New Orleans, Aug. 11.—In order that no unnecessary risks might be taken, it was announced yesterday, both by Surgeon White and by Father Scotti, in charge of the arrangements, that the funeral of the late Archbishop Chappelle, to-day at 9 o'clock in the morning, was private.

Dr. White said it was a fact accepted by the scientists that yellow fever could not be transmitted by a corpse, but its element of danger is attracting to the cathedral an immense assemblage of people from all sections of the city.

The cathedral is located within the original infected district, within a stone's throw of the French market and there has been fever on all sides of it. Not all the stegomyias below Canal street have by any means been destroyed, and the mingling of people from infected districts with those from non-infected quarters might result in a still wider diffusion of the present sickness.

To Prevent Appendicitis

In a current magazine article an eminent English physician, Dr. Joseph Kidd, takes the lay reader into his confidence and tells him all about the alleged facts concerning appendicitis.

As to the origin of this rather common and perplexing disease, Dr. Kidd says, "the actual exciting cause" in most cases is a chill. "Do not neglect chills," he warns us, "when heated by the exercise, especially after games on grass, or when much fatigued in mind or body." Also, we are cautioned to masticate well, eat slowly, do not swallow any food that is not perfectly softened by the teeth. If you are in a hurry, it is much better to eat half a meal well masticated than to bolt a heavy meal almost whole. Lastly—and upon this special stress is laid—"aperient salts, waters or pills. Far better to let nature do her own work, undisturbed by purgatives of any sort."

This authority goes on to say that the best guarantee against appendicitis is to take care of your general health. If the system be well nourished and the bodily forces well sustained, nature will often work its own cure before the existence of appendicitis is suspected. If the digestive tract is vigorous, the abnormal conditions will often be overcome by the effort which nature will make to restore normal conditions.

Some physicians hold that probably no person reaches the age of 20 years without having had an attack of appendicitis, just as it is claimed that no one reaches middle life without at one time, or several times, having tuberculosis present in some part of the system.—Atlanta Constitution.

ACCUSED OF WHITECAPPING

Warrants issued for prominent citizens of Valdosta Ga.

Valdosta, Ga., Aug. 9.—Warrants were sworn out this morning for several prominent citizens of Lake Park, charging them with whitecapping. Bill Pierce, negro, of that place. The warrants charge them with assault with intent to murder and are sworn out by the negro himself, but under the advice of other white citizens. The men named in the warrant are Justice of the Peace W. T. Corbett, R. W. Wheeler, a merchant, D. W. Jame, Paul Carter and Henry Connell. Several days ago the negro was to leave the community at once the object being to get rid of his testimony in a whiskey-selling case. He consulted other citizens and they advised him not to leave. Night before last a party of men went to his house and took him out and gave him a drubbing. As the beating was being administered to the negro a buggy drove up, which frightened the men away and they left the man about half dead. Deputy Sheriff Crosby went to Lake Park this morning to serve the warrants.

MORTGAGE ON GIRL'S HEART

Austrian Pays Her Fare Across Atlantic But Marries Another Man

(From Sun of Friday)

Wilkesbarre, Pa., Aug. 10.—Joseph Kropkern, of this city, to-day sued for the amount of a mortgage he had upon the affections of Miss Josefy Wassal, because she had married another man after being promised to him. He and the girl's brother are great friends and the match was arranged between them, although the girl was in Austria. Kropkern paid \$45 to bring her here, but when she came he failed to propose, thinking, as he said to-day, that the brother had made a proposal for him and that the marriage was understood. The girl, after waiting several weeks, a couple of days ago married another man, whereupon Kropkern to-day brought suit for the \$45.

Alderman Donohue gave judgment against the girl and ordered it paid.

Mrs. F. L. Robbins left this morning for Wrightsville Beach to spend some time.

MRS. COBB ARRESTED

Alleged That There Had Been Disagreements Between Husband and Wife

(From Sun of Friday)

Royston, Ga., Aug. 11.—Mrs. W. P. Cobb was arrested this morning on the charge of voluntary manslaughter, according to the action of the coroner's jury. It is probable that she will be admitted to bail if she succeeds in securing the necessary bondsmen.

It is said that sensational developments will follow the investigation into the killing of Ex-Senator Cobb by his wife. According to the statements made in this city to-day, Prof. Cobb had received notice about two weeks since, that he had better watch his home.

Before the date of the tragedy which cost the life of the husband, it is alleged there had been more than one disagreement between himself and his wife, and owing to the various rumors and reports sensational developments are expected.

A sensational feature of the coroner's investigation was the evidence of Dr. J. O. McCrary, who was the first physician to reach the scene after Mr. Cobb was shot. He produced before the coroner's jury a revolver and rock, which he testified had been found in an outer pocket of the coat worn by the dead man.

SPENCER'S IMPROVEMENTS

Contract Made For Electric Lights—Bond Money Divided

(From Sun of Friday)

(Special to The Sun.)

Spencer, Aug. 11.—The board of aldermen here is making preparations for the sale of \$35,000 of the \$70,000 of bonds recently voted for municipal improvements, and it is expected the work of building streets sewers, etc., will soon be in progress. The money derived from the sale of the present issue of bonds will be expended approximately as follows: For streets and sidewalks, \$14,000; for sewerage system, \$15,000; for graded school building, \$6,000. In addition to this line of municipal improvements, a water works system will be constructed and operated by H. A. Pressey and others, of Washington, D. C., a franchise for the same having already been granted. The cost of the latter plant will be about \$50,000, according to the plans already adopted.

