year: For superintendent, Julius Fricke; first assistant, Arthur Klutz; second assistant, F. A. Earnhardt; for secretary, Henry Park; assistant, Jno. L. Trexler; librarian, William Proctor; organist, Miss Roxie Trexler; assistant, Miss Frances Park; treasurer, J. M. Brady. LEE.

Mr. William Julian Dead.

Mr. William Julian, who has been in the worst of health for the last three years, died last night at his home at 8 o'clock. For the past year he has been wholly incapacitated for work.

Mr. Julian was nearly 58 years old and had lived a long time here. He was a member of St. John's Lutheran church, from which place he will be buried to-morrow morning at 10 o'clock.

A Successful Negro Farmer.

At the close of the war Uncle Isham Dean was about thirteen years of age, but he went to work at once and have worked all his life. He has always attended to his own business and has never known what it was to have trouble with either white or black. He owns nearly three hundred acres of land—all paid for—and is living a happy, contented life. He has no boys but his girls—five in number—have worked in the field and helped to accumulate his property. Ex.

MR. KERSCHNER HURT.

Lost his Foot last Night by Accident at Spencer.

Last night as he was returning from Lexington, Mr. Hippman Kerschner, the son of Rev. L. M. Kerschner, pastor of the Presbyterian church at Chestnut Hill, was thrown under the car wheels at Spencer and his foot cut off.

Mr. Kerschner was a passenger and was preparing to alight from the train. He failed to see a large trunk against which he jumped and rebounded under the wheels. His right foot was mashed above the ankle so badly that it had to be amputated. He is but a young man, and the deprivation of his limb is unfortunate in the extreme.

A Phantom Phake.

And now comes the shoemaker's Journal and assures us that child labor makes criminals. It says abolish child labor and the penitentiaries will soon be empty.

This is what we have been looking for and waiting for. We had heard that whiskey caused most all the crime; it had been said that idleness was the main cause of most of it. Gambling has been held up to scorn because it made otherwise honest men steal—but now we get it that child labor is the cause of it all.

This may be true, and if it is, there is hope. It has always seemed to us that there was a great deal of maulin rant and rot about this child labor business. Of course, it is true that some children know no childhood—they are early put to the treadmill work—but there is no evidence yet in that honest labor ever started a child towards the penitentiary. No child should be compelled to work ten or twelve hours a day—and no child would be compelled to thus labor were it not for parents who not only permit it but force it. All this fool del about child labor makes some people who have investigated tired. You will generally discover that when a child labors all of its life that its earnings have gone to help support an indolent mother or a drunken father.

The old codgers who loaf around cotton mill towns with no visible means of support except to carry meals to the "chilrent" are worthless and wearisome. Organized labor these days objects to "child labor" because it does want to see and when it can help it will not allow apprentices. This is why Shoemaker's Journal is talking so bravely against the "evils of child labor."

Were the hundreds of idle kids who loaf around towns smoking cigarettes and planning mischief put at work, the chances are that they would make better and more useful citizens when they reach maturity.—Fairbrother's Everything.

For Smoot and Lentz.

MR. EDITOR: The Gold Democracy with its suburban and neighboring population rises to say that we want W. B. Smoot from Salisbury and H. C. Lentz from China Grove to represent us in the next House of Representatives of North Carolina. Give us Smoot and Lentz and we'll roll up an old time Texas majority that will give the Republicans a genuine case of nervous prostration. W. C. LISK.

Taking the Accounts.

B. B. Miller, Esq., who is both referee and receiver for the Gold Hill Copper Company, heard the accounts and judgments against that company yesterday. The hearing will be resumed in New York City April 14. The amounts are over \$200,000.

Thinks Parker is Winner.

Hon. Theo. F. Klutz who has been at home a few days, thinks Judge Parker of New York is the man who is going to stand the best chance of receiving the Democratic nomination. That, he says, is the Washington sentiment. He doesn't expect Congress to adjourn until after May 1st, and thinks also, that the Smoot case and Postoffice investigation will be discontinued until after the election.

Prof. Jno. D. Hodges, of Davie county, was in town yesterday.

NORTH CAROLINA-LAFAYETTE.

Do Battle on the Diamond. Carolina Loses Both Games. Dr. Henderson's Lecture.

Chapel Hill, N. C., March 25.—Carolina and Lafayette played a long and uninteresting game of ball here today resulting in a score of 11 to 8 in favor of Lafayette. Several times the Carolina boys went to sleep and were caught napping on bases. Hobgood for Carolina pitched a good game but was very wild, giving 8 bases on balls, struck out 6 men.

Lafayette has a good fast team, the best they have ever brought South.

Score:	R	H	E
Carolina	8	11	4
Lafayette	11	8	3

Battery: Carolina, Hobgood and Noble; for Lafayette Johnson and Erwin.

Second game will be played here tomorrow afternoon. Worth Murphy, who has been sick for the last two weeks, will probably pitch this game. Carolina boys showed a marked superiority over the Lafayette crowd in batting and in every way showed we are going to have one of the best college teams in the South this spring. Mowen our new first baseman played a splendid game and bids fair to rival our old reliable Earl Holt who is now teaching at St. Albans.

Hart at short stop is considered much better than Carr was last year. Hal Worth on third has not put up the game he is capable of, but we are expecting him to improve a great deal. Cheshire second base, Donnelly left field, Oldham centerfield and Noble catcher, are all old players and helped to put our team where it was last year. Hobgood in the box is entirely too wild, but otherwise is an unusually good pitcher and if he can get his control down, will make one of the best college pitchers in the South. Worth Murphy is steady at every point and we are expecting him to pitch better ball this year than he has ever done. He has good speed, splendid control, fields his position well and will probably make our most reliable pitcher.

Dr. Archibald Henderson, Prof. of Mathematics, gave a very interesting and instructive lecture on "Ibsen" last night in the Chapel. Dr. Henderson not only showed thorough familiarity with his subject, but displayed an inherent genius as a speaker, and his lecture was thoroughly enjoyed by all.

J. W. T. [NOTE: North Carolina lost the second game by a score of 6-2 Ed.]

W. L. KLUTZ, SR.

This is a cut of Rowan's Chairman of the County Commissioners, an ideal self-made man and a most conservative public servant. Eighteen of his years have been spent as a member of the County Fathers, ten of these being as chairman. In fact, almost all of his life has been spent in the county's service. He is 58 years old, and at 18 enlisted in the Confederate army, after which he began his business life as a salesman. He is a stockholder and director in the Salisbury Cotton Mill, also in the Rowan Knitting Mill, President of the Building and Loan Association, Treasurer of the Heptasophs and of the Rowan Branch of the American Bible Society. He holds other places of honor and trust, offices placed upon him without the asking and their meaning is worn with ability and becomingness.

Mrs. Jas. I. Lee, of Greensboro, is visiting her aunt, Mrs. W. R. Barker.
