THE PEOPLE WHO COME AND GO, LITTLE LOCALS.

Items of Interest Condensed and Botted Down—The Personal and Brief News Items of a Day.

J. D. Boger, of Morganton, was in Salisbury yesterday.

Jas. Hill, of Concord, was in town last night.

Mr. William Shaver of Woodleaf was in town yesterday.

Mrs. J. H. L. Rice returned last night from Cleveland.

Peter W. Hariston of Coolemees was in Salisbury yesterday.

Mr. W. H. Stewart is able to be up now. He is still feeling unwell however.

Stanton A. Tiernan returned to his work at High Point yesterday morning.

Mr. L. A. Peebles has gone to Advance to see his mother who is very sick.

Prof. E. H. Miller returned to his work at Cleveland, Sunday night. He has a fine school there.

Peter Mize, one of our valued eye-setters and foreman of the print force, is back after several days illness.

Misses Loula Ritchie and Cora Beaver, of China Grove, who have been visiting friends and relatives at Chestnut Hill, returned home yesterday.

Miss Sallie Ford of South River who has been visiting her sister Mrs. Trott of New London, returned home yesterday morning.

Rev. G. W. Reid is able to be up now. We are very sorry to note his wife's serious illness.

Mrs. F. D. Irvin Dead.

We are sorry to have to record the death of Mrs. F. D. Irvin, who died with pneumonia Sunday afternoon. Mrs. Irvin was an aged lady, and there was little hope for her from the beginning. She leaves one son, three half brothers, one of them being Mr. J. M. Brown, of Salisbury, and the other two who live at Washington, N. C. She also has two sisters, Miss Mary Brown and Mrs. M. B. Irvin, of Chester, S. C. We extend our sorrow and sympathies to all her friends and relatives.

Quaker Order Flag Raising.

The three councils of the Jr. O. U. A. M., proceeded to the graded schools yesterday at 1 p. m. and presented the school with a beautiful American flag. Prof. Kizer was present, and allowed the students to witness the raising. It was expected that Mr. John M. Julian would make the presentation speech but he being absent, no speech of this nature was made. Mr. Kizer accepted the flag on behalf of the school, and made a pretty little speech in which he told of the loss of the first flag by fire, and the third they hope to sacredly guard. The ceremonies lasted for about an hour and were interesting from beginning to end.

Women are quick to recognize an article of merit. The wonderful demand for Blue Ribbon lemon and vanilla shows they appreciate the best.

Lookout for the dealer who tries to talk you out of buying Blue Ribbon lemon and vanilla. He makes more profit on other kinds.

Blue Ribbon lemon and vanilla extracts are the favorite in the homes of the rich, where they demand the best that money can buy.

Blue Ribbon lemon and vanilla extracts cost a trifle more, but they go twice as far and then you get that delicious natural fruit flavor.

TRUTH-INDEX MOVES.

We will Continue Business Today at the New Stand.

We wish to say to our subscribers, who have so kindly called upon us in the past, that they will find us now in the room over Harper's new store. This is a pleasant location and free from all spoofs, witches and wizards, all those "pestilences that walk in the darkness." We shall be very much flattered to have all our friends to call upon us in our new quarters, and feel safe in saying that we can do better work, how that our accommodations are better. Our old quarters will be remodeled and occupied by Messrs. DeVinney and Langley, who are going to open a beautiful millinery store very shortly. These gentlemen know their trade thoroughly, and we now introduce them to the good people of Salisbury.

Knew What It Meant.

A verdant youth dropped into Snider's jewelry store and after gazing at some fraternity pins in the showcase said to the proprietor: "Them's mighty nice breast pins you got there, mister." "What kind of a pin would you like to look at?" "How much is this one with a square and a pair of compasses?" "Pointing to a Masonic pin. "Five dollars, eh." "You haven't got one with any handsaws on it, have you? I am just outter my time, and as I'm going to set up as carpenter and joiner I thought I'd like to have something to wear so folks would know what I was doing." Well, I'll take it, though I'd like one with a handsaw. But I guess maybe that's plain enough. The compass is to mark out your work and the square is to measure it when marked out, and any darn fool knows that G stands for gimeter." —Durham Sun.

Mr. Keefe Here.

Mr. M. G. Keefe Train Dispatcher for the Southern was in the city yesterday in the interest of his son Lawrence who is operator for the Murphy & Co. exchange. Mr. Keefe is highly gratified with Salisbury and her people.

Sixty Skaters Go Through the Ice.

New York, Jan. 27.—Sixty skaters, including many women and children, broke through the ice on a large pond back of Evergreen Cemetery, Brooklyn, today, and in the wild struggle for life two boys were drowned. The ice over the centre of the pond suddenly sank and the whole crowd was panic-stricken.

Said one lady "Blue Ribbon lemon and vanilla extracts go twice as far as any other brand."

N. P. Murphy sold Blue Ribbon lemon and vanilla extracts to the lady that got the \$5.00.

AN ENTHUSIASTIC MEETING.