Spencer has contracted with the Salisbury & Spencer Street Railway Company for a supply of electric arc lights for street purposes. The wires and poles necessary to the operation of the system are now being placed.

Mr. J. L. Hatch, of Winston-Salem, who was recently appointed claim agent for the Southern Railway Company, arrived here yesterday and will make his headquarters in Spencer. It is expected that a suitable office will be erected at a convenient point for the exclusive use of the claim department. Mr. Hatch will have charge of the specific territory between Charlotte and Danville, including the Wilkesboro branch of the Southern. His coming to Spencer is quite an acquisition for the town.

SOUTHBOUND NO. 29 DERAILED

Engine and Several Cars Leave Track at Lynchburg, No One Killed

Southbound train, No. 29, due to arrive here at 8:30 last night, was derailed at Lynchburg, Va., yesterday afternoon at 3:30 o'clock and as a consequence, all Southbound trains are greatly delayed.

Though the wreck was a most serious one, there was no one killed or seriously injured. Two mail clerks were slightly bruised and a few of the passengers shocked by the wreck but their injuries are regarded as very slight. It is considered quite remarkable that there was not a large number killed and injured.

The accident occurred at the bridge which crosses the main channel of the river at Lynchburg and just a short distance beyond the depot. The engine and all but one of the several coaches of the train were derailed. The bridge is of iron trestle work and the braces and rods on the sides of the trestle prevented the engine and cars from going into the river when they were derailed. If it had not been for this, the result would have been frightful.

The engine, coaches and trestle were badly damaged and the loss will amount to several thousand dollars. Wrecking crews were hurried to the scene, but it will be noon today, possibly much later, before the wreckage is cleared away. After this is done, the bridge must be repaired. At one place a new span will have to be built.

Train, No. 35 was running not far behind No. 29 when the latter was wrecked. It was necessary to transfer the passengers at the scene of the wreck, but this caused great delay. As Northbound trains, Nos. 36 and 30 had not passed Lynchburg when the wreck occurred they were tied up also. Thus the traffic both ways was almost at a standstill.

A section of No. 35 was made up at Danville last night and ran to Atlanta, passing through here a little behind schedule time. The trains are now going over the Chesapeake & Ohio line, via Staunton until the wreck can be cleared up and the trestle repaired. At midnight last night the Southbound trains were marked on the board, "Indefinitely delayed."

Confederate Roster Completed

(From Sun of Friday)
Raleigh, N. C., Aug. 11.—State Auditor B. F. Dixon shipped to Mr. F. C. Ainsworth, military secretary of the United States War Department, Washington, D. C., all the North Carolina Confederate records which were obtainable. These are for the roster which is now being prepared by the War Department.

Dr. Dixon was satisfied that the roster so far as North Carolina is concerned, will be very nearly complete.

State Auditor Dixon has completed the new pension roll. There are 1,200 new soldier pensioners and 300 widows.

The case against Frank Moore, implicated in the murder, robbery and fire at the oil company's plant here, appears to be a very strong one to the solicitor of this district, and he says it is made particularly so by Moore's voluntary confession. Moore was committed to jail this evening without bail, the magistrate holding his confession to be valid, though Moore's attorneys sought not to have it recognized.

The Secretary of War notifies President Winston that Lieutenant Young, U. S. A., cannot be detailed as military instructor at the agricultural and Mechanical College here. This request has been made by the Governor, Senators and Congressmen, but the secretary says Lieut. Young's services are too valuable as instructor at Jefferson Barracks for him to be spared.

It was expected that the preliminary hearing of Policeman Rogers for the shooting of John C. Dockery would be held next week, but it has been postponed until thirty days from the 15th. This was learned from United States Marshall Dockery to-day. The purpose is that John Dockery can come back here to give his testimony.

RUSSIAN AND JAP ENVOYS

Portsmouth, N. H., Aug. 10.—The first session of the peace conference between the Russian and Japanese plenipotentiaries has been concluded. The meeting lasted about one hour, during which time the credentials of each mission were examined respectively by the other.

The credentials were found to be entirely satisfactory.

The only business transferred was the agreement on a future program for the future sessions. The next meeting was held today at 9:30 a.m.

After the conference the envoys spent some time in their respective offices, leaving the general stores building shortly afterwards. They returned to New Castle by launch. Baron Komura and Mr. Takahira were the first to leave the navy yard landing. The Russians followed shortly afterwards, the trip to the hotel landing being made by the Russians and the Japanese in separate boats.

The envoys have agreed that the English and French languages shall be used jointly and that the official minutes of the meeting shall be recorded in both languages. The official details of the daily program have not yet been made public.

Conference Satisfactory

Within ten minutes after the missions returned a correspondent who was received by one of the plenipotentiaries was given the following:

"You can say that this morning's meeting was entirely satisfactory as far as it went. We exchanged credentials, but please do not write nonsense about credentials. The plenipotentiaries and the president have known from the outset that the plenipotentiaries of both governments came equipped with plenary powers and the anxiety on the subject has never been shared by the envoys on either side. Our next meeting will be held tomorrow morning. I provided all goes well we will get down to business then."

"Has either side committed itself about terms?" the envoy was asked. "No, terms were discussed at today's meeting."
