falling of the hair, also. There's great satisfaction in knowing you are not going to be disappointed. Isn't that so? My hair faded until it was about white. It took just one bottle of Ayer's Hair Vigor to restore it to its former dark, rich color. Your Hair Vigor certainly does what you claim for it."—A. M. Boggs, Rockingham, N. C.

Fading Hair

He is survived by a widow, who was Miss Eleanor McKay, and one son, Mr. Athel Miller. Mrs. Ramsay, of Salisbury, C. N., was his sister. NEWLAND AND BLACKBURN.

Will Appear Before Canvassing Board. Gov. Aycock's Opinion.

The Raleigh Correspondent of the Charlotte Observer says: "Gov. Aycock was interviewed today on the result of the North Carolina election. He said: 'The Republicans seem to take some comfort from the returns in this State. There is nothing in the returns which justifies this cheerful view. There is not a Republican in this State including the State Chairman, who can claim fifty men who have left the Democratic party in the last two years. The Democrats being entirely satisfied over the result refrained in large numbers from voting. The Republicans having been led to believe that they had some hope turned out, and voted, without changing their political conditions.'

The Governor gives notice that the State canvassing board will meet here December first. Newland and Blackburn, the contestants in the eighth congressional district, will, it is understood, appear before it."

Rumored Changes Among S. A. L. Officers.

There are various rumors of impending changes in the Seaboard Air Line officials. The rumor is circulated that Superintendent Hix of the first division is to be promoted to general superintendent. Superintendent Hudson of the second division is to succeed Mr. Hix as superintendent of the first division and that Train Master Shay is to be promoted to superintendent of the second division.—Raleigh Post.

Letter to A Salisbury Lawyer.

Dear Sir: What's the penalty for making or selling short-measure paint in your state?

And does it make any difference, if three-fourths of the paints are short-measure?

Is seven pints a full-gallon or a fool-gallon?

What's the penalty for making or selling white-wash for paint?

Is white-wash paint, if mixed with a little paint and labeled "Pure mixed paint," or something like that?

But we don't intend to go into the business. We make Devoe lead-and-zinc full-measure and true.

Yours truly, F. W. DEVORE & CO.

MR. BROWN DEFENDED.

A Correspondent Says the Globe Misrepresented Him.

EDITOR GLOBE:—I am sorry you saw fit to write the editorial, which appeared in the GLOBE, pertaining to as good a man as Rev. R. L. Brown. Rev. Brown's long, useful and honorable life in Rowan county entitles him to the very highest respect and confidence of everyone, regardless of party affiliations. In your reply you state some truths, but when you say the Republican party is a sorry set in Rowan county, and the Rev. Brown has done nothing to elevate it, you are very far from telling the truth. You could with as much truth say that the Democratic party is a sorry set in the county, and that one of the very best Democrats has done nothing to elevate it. You know the very best men in our county do not belong to only one political party.

Yours respectfully, C. R. CAMPBELL.

Enochville, N. C.

THE PEOPLE ALL

Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Get it in stamps for sample to The Herpicide Co., Detroit, Mich.
