WHAT DOES IT MEAN?

Mr. Lisk Defends Simmons Though he is for Carr.

We find the following in the Raleigh Post from our friend W. C. Lisk, of this county, and print it for what it is worth:

Lisk, N. C., Oct. 20.

Editor Post:

Some things are going on in my township which I don't understand. I have been a Carr man, but I find all the Republicans in my township—Morgan's, in Rowan county—are actively opposing Mr. Simmons. A few days since several Republican revenue officers came to our township and are reported to have spent much time in advocating Carr and abusing Simmons. I have heard this from a number of my Democratic neighbors to whom the deputies talked. One of them named Bradshaw spoke to me on this visit upon the subject as to whom I would vote for Senator, and when I informed him that I was for Carr, he expressed great satisfaction and said Carr was the man "we wanted" and began to abuse Simmons as a trickster and wire-pulling politician and continued to denounce him until I remonstrated and told him I would defend Mr. Simmons, whom I knew to be a gentleman.

Now I do not understand this. What does it mean? I, and nearly all my Democratic neighbors, have decided if the Republicans want Carr we do not want him.

The following important railroad news which is of great significance to this city, appeared in yesterday's Charlotte News:

November 1st will see a number of changes inaugurated on the Southern.

The system is to be divided into two operating districts, eastern and western, each of which will be in charge of a general superintendent.

The Eastern District, with headquarters at Salisbury, will consist of the Washington, Danville, Charlotte, Richmond, Norfolk, Asheville, Savannah and Charleston Division.

The Western District, with headquarters at Chattanooga, Tenn., will consist of the Knoxville, Memphis, Atlanta, Birmingham, Mobile and Louisville Division.

Mr. William H. Green is appointed assistant to the general manager, with office at Washington, in charge of the United States Mail Service, the surgical, insurance, fuel and dining car departments, and real estate leases within and adjacent to right-of-way lines.

Mr. Randolph Southgate is appointed engineer of maintenance of way, with office at Salisbury.

Mr. A. Gordon Jones is appointed superintendent of the Charleston Division, with office at Charleston, S. C.

The line between Greenville, S. C., and Atlanta, Ga., becomes part of the Charlotte division, and the line between Mooresville and Winston-Salem, N. C., with the Norfolk and Taylorsville branches, part of the Asheville Division.

Mr. Thomas Bernard is appointed engineer of maintenance of way, with office at Chattanooga, Tenn.

The lines between Atlanta and Brunswick and between McDonough and Columbus, Ga., become part of the Atlanta Division, and the line between Marietta, Tenn., and Asheville, N. C., part of the Knoxville Division.

The following appointments are made: Mr. William H. Peddle, assistant general manager, Washington, D. C.; Mr. James H. Barrett, general superintendent of transportation, Washington, D. C.; Mr. Joseph H. Sands, general superintendent, Eastern District, Salisbury, N. C.; Mr. John A. Dodson, general superintendent, Western District, Chattanooga, Tenn.; Mr.

David W. Lum, engineer of bridges and buildings, Washington, D. C.

The offices of general superintendent of maintenance, assistant general superintendent of maintenance, assistant general superintendent of track, bridges and buildings are abolished.

It was rumored that Superintendent Ryder was to be transferred to Salisbury, but this is not the case. Superintendent Ryder will remain in Charlotte, and will have additional territory to look after by the Greenville-Atlanta division. The Air Line, as it is locally known, and the Statesville road, will constitute his division.

The Greensboro Record gives the following list of officers and their positions under the new management:

The offices of general superintendent of maintenance, assistant general superintendent of maintenance, assistant general superintendent of track, bridges and buildings are abolished.

Wm. H. Peddle, assistant general manager, Washington, D. C. James H. Barrett, general superintendent of transportation, Washington, D. C. Joseph H. Sands, general superintendent, Eastern District, Salisbury, N. C.

John A. Dodson, general superintendent, Western District, Chattanooga, Tenn. Mr. William H. Green is appointed assistant to general manager, with office at Washington, in charge of United States mail service, the surgical, insurance, fuel and dining car departments and real estate leases within and adjacent to right-of-way lines.

