S M Cates, of Spenser, who has been here since the opening of the shops, went to Watauga last night. He will bring his family back next week.

Rev. Thos L. Trott was in to see us yesterday. He went to Cleveland in the afternoon to hold services today.

A Happy Man.

The happiest man on the streets yesterday, was a man who had been to Lufsey's 5 and 10 cent store and had gotten some of the bargains people get there. Lufsey is the recognized bargain giver. Those wool dusters have arrived and will be on sale Monday. Don't forget that Wednesday is the day for that 20 by 24 inch picture to be given away.

Mr. Abernathy not Critically Ill.

We heard yesterday morning that Mr. Eone Abernathy, who teaches school at Mt. Vernon, is at the point of death. In a telephone message from Mr. John Bailey, yesterday, he told us that the report is exaggerated and that although Mr. Abernathy was not so well yesterday as he had been, his condition is not necessarily serious. We are glad to say for Mr. Abernathy has many friends, being the son of Rev. Mr. R L Abernathy, of Rutherford College. It will be remembered that Eone is the young man who was scorched by a gun explosion several weeks ago.

Two old Confederates Dead.

Friday, Mr. Calvin Spry of David died with pneumonia, and yesterday, Mr. John Shaping surrendered to the same disease. These gentlemen were about the same age, 63, and were gallest Confederate Soldiers. Their many friends, while mingled tears and speechless sorrow cloud the joy of life and hope have no need of fear; for if there is a place beyond the grave, a land where love and friendship do reign, the spirits of our friends are dwelling there today. And whether there is or not we do know that through the glistering eye of sorrow for the departed dead, the Christian sees only the shining ray of Hope, made brighter, all because they lived—and died.

Blue Ribbon lemon and vanilla extracts being made from the fresh fruits, are free from injurious ingredients always found in cheap extracts.

IMPORTANT WORK DONE.

AT THE ALDERMEN'S MEETING.

They Determine to Issue Bonds for the Streets—An Important Change as to Tax Collector and Minors.

The Aldermen's meeting Friday night which we were unable to attend and report decided upon some very important improvements for the town. The papers and people have been clamoring for good sidewalks and streets, and the aldermen have taken the voice of the people to be law. In their meeting on Friday night, the proposed new charter was taken up and discussed, and it was decided to present a petition to the legislature, asking authority from them to hold an election for the purpose of voting upon the issuing of bonds to the amount of \$1000,000 for street improvements. In case the election is granted it is thought best to hold it in the spring probably at the municipal election.

Another matter which received the attention of the aldermen was that of tax collector. It was decided to restore the power of appointment of the tax collector, to the aldermen, instead of by popular election as it is at present.

The water commission was created as its name implies, for the control and direction of the water works system. It will be composed of four members, the mayor being ex-officio chairman, and to have no vote except in the decision of a tie. These commissioners will serve two and four years respectively, two being appointed for two, and two for four years. The aldermen have also approved power.

A thing of vast importance to all the temperance advocates, and a step in the proper course was done by the city fathers. Indeed, we think that no act of the meeting showed a greater proportion of wisdom and desire to do the best thing for the town than this. The aldermen asked the legislature to so amend the charter, that no minors should be employed in saloons, billiard rooms, or ten pin alleys. This needs no comment, for if such places are conducted by the law, they certainly should be done so as to insure the least trouble and abuse in their operation.

MR. CRAS. BOST BADLY HURT.

His leg Broken While Chopping a Tree.

Mr. Chas. E. Bost who lives at Organ Church, was chopping a tree down Friday. When he had cut the stump off, the tree jumped back and struck him on the knee. The stroke broke his leg, but he is resting as well as could be expected. A day or two before that his little daughter was playing with school children, and was struck on the head with a baseball bat making a bad wound. She is also resting very well.

ANTI-MUZZLE HAS A WORD.

SATIRIZES THE MUZZLING ORDINANCE.

Some Remarks to be Taken More or Less Seriously by the Reader. The law is not humane.

To Editor TRUTH-INDEX. "Let dogs delight to bark and bite, For God hath made them so."

