**For President,
1900:
Hon. W. J. Bryan,
Of Nebraska.**

Some anti-imperialists say they cannot vote for Mr. Bryan because of his monetary views. That shows that they love gold better than they do their country. They say that imperialism means a change of our free country to an empire. Yet they will aid it rather than help Bryan preserve the country's liberties, because forsooth, it will, as they think, lessen the value of their shekels.

We see, from what purports to be an authoritative source, that the Seaboard Air Line Railroad will extend their road from Pittsboro to Danville, Va. If this proves to be true, it will help that part of the State through which it goes. It will become a competitor of the Southern, at the point at which it crosses the N. C. R.

D. M. LUTHER, of Asheville, has been, it seems, to Waynesville and made a speech against the constitutional amendment. Mr. Luther was defeated at the last municipal election for the office of mayor of Asheville. He is now on a hunt for office and seeing, he thinks, a chance, by playing demagogue, to get something, he has turned his face towards the Republican camp. Goodbye, Mr. Luther. You will not only be called a Republican, but you will be one, cheek by jowl, with Pritchard and the rest of that ilk, very soon.

Our City and News Editor said in our yesterday's issue that some gentleman, who seemed to know, says that the Seaboard Air Line is looking towards this city.

As we pointed out in an editorial yesterday some other railroad system or systems besides the Southern will be sure to seek this field, when the immense resources all around us are developed. We will be glad to see the Air Line come. It surely will be a more sensible thing than to go to Danville, as some assert is proposed, which we publish elsewhere.

WHAT is the matter with our merchants and business men? Do they not know that another railroad system, terminating or passing here, is of the greatest importance for the interests of the city? Now, there is, as we are assured, a great railroad system that is looking toward our city and no one here to encourage and meet the advance. What should be done to remedy this defect? We think, that a chamber of commerce should be organized at once. Will not some of our active business men think about the importance of organizing so as to aid in the securing of any and every enterprise which will benefit the city?

WHAT are those Democratic papers and persons going to do who talk against silver and Bryan. It is a foregone conclusion, they admit, that Bryan will be nominated, and all know that means the Chicago platform will be re-enacted.

Bryan and silver will go together, but not alone: Anti-imperialism, anti-trust, anti-Protective Tariff; anti-government by injunction, will be in the platform too and as heartily advocated by Bryan as silver. The journals and persons spoken of above all favor every thing Mr. Bryan does, except silver: yet they are playing into the hands of the McKinley crowd tho' they oppose every thing he stands for except the gold standard. Is it wise?

BLACKBURN NOMINATED.

The advices from Frankfort show conclusively that Goebel is the true man and Gen. P. Watt Hardin the traitor. The latter would have had a few Democrats join with the Republicans to defeat Blackburn; the former and all Democrats except two so-called voted for Blackburn, who was triumphantly nominated and goes back to the senate in place of Lindsey, who has been misrepresenting Kentucky. Goebel nominated Blackburn and voted for him, evoking much applause. We are satisfied that the enemy have been circulating falsehoods upon Goebel. We rejoice that the few dissatisfied Democrats refused to be used as disorganizers. Every Democrat should be true to the organization; but all true men should see that the organization is kept honest and true.

SATAN'S EMISSARY.

One of Satan's emissaries sent the INDEX a sample copy of an infidel sheet, which we shall not advertise by calling the name or by giving its local habitation and dwelling place." In it is a long article by one who signs himself an ex-minister. Doubtless he is now what he has always been, a minister of Satan, the only difference being that he was once a wolf in sheep's clothing; now he has thrown off the clothing and the wolf fully appears. His article is full of falsehoods and blasphemies, and fully shows his bad heart.

In it, too, a strong-minded woman has an article, showing her desire to be regarded superior to the man. The article of the so-called ex-minister is disgusting enough, but the wallings of this so-called woman are revolting.

Grass is a synonym for green; Blue Grass, no doubt, has the same color. We are sure that no one, except one of the greenest greensies, can be influenced by this foul sheet of Satan.

REPUBLICAN POW WOW.

The bosses of the Republican party met in Greensboro Tuesday and held a pow wow with reference to the constitutional amendment and other matters connected with State politics.

The decision was reached to try to obtain an injunction to prevent the sovereign people from voting on the question.

We suppose they think the Supreme Court will go Republican on this question as it has on some others of a personal character, where the right to office only was involved. It may be that the judges will be as subservient in this matter as in the others. These conspirators against the people of our good old State would better stop and think before they plunge our beloved country into internecine strife. Remember Wilmington; the white people of the State will, for their own good also for the good of the negro, vote on that amendment and eliminate the negroes from politics in N. C. Holton, Pritchard, and that crowd well know that, if the amendment is adopted, they are out of a

job in North Carolina now and forever.

We would advise Republican office seekers to emigrate to Liberia, where they will find plenty of negroes to manipulate and no white people to checkmate them.

It is stated that Editor Watterson is to take a dollar dinner with the Bryanites. Let us hope that Editor Watterson will take advantage of the occasion to lay aside all unfriendly feeling and remain in the fold arm-in-arm with the true believers.—Atlanta Constitution.

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 50c at Theo. F. Klutz & Co., drug store.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich. tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50c each. Sold by Theo. F. Klutz & Co., druggist.

Advertisers Take Notice.

Owing to the fact that several of our customers may want to change their advertisements the same day and as it is likely to delay the paper, we must ask advertisers to be governed by the following notice in every instance.

The advertising patrons of THE INDEX, who desire their advertisements changed should be sure to have their copy in this office before 9:30 a. m. to insure an insertion the same day.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

**Boils and Pimples
Give Warning.**

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP. When Nature is overtaxed, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance. A warning that can not safely be ignored. It is necessary to purify the blood in these cases more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Several boils and carbuncles broke out upon my chest, great pain and annoyance. My blood seemed to be in a rotten condition, and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since.

S. S. S. FOR THE BLOOD
is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from poison and mercury. It completely purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, etc., by going direct to the cause of the trouble and forcing out all impure blood.