Mr. Thos. Bernard is appointed engineer of maintenance of way, with office at Chattanooga, Tenn. Greensboro will be sorry to lose Mr. J. C. Gentry, who is promoted to chief clerk to Superintendent Sands and goes to Salisbury, but it is a deserved promotion and no one can blame him for accepting.

Clippings.

They have some rare things in Cuba, among them a species of rats, of an edible variety, which measure three feet in length, including the tail and weigh eighteen pounds.

In the New York Central service 25 years ago the aggregate proportion of men discharged for drunkenness was 20 per cent, but now with 80,000 men in the employ of the company less than 1 per cent is dropped from the rolls for that cause.

This truth should be kept constantly before the people of the South; The Columbus (Ga.) Enquirer says: "Ten cent cotton should not shake southern farmers in their resolve to raise their food crops at home. A return to all-cotton will mean an end to high prices."

A BIG CONSOLIDATION.

Chicago, Oct. 27.—The Chicago and Kansas City interests of Armours will be combined within a week in a company having a capital of \$35,000,000.

GRAND RALLY AT ALBEMARLE

JUNIORS HAVE A SUCCESSFUL DAY THERE.

Flag Raising Attended by Hundreds of People and Over a Hundred Juniors in the Line of Parade.

No more enjoyable or successful event has ever occurred in the history of the Jr. O. U. A. M. in North Carolina than the flag raising ceremonies held at Albemarle yesterday afternoon. A large number of Juniors went down from Salisbury and helped swell the total at Albemarle, where the local Juniors were waiting to receive their visiting brethren. Immediately after Hon. Lee S. Overman's speaking in the court house the Mt. Pleasant band followed by the Juniors, 94 in number, and the Daughters of Liberty, of whom there were 27 all in line marched from the public square to the graded school, which by the by would be a credit to a town twice the size of Albemarle. It was found that the school rooms would not accommodate the large crowd present and it was decided to have the speaking from the porch of the school building. The crowd patiently stood, except such as could secure seats on the porch, throughout the exercises.

After music by the band R. E. Austin, Esq., of the Albemarle bar, introduced Jno. M. Julian as first speaker of the day. The speaker in a speech of about 15 minutes presented to the graded school the flag on behalf of the Albemarle Juniors. The speech of acceptance was made by J. M. Brown, Esq., of Albemarle, after which T. C. Litch, Esq., introduced Rev. George H. Crowell, of High Point, who in an able and eloquent speech presented a handsome Bible to the school. The Bible was accepted for the school by Superintendent Davis. In the entire ceremony there was not a jar or hitch and the large crowd remained interested listeners until Old Glory waved from the tall pole that had been erected in front of the school building.

The occasion was a grand success and the Juniors of Albemarle are proud of the magnificent demonstration which it provoked yesterday.

No people were ever more royally entertained than the visiting Juniors who went to Albemarle. Mr. J. N. Maxwell had made arrangements for the accommodation of the guests some time since but the Albemarle Juniors outdid themselves by entertaining at their own expense every visiting Junior in the town. Mr. R. A. Hunneycutt is councillor and has a lodge of which any city in the State might well be proud. The Daughters of Liberty also have a substantial council.

DELAY IN NEGOTIATIONS.

EVERYTHING GOES WRONG IN PEKIN.

Some of the Ministers Changed, Others are Sick and a General Breakup of Arrangements Follows.

London, Oct. 27.—A Pekin dispatch dated Oct. 25th ascribes the delay in opening peace negotiations to changing the British ministers, Sir Ernest Satow having succeeded Sir Claude McDonauld; the non-arrival of Deigr and Schavartzenstein, the Russian and German ministers, and the illness of M. Pichon, the French minister. A meeting of diplomats had been called for Oct. 20th, the day after the dispatch was sent, when it was expected another plan of action would be formulated.

He Electrified the People of Stanly County Yesterday.

Hon. Lee S Overman spoke at Albemarle, Stanly county, yesterday and it is safe to say that no Democracy in the State will be more thoroughly aroused to sense of duty from now on than that of Stanly.

Mr. Overman's speech was a ringing denunciation of trusts and imperialism and he held the crowd in the court house as if spell bound.

It was a great speech and one that will do great good.
