CITY ITEMS.

ROBERT L. RAMSAY, LOCAL EDITOR.

Cold weather for June. New peaches are coming in.

The wheat cut thus far this season is remarkably fine.

New potatoes and fine large onions are very plentiful.

There will be no services at the Methodist church on Sunday next.

See Mr. Schultz's new advertisement; he keeps the best goods at low prices.

Several Salisburyans will attend the Davidson College commencement this week.

We regret to learn of the death, on Tuesday, of the youngest child of Mr. R. L. Shaver.

Mr. C. D. Vernon has gone to Waynesville with a view of running a hotel at that place.

Do not forget to list your taxes before the end of this month; you can avoid trouble and save money.

The merchants have agreed to close their stores at 7:30 p. m., until the 1st of September.

The Mt. Vernon verandas are being painted. This greatly improves the appearance of the building.

The frame work of Mrs. B. F. Fraley's new house is up, and Mr. O. D. Davis' is about completed.

The Tennis club have had fine weather for playing for several days past, and have taken advantage of it.

The unoccupied building on the corner of Main and Lee streets is being repainted and otherwise improved.

There were no services at the Presbyterian church Sunday night on account of Dr. Rumpke being unwell.

The stand-pipe is now in course of construction, and the terrible clatter can be heard in all parts of the city.

The streets are in fine condition, the street force having just finished the work of cleaning sidewalks and gutters.

The County Medical Convention will meet the 2nd of July, instead of the 11th of June as was previously announced.

The foundation of Mr. I. H. Foust's new residence, on the corner of Main and Monroe streets, is being laid.

The weather permitting, a lawn party will be given at the residence of Col. P. N. Heilig, on Friday night, the 17th inst.

The lawn party which was to have been given at Col. P. N. Heilig's on Friday next has been postponed until next week.

They are cutting wheat; the ears are full and solid. The first in the county that we have heard of was out on Tuesday, June 7th.

We learn that a fertilizer factory will be established at Salisbury by Mr. C. W. Goriher. Ground bone will be the principal product.

A rock wall has been built to prevent the sidewalk from caving down into the road, on Horah street, just below Capt. Beall's residence.

Mr. Chalmers Rankin of Mooresville, a brother to our townsman, Mr. W. T. Rankin, has been dangerously ill, but is recovering rapidly now.

Messrs. Foard & Rice are receiving large orders from Northern jobbers for their popular "Bartholdi" and "Tar Heel" brands of smoking tobacco.

The Japanese Wedding given by the King's Daughters Thursday night was one of the most enjoyable events of the season. About \$75 were taken in.

Messrs. Bost & Co. have just shipped to the Blackwell Tobacco Company 75,000 lbs. of tobacco, the largest single transaction in leaf ever made in Salisbury.

The rise in good grades of tobacco is still advancing, and perhaps before the season is over those who pulled up their plants to plant corn may wish they had left it as it was.

Do not forget the Firemen's picnic on the 22nd. A large crowd is expected. A dancing pavilion will be erected for those who love the exercise, and a full orchestra will be present.

In spite of the dull trade, the Racket Store is doing a thriving business; everything in the large store looks neat and inviting, and the extensive stock of desirable goods are sold at low prices. The Racket Store fills a want long felt here.

Messrs. Smithden & Ritchie have sold out all the Reapers, Mowers and Binders they had in stock. They had to telegraph for more to fill the demands. Hard times do not seem to affect the sale of agricultural implements.

Found--On Main st., just below the beef stands in F. Davidson & Co's store, Messrs. Hans and Bob White Flour--the best in town.

Mr. G. F. Heller commenced work in his new cigar factory on Tuesday morning. Everything is neatly and conveniently arranged for the rapid manufacture of fine cigars. We wish him abundant success.

We regret to chronicle the death of the infant daughter of Capt. J. R. Crawford, which occurred on Sunday morning last, at 8 o'clock. The remains were interred in the English cemetery, on Monday evening at 5 o'clock.

The new tobacco firm of Beall & Co. have commenced the manufacture of smoking tobacco. The factory is run by steam, and has the latest improved machinery and is capable of manufacturing all grades of smoking tobacco. The annual capacity is nearly half a million pounds.