OF TEMPERANCE ADVOCATES HELD.

Presented a Solid Front Against the Whiskey Traffic.—Some Excellent Speeches Made.—Other Notes.

The TRUTH-INDEX made mention of a meeting in the interests of temperance in its Sunday morning issue. This call to meet was made effective when with Rev. Dr. Stallings as chairman and Mr. C. B. Jordan as secretary, the forces of temperance numbering a splendid set of men, met yesterday at the court house at 12 o'clock.

The attendance was not so large as might have been desired, but the meeting was not thoroughly advertised, and it could not be considered the full strength of the anti-liquor advocates.

The best of good feeling prevailed and these men who met yesterday are hopeful in the highest of success at the polls.

The ministerial association was in evidence and Rev. Messrs. H. L. Atkins, M. E. Parrish, Rev. Drs. J. N. Stallings and J. Rumples, Dr. J. W. Long and Mr. H. G. Tyson made short, but sincerely honest and earnest speeches upon the need of some definite step to be taken upon the question. It was decided that a petition be sent the Legislature to pass a bill embodying these features:

That an election be set by the county board of elections, this election to be held on the first Thursday in August 1901;

At this election all registered voters may cast one ballot. These ballots will have printed upon them "for license," "against license," or "for dispensary."

In this bill this important provision is made: That if the majority of all the votes cast shall be "for license," the sale and manufacture of whiskey shall be as it is now, though some of the men expressed themselves as favoring a burden of \$1,000 to be placed upon saloon-keepers, in case of defeat at the polls.

If the combined vote against the sale and manufacture of liquor shall constitute a majority of the votes cast these provisions shall be made:

That the sale and manufacture of whiskey in this county shall cease as soon as the licenses expire. If the vote for the dispensary shall be greater than the vote against license, yet smaller than the "for license" vote, the dispensary shall prevail.

If the vote against license shall be smaller than the license vote, but greater than the dispensary vote, the anti-license vote shall predominate if the combined votes exceed the license strength.

In case the dispensary and anti-license vote are in the majority but are equally divided—a tie, the dispensary shall surrender to the "Against License," which is absolute prohibition. After those provisions were made, a committee was appointed to present the bill to the Legislative committee. Rev. Drs. Rumples and Stallings, Messrs. D. M. Miller, C. B. Jordan and R. L. Sa ver were appointed upon this committee. Rev. Messrs. L. E. Busby and H. L. Atkins, Messrs. H. G. Tyson and D. L. Gaskill were appointed to draw up the petition to be circulated among the voters asking for the election.

We have learned that there were three straight prohibitionists instead of one as we first understood, who joined in this meeting. Whether this be true or not, the prohibition party was rather conspicuous by its absence.

The text of this will be printed in another column.

JOY KILLS HIS STEP-FATHER.

A Negro boy kills his White Step-Father who had been pursuing him.

"The way of the transgressor is hard." This is forcibly illustrated in the death of Chas. Bullaboy who lived in Davidson county near the Davidson and Rowan lines. It appears that Bullaboy left his real wife and began to live with another woman devoid of any character. She has a small son named Arthur Basinger. Basinger had served a term on the chain gang.

Last week Bullaboy beat his wife unmercifully, and Basinger took her part. Bullaboy had been threatening Basinger for a while day it seems, and pursued him with a knife, until Arthur turned upon him and shot him in the head. He died instantly. The boy will plead self defence, and we understand it, the general opinion is that the killing was justifiable.

We are having fine weather, but think winter will soon get his nap out, then we will hear from him.

We think our young ladies are setting snares for our young bachelor from Tex. Three bachelors in the vicinity at once is exciting. We think they are DEAR hunting, and believe they can find a few if they will go westward and inquire among the good men.

Cupid is resting we think. Perhaps he is looking for a new mark for his dart.

TEXT OF THE PETITION.

AS IT WAS SENT TO LEGISLATURE.

An interesting Document to the People of Rowan.—It is Well Conceived, Bold and Able.

We were not prepared at the first writing last night to give the full text of the petition as formulated by the committee mentioned in another column. We ran out late last night to Dr. Stallings and asked him, and he gave us the petition. It is as follows:—An act to regulate and control the sale and manufacture of intoxicating liquors in the county of Rowan.

That the General Assembly of North Carolina do enact:

Section 1, That the county officials of Rowan county, whose duties require them to hold and conduct elections under the laws of the state, shall hold an election in said county on the first Thursday in August 1901, to decide certain questions relative to the manufacture and sale of intoxicating liquors in said county, which said election shall be held, the votes canvassed, and the result announced under the rules and regulations now in force for election of members of the General Assembly by the laws of the state.

That at said election each elector may vote a printed or written ballot containing the words: "For License or against License or for Dispensary." If a majority of all the votes cast at said election are "For License" then this act shall be null and void and of no effect but if the combined vote Against License" and "For a Dispensary" be a majority of the votes cast, then the manufacture of intoxicating liquors in said county, except the manufacture of wine from blackberries, and by any citizen from grapes from his own vineyard, is hereby forbidden and made unlawful, and the sale of any intoxicating liquors, except as herein after provided and prescribed is also forbidden and made unlawful, the provisions of this section to be effective from and after January 1, 1902.

