"THE REVOLUTION OF '61"
 Raleigh, March 11.—The discovery was made yesterday by the Code Commission that the legislature which adjourned Monday passed a local act in such a way that it applies to the whole State and prohibits hunting except from November 20 to January 20. The act is No. 903, to regulate hunting and fishing in Lanesboro township, Anson county. The first section provides that it shall be unlawful to hunt, trap or fish on the lands of another in Lanesboro township, Anson county without the consent of the landowner. The second section provides that it shall be unlawful to kill any partridge, quail, snipe, deer, wild turkey, wild duck or other game birds save from November 20 to January 20 next succeeding of each year. There is no clause limiting the section to Anson county and therefore under the ruling of the Supreme Court in the matter of the noted anti jug law case it applies to the State at large.

CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."
SO SAYS PROF. L. J. MILLER, CHEMIST.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows:
 "As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents.
 "I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health.
 "I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

the capacity increased.
 The secretary of State amends the charter of the American Cotton Manufacturers association of Charlotte so that their annual and other meetings can be held out of the State if they so desire, the change being in compliance with a special act of the recent legislature. At S. Reinhardt is president and C. B. Bryant secretary of the Association.
 The annual contest by representatives of the Leaxer Literary society of the A and M College was held last night and the orators medal awarded to E. G. Potter of Goldsboro, who delivered an admirable address on "The Panama Canal." The judges who awarded the medal were Attorney General R. G. Gilmer, Mr. Joseph G. Brown President of Citizens National Bank and Prof. T. Neil Johnson, of the faculty of the Baptist University for Women. Gov. Glenn was to have been a judge but found it impossible to attend at the last minute.
 There has been presented to the State Library a very interesting booklet of the battles and chronological events of 1861, by T. N. Ramsey. It was printed by J. J. Bruner at Salisbury. The booklet includes sketches of President Davis and Vice President Stephenson, and the writers anticipations of the result of the war makes very interesting reading. It is termed, "The Revolution of 1861."
 A friend of Governor Glenn in commenting on criticism that have been passed on the Governor about an alleged discrimination against Mecklenburg and some other counties in the matter of appointments, said he could not see for the life of him what ground Necklenburg had for complaint. That county has already he said, has the adjutant general, the assistant Judge Advocate General, assistant surgeon, President of the State Hospital at Morganton, member of the board of visitors of the A and M col-

lege, director of the school for deaf and dumb at Morganton, director of the A and M college for colored people at Greensboro, and the appointment of solicitor made just before Governor Glenn came into office. There are 97 counties and this gentleman said it did seem to him that Mecklenburg has a good share. Governor Glenn declares that there is no county in the State for which he has a more kindly or appreciative feeling and this friend says he feels keenly the unkind criticisms that have been made.
 A charter was issued today for the Alma Lumber Co., of Robeson county the capital being \$100,000 authorized and \$35,000 subscribed by P. A. Fore, E. B. Christian and Annie B. Fore.
 Gov. Glenn says the two or three papers that have been sent fit to criticize adversely his action in pardoning the Wake county man Holderheld on condition that he leave the county entirely misconceived the motive and conditions. The idea was not as they constructed it, to palm off a vicious criminal on some other community but purely to get the man in another neighborhood and away from his old associates this being the earnest desire of his wife who was principally instrumental in getting the pardon. Capt. W. F. Moody of whose military company Hilderheld was a member was among others who urged such a pardon. Drink was the man's worst

"Builds up the System."
 Hon. Joseph H. Ridgeway, Secretary of the American Anti-Treat Society, writes the following letter from the Grand Central Hotel, St. Paul, Minn.:

"It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all its claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system.
 "I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years."
 Mr. James B. Taylor, Roberts, Ind., writes:
 "I am at the present time entirely well. I can eat anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doctored with other doctors off and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy my Meals as I Used to."
 Mr. J. W. Pritchard, Wolf Lake, Ind., writes:
 "I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna.
 "It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.
 If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
 Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
