

THE ADAMS COLLECTION

VOL. XVIII. NO. 39.

SALISBURY, N. C., WEDNESDAY, AUGUST 30, 1905

ESTABLISHED 1887

ORDER OF SELECT KNIGHTS DEFUNCT

Hammons and Moore Must Go to Gallows.

Fiddlers' Convention in Raleigh Labor Day. Reform School for State Wanted.

(Special to the Sun.)

Raleigh, N. C., Aug. 30.—The corporation commission which has all State, private and savings banks in charge, calls for a statement at the close of business, August 25.

Eagle Company Authorized
The insurance commission has authorized the Eagle Fire Insurance Company, of New York, to do business in this State, beginning, September 1st.

Reform School Wanted
State Superintendent Struter of the Children's Home Society, is doing a great work. He has received one hundred and five children since it began work, September 15, 1903, and has placed of these all, save six in homes. He is sure the next legislature will provide for a "juvenile court" and for the probation system, he also is sure of the act of reform school and in a few days will address the ministerial union of Greensboro on the latter subject.

Select Knights Defunct
The insurance commission has put the defunct order of "Select Knights" a white organization of Buffalo, under the ban. It has \$534 deposit and owed \$1,000 on two claims, so he has given the claimants the \$234.

Hammond and Moore Hang
The governor declines to interfere with the judgment of the court in Forsyth, in that of J. H. Hammond, that he be hanged for wife murder. He says the crime was clearly premeditated; that Hammond in committing it, saw he had done what he set out to do and he had no regrets. He also declines to interfere in the case of Moore, the negro who outraged a little negro girl in Samson county, so both men will go on the gallows September 2.

Adams Case Given Hearing
Governor Glenn gave another special hearing in the notable case of Will Adams, the negro murderer who killed a woman and two of her children a few miles East of Raleigh.

A & N C Stockholders Meet
Director J. W. Grainger, of the Atlantic and North Carolina Railway, was here to notify the governor of a meeting of the stockholders, on the 28th of September when new directors will be appointed, the governor, of course, naming those directors. Mr. Grainger desired to ascertain the number of members the governor desires on the finance committee. The governor says he understands some reports from the roads that it is doing very well, and that much improvement of roadbeds and rolling stock has been made. He says he will get an opportunity to see what has been done when he goes down on the 28th prox. to attend the annual meeting.

Fiddlers' Convention
Labor Day, September 4th, will be observed here, and certainly a most amusing incident, will be the convention of Old-Time Fiddlers in the afternoon at Pullen Park. The fiddlers who win will get not only money, but a certificate of the championship in North Carolina, while the second prize winner will get money and a certificate. Only old tunes will be played in this contest and each fiddler is to be allowed ten minutes. There are over a dozen entries all ready and these will be closed next Saturday. Mr. Andrews says that if the convention proves to be the success he feels certain it will be, he will have one of the negro banjo-players during the State fair.

North Carolina Day
October 12th is North Carolina Day in the public schools. The pamphlet which will contain the exercises for the day the recitation, readings, etc., is being prepared by R. D. W. Conner, of the office of the State Superintendent of public instruction.

ATTEMPT TO WRECK NO. 11.

Spike Removed From Rail Near South Boston Va.—Engine Demolished and Engineer Hurt The Second Attempt Near This Place

A dastardly attempt which was partially successful, was made to wreck No. 11, the Southern's local passenger train between Richmond, Va., and Charlotte yesterday morning before dawn. The scene of the attempt was near South Boston, Va., where the engine was derailed and thrown from the track and the engineer hurt.

After the accident, investigation showed that the spikes had been drawn from a rail and the fish-plate which holds two joining rails together, had also been removed, leaving the end of the rail sticking up to cause the wreck. The heavy wrench that had been used by the would-be wrecker was found near by.

It is almost a miracle that the damage done was not greater. The engine was almost wholly demolished and the train crew and passenger received a pretty severe shaking-up, but no one was seriously hurt except the engineer.

The railroad people are very much stirred up over the attempt to destroy life and property. This is the second attempt of the kind in this same section recently, and every effort will be made to discover the guilty person.

