any other section in the United We are the greatest sugar-eating people on the face of the globe, and doubless eat more than is for our good. The evil is aggranated by the extensive sale and use of glucuse, made from constarch, and sold for genuiue sugar. It is the belief of lately with plenty of snow. The genuine sugar. It is the belief of many competent authoritics that growselence of kidney discusses which forty og fifty years ago were almost unknown. The cheapness of giu cose has made it largely used in the manufacture of beer. This is one reason why beer guarlers are so of ten puffed up with apparent health, while their constitution is under mined. We need a law against bogus sugar fully as much as against bogus butter. Its effects are far more deleterions.
