Nothing like keeping up with the times.

close. The two machines were taken out to Mr. M. L. Holmes and tried in his grass lots, but in this place there was no perceptible advantage shown by one over the other; so they were taken to the meadows on Town Greek, to try them in muddy and tougher grass. They are both good machines, but the majority of the crowd were partial to the Champien.

Of representative farmers. The future of the tillers of the soil seems bright. Less commercial fertilizer has been used this year, more home made manure has been applied to the soil, more small grain, corn and grass is at present growing than every before. With the necessary diligence, care and economy our farmers will this year put them for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottles free at Kluttz's Drug Store.

An attendant at the door received admission cards, thus pre venting a rush of chance lookers-on, and securing the comfort of a large number of invited guests, the front pews being reserved for the groom's family on the one side and the bride's on the other.

Miss Warner played with soulful expression the Swedish Wedding March, and to its rythm the wedding party entered, preceded by the ushers, Messrs. to be the judges, and from the number of machines sold to the small crowd, the Richardson, Harriss, Folk, Kimball (best man), of Philadelphia; Messrs. Lindsay, Brown and Mock, of Salisbury. They performed their office most gracefully, and then ranged themselves on either side of the altar. Amid the hushed expec tancy of sympathizing friends, the young couple came slowly in together to be united in the holy state of matrimony. Mr. Murdoch, rector of the parish, with peculiar solemnity performed the impres-

A reception at the house of the bride's father was an event to be remembered. A liveried waiter received the personal cards of the guests at the door. The host being ready with kind hospitality and the handsome ushers with ready gallantry to conduct guests to offer congratulations in the parlor, the room being redolent with rare magnolias, ox eye daisies and graceful greens. The mantel from the floor was an artistic bank of flowers, reaching to the ceiling. The attention was next directed to the library, where large, medium, round and square tables could scarce support the burden of all manner of souvenirs. Where there is so lavish a display it is hard to make a dissilver pieces presented by fifty Brokers, the full service by the ushers, the dainty "after dinner" spoons, the pearl handled knives, the solid silver tureen, pitchers, vases of bronze, and great brass chandelier, with lights from ten upraised fingers.

diamonds which the bride wore.

The stirring notes of a full string band drew the attention to the dining room. Who but the Graces could have presided here? A bewildering scene of a clear lake, with swans reflected in its placid water, flowers nodding, bending, drooping to add perfume to fruits of all kinds luscious grapes in huge bunches, tender apricots, blushing peaches, oranges in golden profusion, ices and creams of every flavor to suit the most fastidious taste. Amidst the popping of champagne corks, the generous flow of claret punch brewed certainly by Bacchus himself. The wit of fair women and the wisdom of brave men, the evening shadows lengthened, and it was train time, but before going there was a unanimous expression of admiration for the distinguished, handsome Philadelphians. The central figures of interest being the fam-Capt. Jas. R. Crawford's infant ily of the groom, Mr. and Mrs. James Bain and their lovely daughter, Mary Bain. Mrs. Hanna, better known here as pretty Nannie Richardson, keeps up the family reputation by getting better looking. The large party are conducted to their private car by a number of friends who are to see the last of them, and hear en route the secret of the wedding tour. They will go to the West, lingering at the Lakes, and then the Summer at Cape May. There is an undertone of sadness in this festivity, for friends realize that one of Salisbury's sweetest, prettiest girls is to make her nest a long way off, but Mrs. C. R. Barker has returned even then the groom in his brave young from a short visit to Greensboro manhood gives such promise, that we say with a smile and a tear, God bless them !

> Man wants but little here below, But wants that little strong This is especially true of a purge. MINING NOTES.

Mr A. T. Nyeleft for New York on Sunday last. He reports that his tors are saving all the float gold that would be otherwise lost by the old place method.

We understand from reliable vill have a Centrifugal Amaigamator in operation in Salisbury in a short time, to exhibit to parties owning lot was closed out in a day. gold mines that have not been able will be given in this paper.

Flint Spring Mine, Stanly County, Mining Co., of London, exposing abundance near the base of hill a 3 feet, 7 inch gold-bearing quartz vein, incased in highly metamorphosed slate. The decomposed ferruginous quartz 15 ly shows a considerable amount of free gold, and small puggets with the quartz attached are washed out by hand rockers from the debris of the vein. So far, from the meagre amount of work, the property looks

Dunn's Mountain Mine.

This mine has been stopped short time for repairs on machinery &c. They have now resumed operations, with the mill-house re-organized and enlarged preparatory for receiving and milling a much larger output from one of their main lodes designated the office vein. In a northeast direction about 1200 feet has been sunk and will be carried to that depth, when a level will be run the whole distance and intersect the air shaft situated midway between the office shaft and new one northeast. This will give the m a large body of stoping ground, driving both ways. The plant is chinery that can be had to facilitate the work, which is being accomplished with energy and ability by the Superintendent and General The groom and his parents gave a set of Manager, Capt. James McCandless.

Piedmont Reduction Co., of North Carolina,

This company's works are situated on 26 acres of land on the bank of one of the forks of Lick creek. in the town of Thomasville, Davidson county, N. C., for the purpose of smelting and reducing all grades of gold; silver, lead and zinc ores, also the separation and refining of the precious metals to standard bullion, and when complete will formulate an industrial pursuit that has long been required in this section. The plant consists of two 80-horse power steel boilers, one 125-horse power engine, one 35-horse power size Blake crushers, a 48 inch Cornish Rolls, ore classifiers and concentrators. A two ton Revolving roasting furnace, with condenser attached to a sulphuric acid chamber, five Water Jacket Smelters, two Refining Furnaces and a complete outfit in laboratory and assaying apparatus. Adjoining the smelting works is a building 80x150 feet, for Lexiviation works in the treatment of zinc ores and reducing to zinc-white. In connection with the ver valley, equipped with locomotive and ore cars that connect by switch to the Richmond & Danville A GREAT BARGAIN IN GENTS LINEN HANDKERCHIEFS. railroad main line, also side tracks running into the smelting works. All this work has been quietly prosecuted since October last, and under the able superintendence of that well-krown, energetic Mining Engineer and smelter, Mr. C. F. Croselmire, of Newark, N. J., and Denver, Col. The company have shown their wisdom in selecting this gentleman, he knowing his busficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after-effects. Purely vegetable, long wanted acquisition for we can long wanted acquisition, for we can attribute so many failures at our mines from the importation of shoemakers, dry goods men, and others calling themselves mining engineers, hence so many failures. Mr. Croselmire is assisted by the General eral Manager, Capt. McPhail and Mr. J. Popplein, assistant engineer. The Silver Valley Mine is in charge Parties desiring to use water will make of Mr. Cheaney, Superintendent.

oughly competent plumber and are pre-pared to do first-class plumbing work of to the cow will be thankfully received and reward given.
