Christmas Winter Wraps

Has gone but we still have left what you might call odds and ends, remnants and etc., in homespun, skirt pieces, novelty dress patterns and etc. These are not really what you generally term as ends and remnants for many include an exclusive skirt pattern and others a full dress pattern and etc. But this what we intend to do, give you choice of some unequalled bargains which you will find place on front right hand counter after today. Marked far below the usual remnant prices.

Underwear
Now will you get into some winter underwear? Thought it wasn't going to get cold, eh! Winter got tired of monkeying 'round and has now started in pretty much in earnest. That first little snow on Xmas day was just a gentle reminder to discard that light underwear that you have been holding on too for warmer "duds."

Quilts and Blankets
The sale of Quilts and Blankets that we give today, will be of interest to every house keeper. We bought early and heavy and not withstanding the mild winter our sales have been remarkable and now we have only a limited number, but the prices on these will be eye openers.

Why buy Dress Goods at home where the assortment is so small? Be up to date; Get the latest styles in Dress Goods, Hattings, Bicycles, Furniture, Hardware, Carpets, etc. from first hands in New York City, at prices much below what you would pay for same quality of goods at home. What we sell comes direct from the manufacturer and wholesaler, so are the latest style and freshest goods, and we sell at but little above wholesale prices. Our Japanese matting at 16 cents the yard cannot be duplicated at 25c; our carpet at 65c is cheap at 80c; a dozen pair of nice Sox, standard colors, \$1.10, worth much more; a dozen fine pairs \$6. We also sell these things if not less than three shirts are ordered. And so it goes—good goods that can be depended upon to give satisfaction. Our circular goes more into details; write for it. We send three Goods samples to all parts of the United States. If you need anything in that line, especially silks, it would give us pleasure to send samples and quote prices. A postal will bring them. A fine suit of clothes for \$4.50, \$7.00, \$10.00, \$5.00, and \$2.00. These suits are fine goods, and have given general satisfaction. They cannot be duplicated under \$15. Samples submitted. Want a Bicycle? Let us quote you prices on any wheel you may desire, whether you buy or not. Price the goods at home, get our figures, then compare. That's all we ask. Correspondence Solicited.

Rose's Santa Claus.
Did you ever see Santa Claus?
Last Christmas night I did.
I went to bed real early,
And then my eyes I hid.
For I really meant to stay awake;
But soon I fell asleep,
And in the night I heard a noise,
And thought I'd take a peep.
For I heard papers rustling soft,
And voices speaking low,
And wondered much who it could be
With Santa Claus, you know.
Was there two of them? Or was he
Obliged to have assistance,
Because he had so many things
To bring from such a distance.
So then my eyes I opened wide—
And there I saw my mother!
For she was one old Santa Claus,
And papa was the other.

Thousands of our people have sympathized tenderly with Mr. Thos. B. Bailey, of Mocksville, who suffered the loss of two bright daughters by the Normal College typhoid fever scourge, and whose wife has been seriously ill from the same disease contracted while she nursed her children. Mr. Bailey wrote us a letter last week full of faith and hope. He said: "God has been good to me in giving me His grace and in sending me comforting messages from loving friends." Then he added: "Will you do me the kindness to use, as you think best, the enclosed check for \$5.00 in making some of the children at the Orphanage happy during these Christmas days?" No more gracious gift has ever come to the Orphanage. God grant that it may bring help and healing to the bruised and bleeding heart of the giver as it goes on its mission of mercy to "somebody's child."—Charity and Children.

The News and O
Sunday was a main
contained some valuable
progress of the different denomina-
tions was told by representative men
from each of them. The Catholic
man could not conceal the claws be-
neath the fur. He wrote as if he
would like the best in the world to
write somebody's neck; but as he
said, the thirty-five hundred in North
Carolina are not particularly danger-
ous. But if they were a hundred
times as strong Mr. Price would
write in another strain.—Ex.