Poor dog! I have often heard this phrase used figuratively to express the unfortunate plight of some individual, but what [man possesses a heart and soul can now go down street and behold dogs, once happy and playful, now made miserable and dejected by having to wear an infamous muzzle without uttering this pathetic ejaculation: with great feeling and deep heart felt sympathy. "The dog all this while sheds not a tear and speaks not a word." Poor dumb wretches! Would that they could speak! Now they drag themselves about with tails hung down in the dust, and heads downcast—and with their instinct, yes their good common sense that the Almighty has endowed them with, they come up and rub against you, and with appealing eyes, indicating their misery, by slapping their muzzle with one paw then the other, implore you to liberate them from their bondage, and seem to say what have I done that I should be treated thus? Then at your not rendering them any assistance they turn aside and with a backward glance, snarl "you cruel wretch." They cannot eat or drink or hang their tongues out to employ their usual manner of breathing; all of which are enough to cause them to go mad.

breakfast, dinner and supper, and should he have a little business to detain him at his office, he gets no water or food, when the bell rings he must be there that his muzzle may be removed and then he fed. Some say that a muzzle can be made to obviate this inconvenience. If a dog can get his tongue out to lap water, his teeth to eat, he can surely bite.

So much from a human standpoint. Let us see if the ordinance will answer the other and purpose for which it was passed.

Has anybody ever seen a well kept, well fed dog go mad. These are the kind that suffer the inconvenience. How about these country curs, that come in here daily. The law says muzzle them also—they say "catch me first," Place your sentinels in all the back lots, and on each road upon its entrance into the city or else it is too late if the dog be mad he has already done his damage, if he be not mad the muzzled dog has already received his thrashing from one that is free.

Let the town hire some dog chasers, purchase a dog "Black Maria" and the boys will have their fun.

Truly the minds of the citizens of our once conservative community are at present much perturbed by serious subjects of great moment, upon the result of such deliberations, the prosperity of our commonwealth much depends. We have the dog and anti-dog; hog and anti-hog; liquor and anti-liquor; progress and anti-progress. I suppose I have placed myself in the category of dog, anti-progress. The law may be a good and logical one. The intent and purpose of same may be practically as well as theoretically a blessing to the community, but I must confess I am like the dog; I cannot see it in any other light than a cruel crime and absurd burden.

"Let Hercules himself do what he may The cat will mew and dog will have his day."

A COLORED MAN KILLED

YESTERDAY EVENING AT GOLD HILL.

Falls From the Bucket Coming up From the Mine, and is Instantly Killed.—Falls 100 Feet.

Yesterday evening about 7 o'clock, a colored man named Jim Stewart fell from the bucket bringing him up, and dropped 100 feet killing him instantly. We were not able to verify everything that was rumored in connection with the accident, but in a talk with a Gold Hill gentleman it seems that Stewart was being drawn up in the bucket, and before anybody realized what was done, he had fallen to the ground and death was instantaneous. This makes the second similar death, Will Myers having met death in the mine last fall. In proportion to the number of men employed and the hazardous nature of the work, the workmen have been singularly fortunate.

EPIDEMIC AMONG MULES.

This State Appeals to the Authorities in Washington For Assistance.

There is now a curious epidemic among the mules on the Caledonia State farm, and some 12 or 15 of the finest animals on the place have died from it. The disease attacks the animal suddenly and in three or four hours death results.

So far no one has been found who knows anything of the disease and all efforts to treat it have failed. The veterinarian from the A. and M. College went down to the

farm, but was unable to either relieve the suffering animals or check the spread of the disease.

So yesterday, on request of Manager Arendell, the State Agricultural Department wrote to Secretary of Agriculture Wilson, at Washington, requesting him to send a man from the Bureau of Animal Industry to the Caledonia farm to study the disease and prevent further loss by it, if possible.—News Observer.

The Sub-Committee Meets.

The Sub-committee which has been appointed to draw up the charter of the graded school, met yesterday at the city Hall. No action was taken upon the charter, and those having in hand the appointment of teachers, re-elected Lena McNeely, col., to her position held prior to January first. It will be remembered that she resigned to marry Prof. Provinder who died two days before the marriage date. They decided to have a joint meeting with the school commissioners on next Thursday night.

