Christmas Winter Wraps

Has gone but we still have left what you might call odds and ends, remnants and etc., in homespun, skirt plads, novelty dress patterns and etc. These are not really what you generally term as ends and remnants for many include an exclusive skirt pattern and others a full dress pattern and etc. But this what we intend to do, give you choice of some unequalled bargains which you will find place on front right hand counter after today. Marked far below the usual remnant prices.

Quilts and Blankets

The sale of Quilts and Blanket that we give today will be of interest to every house keeper. We bought early and heavy and not withstanding the mild winter our sales have been remarkable and now we have only a limited number, but the prices on these will be eye openers.

No doubt you are like many others, wouldn't buy because of the late winter. Well cold weather is here at last and you are just bound to have a heavy wrap at once. Now don't wait time but just come here and be perfectly fitted in wrap and price. From today prices will be

Underwear

Now will you get into some winter underwear? Thought it wasn't going to get cold, eh! Winter got tired of monkeying around and has now started in pretty much in earnest. That first little snow on Xmas day was just a gentle reminder to discard that light underwear that you have been holding on too for warmer "duds."

Current Comments.

—It seems that the garrote is now
an American institution, as it re-
mains in favor in Puerto Rico as an
instrument of execution. This is by
no means the only case in which we
have infringed upon the copy right
of Spain.—Norfolk Landmark, Dem.

—Senator Butler says the amend-
ment will be defeated by 40,000 ma-
jority in North Carolina. He said
that the Democrats would be over-
whelmingly defeated in 1898. That
shows what he is worth as a prop-
het.—Raleigh News and Observer.

—In no less than a dozen Georgia
towns there are movements for the
erection of cotton mills. Nearly
every one of these projected cotton
mills will be built and we believe
that every one built will pay hand-
somely if properly managed. The
beauty of it is that these mills will
be established by home enterprise
and home capital.—Atlanta Journal,
Dem.

—In his defense before the court
martial in Spain, Admiral Montojo
declares that only five torpedoes
were in position in Manila harbor
and that he was absolutely helpless
from the failure of the home govern-
ment to come to his rescue. If he
is right, Dewey didn't do enough at
Manila to get that "house."—Raleigh
News and Observer.

—"The lives of these men cost Spain
her colonies," remarked a Cabinet
officer yesterday as he viewed the
flag-draped coffins of the Maine's
dead as they were about to be drop-
ped into their last resting place at
Arlington. So it was a revenge war
after all, so far as it was not a war
for "American interests," and it was
not a war for Cuban liberty as all—
Charleston News and Courier, Dem.

—If, as the Washington Post says,
the decisions of the Supreme Court
settle it, "that legislation for any of
the islands acquired from Spain must
make them integral parts of this Union
and their inhabitants citizens of the
United States" Congress, or suits
in the Supreme Court, should soon
end McKinley's imperial rule in the
Philippines and decide all disputes
between Otis and the Philippines.—
Norfolk Virginian Pilot, Dem.

Story of a Slave.

To be bound hand and foot for
years by the chains of disease is the
worst form of slavery. George D.
Williams, of Manchester, Mich. tells
how such a slave was made free. He
says: "My wife has been so helpless
for five years that she could not turn
over in bed alone. After using two
bottles of Electric Bitter she is
wonderfully improved and able to
do her own work." This supreme
remedy for female diseases quickly
cures nervousness, sleeplessness,
melancholy, headache, fainting and
dizzy spells. This miracle working
medicine is a godsend to weak,
sickly, run down people. Every
bottle guaranteed. Only 50 cents.
Sold by Theo. F. Klutz & Co., drug-
gist.

Have You Heard of It?

You may have heard
about SCOTT'S EMULSION
and have a vague notion
that it is cod-liver oil with
its bad taste and smell and
all its other repulsive fea-
tures. It is cod-liver oil, the
purest and the best in the
world, but made so palata-
ble that almost everybody
can take it. Nearly all
children like it and ask for
more.

SCOTT'S EMULSION

looks like cream; it nour-
ishes the wasted body of
the baby, child or adult
better than cream or any
other food in existence. It
bears about the same rela-
tion to other emulsions that
cream does to milk. If you
have had any experience
with other so-called "just as
good" preparations, you
will find that this is a fact.
The hypophosphites that are
combined with the cod-liver oil
give additional value to it because
they tone up the nervous system
and impart strength to the whole
body.

SCOTT & BOWNE, Chemists, New York.

Prevented a Tragedy.

Timely information given Mrs.
George Long, of New Straitsville,
Ohio, prevented a dreadful tragedy
and saved two lives. A frightful
cough had long kept her awake every
night. She had tried many reme-
dies and doctors but steadily grew
worse until urged to try Dr. King's
New Discovery. One bottle wholly
cured her, and she writes this mar-
velous medicine also cured Mr. Long
of a severe attack of Pneumonia.
Such cures are positive proof of the
matchless merit of this grand remedy
for curing all throat, chest and lung
troubles. Only 50c. and \$1.00. Every
bottle guaranteed. Trial bottles free
at Theo. F. Klutz & Co., drug store.