Section 2, If when the said vote is counted and canvassed, it shall appear that "For a Dispensary" received more votes than against license," then a Dispensary shall be established at Salisbury in said county of Rowan, the same process as the establishment at Fayetteville for the county of Cumberland, and it shall be controlled and governed by the same rules and regulations as now exist by law for the said Dispensary at Fayetteville in said state, but if "against license" receives a greater number of votes than "for a Dispensary," no Dispensary shall be established.

Section 3, If the ballots cast at said election "Against License" number more than those cast "For a Dispensary," then no person from a corporation shall sell any intoxicating liquors in said county except he be a regular druggist, who may sell provided he has a prescription from a regular physician, bearing date of the day given and provided he file the same and fill it only upon the day of its date, keeping the file open to inspection of any citizen.

Section 4, That any physician giving a prescription, only when medicinally needed, shall be guilty of a misdemeanor.

Section 5, That any violation of this act, or of any section, shall make the violator guilty of a misdemeanor; and upon conviction by due process of law, shall for the first offense be fined fifty dollars and for each violation thereafter \$100 and be imprisoned three months.

APPEAL FOR FUNDS.

The Charity Committee Calls on its Members for Funds.

To the members of the Union Relief Association and to the citizens of Salisbury.

The funds of this Association have been almost entirely expended in relieving the poor, so that we have but 90 cents in the bank.

The calls for relief are becoming quite numerous. We have very efficient committees in each ward to investigate cases needing relief. We therefore, call on each of our members to pay to Mr. O. D. Davis, our treasurer, an assessment of one dollar each. We also call on those of the citizens of Salisbury who are disposed to join our organization to enroll their names by paying our treasurer the sum of one dollar each. It is but reasonable to expect severe weather shortly and the funds should be in hand to purchase fuel for the suffering before the suffering actually begins. Though this Association has been in existence several years, this is only the third assessment ever levied on its members.

STATE NEWS.

Greensboro, Jan. 26.—The only life insurance company in North Carolina has just been organized in Greensboro, the announcement being made today. It is the Security Life and Annuity Company, a bill to incorporate which passed the Legislature to-day. The incorporators are J. Van Lindley, of Pomona; P. H. Haues, of Winston and J. W. Scott, Lee H. Lattle, M. L. Shields, P. D. Gold, Jr. and E. Caldwell, of Greensboro. All of the above are well known thorough-going business men, which is a guarantee that the new company will succeed. The Security Life and Annuity Company is organized upon the principle of old life companies, but will write a form of policy not usually pushed by the latter. Instead of paying the face of a policy upon the death of the insured, payments will be made in monthly installments. There are a number of successful companies operating along this line. There are two in Georgia, Gen. John B. Gordon being president of one of them. For several years Greensboro has led the State in the home fire insurance business, and the organization of the new life company is a matter of pride to business men of the city, the new company was promoted by Mr. E. Colwell, Jr., formerly of Georgia, who has been connected with the Provident Savings Life Association, is a splendidly equipped insurance man.

Mr. Walker Catches a Rat.

Mr. Walker of the Dixie studio bought a rat trap from Lufsey's 5 and 10 cent store with the assurance that it would catch a rat if one was around. Mr. Walker went to supper and then returned to his studio and baited the trap with cheese. In fifteen minutes he heard the trap spring and upon looking found it had caught a very large rat. Rat like everything-else Lufsey sells is the best that can be bought for the money.

GREAT RAISE IN COTTON.

TREMENDOUS JUMP REPORTED YESTERDAY.

Spot Cotton in New York Reported Yesterday at 126. Price may yet reach 15 Cents.

Yesterday evening Messrs. M. G. and Lawrence Keefe called upon us and gave us some very interesting reports of the cotton market in New York. Owing to some very unavoidable mishaps in our office, we were not able to give the market as they give it to us, but we may briefly outline the run of the market as given us. For January it opens at 10.80, goes to 12.75 and closes at 11.05, February opens and closes about the same, 041. March closes three points higher than at the opening, April one point higher, May two points higher at close, June 12 points lower at the close. The rest of the months vary very little. Spot cotton is now 12 cents. Just what effect this will have upon the local market do not know but we shall keep our readers who are holding cotton, posted upon the Salisbury market. We hope to be able to furnish our readers with the market upon all produce in the country and Mr. Keefe who will be Murphy & Co's operator will gladly furnish us with the boards.

They have direct wires with the Stock Exchange in New York and every quotation made on the Exchange in New York is recorded a board in their office at Salisbury where those interested in the market will be welcome and able to keep in touch with the market, as easily as if they were on Wall St. Mr. Lawrence G. Keefe the operator, who has charge of the office comes well recommended from his home in Greensboro and we would be pleased to see him succeed.