New Orleans, Aug. 30.—The most important development of the yellow fever situation to-day was the report of Dr. C. Milo Brandy, who had been sent by the State board of health on a tour of inspection of the bayous and lakes in Jefferson parish, where there are many settlements of fishermen in constant communication with New Orleans. Doctors are seldom accessible to these fishermen and it was apprehended that sickness and distress existed among them. Dr. Brady made the trip with Dr. Stanley, of North Dakota, in a launch loaned by the latter. Without completing their investigation they turned up 35 cases of yellow fever, learned that deaths had occurred and found much suffering.

THE CHARLOTTE CHAUTAUQUA

Splendid Prospects for Large Attendance—Special Music to be Furnished—Other Interesting News

The prospects for a large attendance at the Charlotte Chautauqua, which will open Friday, are exceptionally bright. The manager, Rev. D. L. Reid, has everything in readiness for the opening. The various sessions of the Chautauqua will be held in the Floral hall at the fair grounds. The seating capacity of this hall is between 4,000 and 5,000, and ample accommodations will be provided for all those who attend. It has been arranged to have a special choir furnish the music at the Chautauqua. The music will be under the direct supervision of Prof. S. Overcash, Kesler and Butt, and good singers from all the churches are requested to join the choir.

The ladies of the Methodist churches will conduct stands at the Chautauqua grounds for the purpose of selling refreshments of various sorts. Lunches and meals will be served and it will not be necessary for visitors to come to the city during the day. Feed will also be provided for horses. The money realized from these sources will be used in increasing the funds to be used in the erection of the new Methodist church at Dilworth.

A number of people from out of town expect to attend the Chautauqua, and the manager, Mr. Reid, has received a letter from Mr. C. P. Morrison, of Hickory, announcing that he will run an excursion to Charlotte Saturday, when Dr. Spurgeon is scheduled to speak and another on Wednesday, Sept. 6, when Rev. Sam P. Jones is on the program.—Charlotte Observer

OFF TO COLLEGES

Where Salisbury's Boys and Girls Will go This Year

As the summer vacations are drawing to a close, the boys and girls, who are going to leave the city soon to attend the various colleges, are kept busy getting themselves in readiness to take up their studies for the next two terms. Every member of this year's graduating class of the city high school is going to college. This is a noticeable fact and speaks well for the management of our city school.

At the University

The State University, as usual, will draw many boys from this section this year. Those who will enter from Salisbury next month are: Messrs. Richard Eames, Samuel Wiley, Donald Clement and John Ridenhour, while Messrs. Stable Linn, Cham Cougenour and Arthur Frazier, who have attended this institution before, will return. Messrs. W. B. Smoot and Philip N. Peacock will attend the University law school.

To Davidson Colleges

Messrs. Preston Buford and Clarke Pendleton of the 1905 class of the graded school, will go to Davidson College.

The A & M Cadets

Mr. John Morgan will return to the Agricultural and Mechanical College at Raleigh. Mr. Leonard Henderson will shortly begin his first year at this school.

Messrs. Walter Grimes and Arnold Huff will attend Oak Ridge Institute. Mr. Mohr Hodgins leaves tomorrow morning for Durham to enter Trinity Park school.

Mr. Henry Rowe returns to Trinity College at Durham.

State Normal Well Represented

Misses Nannie Buford, Rachel Mauney, Nellie Moyle, Edna Duke, Mary Ide, Bessie Cauble, Ethel Thomas, Carrie Nash and Bessie Shulenberg will next month enter the State Normal College at Greensboro. Misses Janet Crump, Flora Thornton, Mina Davis, Mary Murphy and Janet Quinn, will again study under President McVey.

Miss Mary Linn will attend the Mary Baldwin Seminary at Staunton, Va.

Miss Maggie Summersett will enter the Greensboro Female College.

Miss Sophie Klutz returns to the Southern Presbyterian College and Conservatory of Music at Red Springs, N. C.

Miss Lucy Harris will attend the Presbyterian College at Charlotte.

Miss Minnie Gwyn, of Springdale, Heyward county, president of the 1905 class of the Salisbury High School, will attend Converse College, at Spartanburg, S. C.

Miss Cosette, of Ravenna, Texas, also a member of this year's graded school class, will enter the Central Texas Normal school, at Denton, Texas.

