GETS AT THE JOINTS FROM THE INSIDE

CURES TO STAY CURED.

NOT the temporary improvement resulting from dangerous mercury, opiates, alcohol, or potash; not the momentary relief from sharp pain given by liniments; but a searching cleansing of the blood that clears the system of every vestige of the disease, and absolutely

CURES RHEUMATISM.

We know that it should cure because it is compounded in the most scientific manner, of purely vegetable drugs that cannot harm, but build up the entire system. We know that it does cure because hundreds of those cured have written us that it has

LETTER TO GEORGE W. WRIGHT
Salisbury, N. C.

Dear Sir: There are two sorts of furniture. You know both; for you sell 'em both. One sort looks better than it is, and the other is better than it looks. There isn't any other sort.

The same, two sorts of paint, no more; and we make 'em both—we make tons of stuff that isn't worth its freight belongs to the business—have to. Belongs to your business—you have to.

But this is aside. We put into cans, with our name on, the very best paint there is in the world: Devoe lead-and-ine. It takes fewer gallons than mixed paints, and it wears twice as long as lead-and-oil.

Mr. C. O. Brown, Columbia, S. C., painted his house with Devoe lead-and-zinc. The painter, on seeing the quantity sent to the house, said there wasn't enough. There were ten gallons left, when the job was done.

Yours truly,
F. W. DEVOE & CO.

NINETY-TWO MILLIONS PAID POLICY HOLDERS

The Prudential Insurance company of America has added another highly successful year to its brilliant record, an announcement which will cause satisfaction to its millions of policy holders. The volume of paid for insurance issued by The Prudential during 1904 was over \$312,000,000, an amount larger than ever before in the company's history. The assets were increased by \$16,000,000, bringing the accumulated assets up to over \$88,000,000, with liabilities of \$75,000,000, leaving a surplus of \$13,000,000. The annual statement of The Prudential, just published, analyzes these assets and shows them to be of the highest grade.

There was paid to policy holders during 1904 the sum of over \$13,000,000. The company since its organization has paid to policy holders over \$92,000,000.

A fact which strikes the casual reader, and one which goes far to explain the support of the company by the masses, is its just and liberal method of settling claims. Holders of old policies often receive more money than their policies entitle them to, no less than \$5,000,000 having been paid by the company since its formation in such voluntary concessions to holders of old policies.

Write to the Home Office of the Company, Newark, N. J., for informa-

tion concerning The Prudential's policies, which furnish guaranteed protection to the family as well as dividends to the policy holders.

A BIRTHDAY PARTY

Miss Ada Shuping Entertains a Party of Friends Yesterday

Miss Ada Shuping entertained a party of her friends at a birthday party yesterday afternoon.

Little Miss Shuping was seven years of age yesterday, and she, with the rest of her young friends in the full enjoyment of happy childhood, spent a most delightful evening.

Twenty-seven young people were present, all of whom wished the little lady many years of uninterrupted happiness.

Refreshments were served and the young people are looking forward to the time when another birthday shall come around and they shall again have the opportunity to enjoy the hospitality of their young friend.

ITS A STAYER

Comes Quickly, but it Comes to Stay. How a Salisbury Citizen got rid of it

Comes early, stays late. No stranger can be more unwelcome.

Makes life a misery all day long. Keeps you awake nights. Irritates you; spoils your temper. Do you know this unwelcome guest? Ever have it come and stay with you?

Know what it is? Eczema. If you ever have any itching of the skin.

You know how hard it is to shake off. You would like to know how to do it. Let a Salisbury woman tell you.

Read her statement as follows:

Mrs. Laura J. Litton, residing at 329 Fisher street, says: "I have had a breaking out on my right hand which has troubled me for nine years. It was raw and at times kept me awake many a night. I was treated by a doctor but without positive relief and I used everything that was said to be good for it. It itched constantly and was very sore. I obtained Doan's Ointment at the Salisbury Drug store, and one application killed the itching in spite of its long standing for it has bothered me for nine years. The Ointment healed up the sores and the skin had grown all over it. I think it a wonderful cure, and so do my friends."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

VISIONS OF LOVELINESS

Pretty Hats and Prettier Women at Belk-Harry's Opening

Next to a pretty woman the prettiest thing in life is her Easter hat and when the two are found together the combination is irresistible and when a lot of pretty women and a lot of Easter hats get together, The Evening Sun can only gasp for breath. And it gasped good and hard last night at the Easter opening of the millinery department of Belk-Harry's store. The Sun is not given to rash statements but it never before saw all at once so bewitching an assortment of women and millinery and sometimes it was hard to tell which was which for they were blended into a kaleidoscope ensemble that made Aladdin's palace seem commonplace.

Before the door were opened there was an eager throng outside and in a few minutes it was almost impossible to get in, or out, so large was the crowd. The lower floor had been beautifully decorated but the exquisite fabrics received but scant attention, so anxious were all to mount the stairs to the millinery department. Here was assembled a wealth of modish headgear said by competent judges to surpass any exhibition ever before given in Salisbury, even at this store which has gained so great a reputation in this line. The display was in charge of Miss Lease, the head milliner, whose artistic taste in selecting and arranging the Parisian and domestic creations was the recipient of many flattering remarks, assisted by Mrs. Aut Watson who was formerly head of this department. Not knowing anything about hats, The Sun can only say that it has been assured by at least a score of women that "dreams" is the only word to describe them. It would seem worth while to be a woman in order to wear one. For over two hours the opening continued, the early comers when they finally tore themselves away, being replaced by others fully as delighted. Music was a charming feature of the event, which partook of the nature of a social function, and there was nothing but praise for the beauty of the decorations which were planned and executed by James Rann.

WOODLEAF
Woodleaf, April 1—We are all enjoying the pleasant weather that April brings us.

A few of our young people attended the commencement exercises at Salem school house yesterday.

The Third Creek Roller mill has a new miller, Owens Saffey, who is a most excellent young man. We extend to him a hearty welcome.

Thomas Brown went to Charlotte yesterday on business.

J. A. Leifford who has been very sick, is not any better at present writing.

Bobbie Davis, the little son of H. H. Davis, cut his foot a few days ago, inflicting a very serious wound.

The public school's closing exercises will take place some time about Easter, date not known yet.

Miss Rosa Rice went to Charlotte yesterday to visit relatives and will not return for several days.

J. H. Graham says that he killed the largest black snake he ever saw a few days ago.

At present more cotton is being hauled here and sold than last fall. SNAP SHOT.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)
(Save the Lion-heads for valuable premiums.)