Jesse W. Miller, Esq., brought into our office some extra fine specimens of oats and wheat which he had raised on poor, exhausted land with the help of fertilizers. Mr. Miller believes in fertilizers and says he would not have raised five bushels on the land where he now expects to harvest 25 bushels to the acre.

Mr. Graeber Miller surprised us the other day with a growth which looked to us at first sight like a horse's tail. It was a root of an elm grown on the banks of South River. The root had found its way into the water, and spread out in innumerable fibres, ready to catch what nourishment it could in the water.

Just received from Philadelphia a line of the most delicious French candies. Theo. Buerbaum.

There is a movement on foot to organize a cornet band. We hope this may prove successful, and have no doubt that it will, for we have several talented members of the old Band who will help the boys out, and several new comers, who are quite enthusiastic over the subject, and we learn they are fine musicians.

Two very elegant receptions were given in the city last week. The first by Mrs. Shaver, complimentary to Miss Merrimon, a daughter of Judge A. S. Merrimon, of Raleigh. The next was that given by Mrs. Boyd, complimentary to Mrs. Steel, a daughter of Hon. W. A. Steel, of Rockingham, and to Miss Annie Smith, one of Salisbury's accomplished daughters.

The arbor tea given by Mrs. S. W. Cole on Tuesday evening was greatly enjoyed by all present. The lawn, where refreshments were bountifully served, could not be surpassed for their beauty, and the high tide of pleasure which floated upon them was caused by the host and hostess, together with the gaiety of the young ladies.

The supernatural strength displayed by one of our clerk friends Monday evening was quite amusing. It was probably derived from the enthusiastic idea of having the stores closed at 7:30 o'clock. The one was to give the signal for closing, by striking the fire going in front of the Mayor's office. dealt it such a blow as to cause it to go whirling to the ground.

New lot of moulding at Buerbaum's.

Last Monday, according to agreement, all the large mercantile establishments of Salisbury closed their doors at half past seven o'clock at night. A few of the smaller stores, mostly candy and cigar stores, kept open. This is an act of justice to the long and hard-worked clerks these hot and long summer days. It is no loss to the merchant, but a great saving of light. We hope they will all be liberal enough to let their clerks enjoy this little freedom the rest of the summer.

Any amount of novels for summer reading at Buerbaum's.

At a sale of Jersey cattle held at Lexington, Ky., on Wednesday week before last, a yearling heifer brought \$2,000 and a two-year-old bull \$2,000. Let our Rowan county farmers and stock raisers take the cue from this little circumstance and raise a better grade of stock and they will make more money than they do now with their \$15 to \$25 cows. It takes no longer time, but little if any more feed, and but little if any more care and attention to raise a choice breed of cattle than it does to raise a common breed, and these, as these Kentucky sales show, are so very much higher that it is really surprising that nine-tenths of our farmers are not experimenting at the business.

"Golden at morning, silver at noon, and lead at night," is the old saying about eating oranges. But there is something that is rightly named Golden, and can be taken with benefit at any hour of the day. This is Dr. Pierce's Golden Medical Discovery, literally worth its weight in gold to any one suffering with scrofulous affections, impurities of the blood, or diseases of the liver and lungs. It is unfailing. By druggists.

Golden at morning, silver at noon, and lead at night," is the old saying about eating oranges. But there is something that is rightly named Golden, and can be taken with benefit at any hour of the day. This is Dr. Pierce's Golden Medical Discovery, literally worth its weight in gold to any one suffering with scrofulous affections, impurities of the blood, or diseases of the liver and lungs. It is unfailing. By druggists.

Personal. Hon. Z. B. Vance was in the city Tuesday.

Mr. R. R. Crawford, of Winston, is in the city.

Miss Phena Baker is visiting friends in Statesville.

Mr. J. T. Bagwell of Charlotte, was in the city Tuesday.

Mr. Victor Boyden is clerking at the Mt. Vernon Hotel.

Dr. E. M. Summerell, of Miranda, was in the city last week.

Dr. J. C. McCubbins, of Mooresville, was in the city last week.

Dr. Hoeker and family, of Texas, are visiting Mrs. Wms. Brown.

Rev. Mr. King has returned from Connelly's, much benefitted by his trip.