ACT ON BENNINGTON REPORT

Secretary Bonaparte Does Not Agree With Several Conclusions Regarding Responsibility for Explosion—Will Court Martial Ensign Wade

Washington, D. C., Aug. 30.—Secretary Bonaparte has just concluded a thorough examination of the record of the proceedings of the court of inquiry in the case of the disastrous boiler explosion on the Bennington at San Diego, California, July 21, last, and will announce his action in a day or two. It is understood that he does not agree with the court in several of its conclusions in the matter of the individual responsibility of various officers and men of the vessel for the conditions which resulted in the explosion.

In accordance with the recommendation of the court, Secretary Bonaparte has decided to convene a court martial in San Francisco for the trial of Ensign Charles T. Wade.

JAPAN WINS

ALL POINTS

Causing War. Russia Loses Hold on Manchuria.

Demands for Which Oyama and Togo Battle are Conceded by Russians in the Treaty of Peace. Japan Gains Korea.

Portsmouth, N. H., Aug. 30.—Peace between Russia and Japan was practically concluded at yesterday morning's session of the peace conference.

Although receding from certain of their demands, the Japanese won everything for which they fought.

What Russia Yields

Japan gains Korea, Port Arthur and Lia-Tung peninsula, half of the island of Sakhalin, Russia is driven out of Manchuria and the province restored to China, Japan falling heir to certain immensely valuable railroads built by Russia in the province. Besides the strength of the Japanese navy has been almost doubled by ships captured from Russia.

The Japanese abandon their demands for reimbursement for the cost of the war and for the purchase of the Northern half of Sakhalin. Russia at the same time agreeing to the division of the island. The Japanese also withdrew articles 17 and 11 of the peace conditions originally proposed for the surrender of the imperial warships and the limitation of the Russian naval power on the Far East.

Points Won by Japan

The points won by Japan are: Recognition by Russia of Japanese preponderance in Korea, with the right to preserve order and give military and financial advice to the emperor; but to maintain the policy of an "open door."

Mutual evacuation of Manchuria.

Mutual obligations to respect in the future the territorial integrity and "administrative entity" of China and Manchuria with equal opportunity ("open the door") for the industry and commerce of all nations.

Sakhalin island to be divided, Japan taking Northern half. The whole island belonged to Russia.

THREE STILLS CAPTURED

Revenue Officers Make Raid Near Hillsboro, Capturing Three Outfits and 2,500 Gallons of Beer and Low Wines

Hillsboro, Aug. 30.—Sunday afternoon at 2 o'clock, Officers Charles A. Banks, and Thomas J. Stone, deputy marshals for the Western district of North Carolina, invaded the Eastern district and seized the major portion of three "anti-Watts law" outfits, viz: Two large copper still worms and at least 2,500 gallons of beer and low wines. At one of the locations everything was in fine shape for making mountain dew. The water used was drawn from a well; an up-to-date force pump being used to force the waters into the coolers.

The gentlemen who owned these properties being loyal North Carolinians, made no objection to the enforcement of the law or destruction of their property. This is one of the largest catches of the season and Officers Banks and Stone are quite proud of their exploit in Durham county. Mr. Banks and other of his associates are on a little tour of inspection in the same neighborhood to-day, but as a certain anti-Watts law friend is just in front of them on a fleet horse it is expected they will say on their return: "Nothing doing."

RESOLUTIONS OF RESPECT

Whereas, the All-wise Ruler of the universe has seen fit to take from us and from his labors, our beloved brother, Albert Sidney Heilig, and Whereas, our brother has shown in his death how to die as he has shown us in his life how to live, be it, therefore, Resolved,

1: That while we do not understand why, in the early days of a life so filled with bright signs of usefulness, he should be taken from us, we bend our hearts in humble submission to the will of our Heavenly Father, who knows all from everlasting to everlasting.

2: That Winona Council, No. 18, J. O. U. A. M. has lost one of its best and most useful members and that a place is made vacant in our Council, our community, State and county, which we do not see how to fill; but we are inspired to live more consecrated and useful lives and to show more patience, charity and brotherly love, because of his life among us.

3: That we extend to his aged mother and the members of the bereaved family our deepest sympathy in this time of great affliction, assuring them that he lived his life well.

4: That a copy of these resolutions be spread on the minutes of this Council and published in each of our city papers and copies furnished the family of the deceased.

By order of the Council,
This 29th August, 1905.