Two gifted men died during the
year 1899. One spent his life in try-
ing to rob the world of its only hope
and went out into eternity in dark-
ness. The other consecrated his time
and his talents to the glorious task
of making the world a brighter and
a sweeter place to live in; of robbing
death of its terrors and the grave of
its gloom. Ingersoll left not a ray
of light behind to heal the sore hearts
of his loved ones; Moody, a moment
before he died, said: "I see earth
receding. Heaven is opening. God
is calling me." What an infinite
difference!—Charity & Children.

Miss Manie Chatham, of the
Adelade section, died Wednesday
evening as a result of a pistol wound.
It is a sad death and the particulars
seem to be as follows: Mr. T. W.
Small went to call on Miss Chatham
and was playing with his revolver.
When it was accidentally fired. The
ball entered at the rear of the right
eye and penetrated the head. She
lived only ten minutes. Miss Chat-
ham was about 17 years old, and was
one of the most popular young ladies
of her section. Mr. Small is about
18 years old and is crazed with grief
as a result of the unfortunate affair.
He made several attempts at suicide
Wednesday night, and is under the
care of friends, who fear that he may
yet make a successful attempt to end
his life. It is a very unfortunate
affair, and the families of both
young people have the sympathies
of the public generally.—Reidsville
Review.

The executive committee of the
Democratic Press Association of the
State recognizes that in this cam-
paign as in 1898 the press must edu-
cate the people, must remove doubts
and make straight the paths for the
orators who are to follow. They
were in conference yesterday with
State Chairman Simmons consulting
as to the best sort of campaign lit-
erature and the best method of reach-
ing the people. Plans were perfect-
ed by which the falsehoods dissemi-
nated about the amendment will be
effectually answered and the answer
put into the hands of the voters.
There is but one thing necessary for
the Democrats to win this year by a
large majority, and that is to reach
the people with the truth. Some-
one said, "Fight the devil with
fire." A philosopher said, "Not so.
Fire is the devil's own weapon. He
can use it better than any opponent.
Fight the devil with Truth. He
knows nothing about that weapon
and you will have him at a disad-
vantage from the start." The Dem-
ocratic press and speakers need only
to reach the people with the truth
about the amendment to secure for
it the support of every white man
in the State who desires permanent

Prevented a Tragedy.
Timely information given Mrs.
George Linn, of New Strainsville,
Ohio, prevented a dreadful tragedy
and saved two lives. A frightful
cough had long kept her awake every
night. She had tried many reme-
dies and doctors but steadily grew
worse until urged to try Dr. King's
New Discovery. One bottle wholly
cured her, and she writes this mar-
velous medicine also cured Mr. Long
of a severe attack of Pneumonia.
Such cures are a positive proof of the
medicine's merit of this grand remedy
for curing all throat, chest and lung
troubles. Only 50c. and \$1.00. Every
bottle guaranteed. Trial bottles free.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the news-
papers is sure to know of the wonderful
cures made by Dr.

Dr. Kilmer's Swamp-Root,
the great kidney, liver
and bladder remedy.

It is the great medi-
cal triumph of the nine-
teenth century; dis-
covered after years of
scientific research by
Dr. Kilmer, the emi-
nent kidney and blad-
der specialist, and is

wonderfully successful in promptly curing
lame back, kidney, bladder, uric acid trou-
bles and Bright's Disease, which is the worst
form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recom-
mended for everything but if you have kid-
ney, liver or bladder trouble it will be found
just the remedy you need. It has been tested
in so many ways, in hospital work, in private
practice, among the helpless too poor to pur-
chase relief and has proved so successful in
every case that a special arrangement has
been made by which all readers of this paper
who have not already tried it, may have a
sample bottle sent free by mail, also a book
telling more about Swamp-Root and how to
find out if you have kidney or bladder trouble.

When writing mention reading this generous
offer in this paper and
send your address to
Dr. Kilmer & Co., Sing-
hamton, N. Y. The
regular fifty cent
dollar sizes are sold by all good druggists.