The U. S. Civil Service examinations will be held at several places in each state during March and April to secure young men and women for various government positions. Last year upwards of 8000 such appointments were made without political influence. No fees were charged. Information about the places and dates of examination can be had free by writing the Columbian Correspondence College, Washington, D. C.

MESSRS. WATTS AND NICHOLSON.

Here Last Night. They have been inspecting the State Farms at Wadesboro.

Representatives A. D. Watts, of Iredell, and B. B. Nicholson, of Beaufort, were in town last night on their way to Raleigh. They had returned from Norwood, where they spent the day yesterday with Rep. Blalock. The reporter was asked by them how the general sentiment towards the resolutions of impeachment against Chief Justice Furches and Associate Justice Douglass is running, but was unable to give a direct answer on account of the seeming lack of interest attending this unusual conduct. However, Salisbury desires to do the right thing towards these gentlemen. Messrs. Watts and Nicholson say they have been away since Thursday, and know very little of what is going besides, they had been away for several days previous, on an inspection tour of the eastern farms. They say the Legislature has a large amount of work yet to be done. Mr. Watt's will return next week, to spend a day or two with his people in Statesville.

The Religious Issue.

Manila, Feb. 1.—At a public session of the Philippine commission to-day, President Taft declared the satisfaction of the committee over the fact that the governing body of the Federal party. He said that if the Federatists had proposed to support any religious faction, the favor of the commission would have then been withdrawn. As to the provincial government bill, President Taft said that the military governor provinces were ready for the establishment of civil government. At present, President Taft said the provincial governments would be subordinated to the military and the executive. The bill would be publicly discussed in sections.

A representative of the Methodist missions visited Buencamino, to-day, and suggested that the Methodists as well as the Presbyterians should address meetings advertised to be held at Tondo Sunday, to induce Catholics to become Protestants. The Presbyterians and Methodists intend to baptize a large number Sunday, at the village of Malibay, where the principal efforts are made.

It is probable that the Federals will formulate a declaration against the friars, avoiding, however, criticism of the Church.

\$5.00 REWARD—To any lady that proves Sauer's extract is not as good as can be made.

If you buy higher priced extracts than Sauer's 10c lemon and vanilla you pay for name and not for merit.

Cheap flavoring extracts are dangerous. Blue Ribbon lemon and vanilla are perfectly pure and of great strength.

Why pay over 10c for lemon and vanilla extract? Such extravagance will bring you to want.

If there is any better extract than Sauer's 5 and 10c lemon and vanilla it is not made on earth.

If you want to see two happy feet, look on opposite side of this sheet.

HOUSE KEEPERS—Why pay 10c for a bottle of lemon or vanilla extract? Sauer's is the best that's made.

DEVELISH WORK LAST NIGHT.

MISCREANTS SHOOT AT PASSENGERS.

As the Fast Mail Was Running Between Spencer and Salisbury, Some One Shot Through the Window.

Generally speaking, our community is the most law-abiding one in this section of the state, it being pretty well agreed that no county is better officered. Yet things occur sometimes that chill one through and through to contemplate. The attempted wreck of the Mocksville-Mooresville train last week caused much uncomfortable feeling, and before one's hair has dropped to its normal position another diabolical attempt is made to commit murder. Last night after 35 had left Spencer, and was making good time, some one fired a pistol into the car window, which narrowly missed a passenger. A small hole made by the bullet, showed what had been done. Then another of the wretches threw a coupling pin into the door of the Pullman car, but no damage was done. Deputy D W Julian went to hunt the rascals, but found no trace of them. No one assigns any cause for the act.

We are requested to say that all citizens who are willing to sign the petition to the General Assembly to pass the bill agreed upon at the temperance meeting last Monday relative to the liquor business will find such petitions at Klutz & Co.'s and Plummer's drug stores, S. Moot Bros. & Rogers', T. L. Swink's, W. H. Huff's, D M Millmore's in Brooklyn.

You've never used the most delicious flavoring until you try Blue Ribbon lemon and vanilla extracts.