L. S. Overman, Esq., went to Charlotte last week to attend court.

Mr. John Wagner, of Mississippi, is visiting his cousin, Mr. Ed. Young.

Mrs. A. W. Mangum and daughter, of Chapel Hill, are the guests of Mrs. Wm. Overman.

Mr. C. C. Ramsay has returned to his duties, quite benefitted by a vacation of several weeks.

Capt. J. A. Gill, who has been working in Charlotte for the past year, spent Sunday at home.

Mr. T. J. Meroney, "mine host" of the popular Connelly Springs Hotel, was in the city this week.

Mr. LeRoy Meroney has returned from the Dental College of Philadelphia, to spend the summer vacation.

Rev. C. W. Byrd, Mr. D. L. Gaskill and Miss Mammie Gaskill left for Morehead City on Tuesday morning.

Miss Mary Steele left for her home Saturday, after a visit of several weeks to her sister, Mrs. Robert Foard.

Miss Carrie Holmes has returned from Hagerstown Female Seminary, Hagerstown, Md., for the summer vacation.

Mrs. G. A. Allison, nee Miss Henri Morris, of Cleveland, N. C., is in the city, the guest of Miss Minnie Kridler.

Miss Addie Parrott returned with Miss Rose and her brother, Percy Howard, last week from Georgia.

Prof. J. F. Moser and family were in the city Wednesday. They left for their home in Conover on the noon train.

Miss Hope Summerell has returned from Staunton, Va., where she has been a pupil at the Wesleyan Female Institute.

Prof. H. J. Overman arrived in the city last week, after spending several weeks with friends and relatives at Chapel Hill.

Mrs. J. S. McCubbins and Miss Mary J. Beall left last week for Linwood, Davidson county, where they are visiting relatives.

Mr. J. Wm. Boyd and family will return to Liberty, Va., on Thursday. We are sorry to lose Mr. Boyd, who has made many warm friends during his stay among us.

Miss Mary Woollen has gone to her home in Asheboro; she leaves a blank in our midst, but is hoped that she will return at the opening of the next term of Troy High School. [Troy Vidette.]

Mrs. Cicero Barker, of this city, and Mrs. Bettie Gaither and daughter Miss Sadie, of Charlotte, left for Housherville, Iredeed county, Wednesday morning, accompanied by Mr. A. M. Young and his cousin, Mr. Wagner, of Miss., and Miss Carrie Young and Miss Minnie Kennedy. They go to make a pleasant visit of several days to the father of the latter, Mr. P. B. Kennedy, who is so well known here. A pleasant trip to the party.

5 lb. buckets of Printer's Ink at Buerbaum's. Price, \$1.25.

Blowing Rock. Blowing Rock will be quite a resort the coming season. We understand that a party of 15 or 20 ladies and gentlemen from our town contemplate spending the month of August at that place.

New Flour. Mr. John Lindsay of South River, whose flour has been well and favorably known for a great number of years, has come forward with the first new flour of the season. The wheat was cut threshed and ground on June 9th, and it made very pretty flour.

Teachers' Assembly. Some fifteen teachers from our county left last Tuesday for the Assembly which meets at Morehead City on the 15th inst. Some 900 have expressed their desire to participate. Eugene Harrell, of Raleigh, the Secretary of the Assembly, has worked faithfully in its behalf, and deserves the praises of all persons interested in popular education. From Salisbury Professors Kizer and Overman, Miss Bessie Neely and County Superintendent T. C. Linn will be there. We promise them a pleasant and instructive meeting on the sands of the "Ocean eternal."

Neave Music School Concert. The first part of the annual closing concert of the Neave Music School was rendered last Friday, June 10th, at the school parlor. It was a rare treat and showed the ability of the scholars; not set and worked especially to render these pieces, but taken at random out of the progressive educational work of the teachers and scholars. The weakness of self-consciousness having been eliminated, every number was unprecedently well rendered. Especially the vocal "On the Sea Shore." Miss Rachel Wallace being sick, the piano solo, "Rhapsodie D'Anvergne," was rendered magnificently by Miss Mammie Gaskill as substitute. want of space forbids us to publish the whole program, so full of choice and elegant pieces of music.

The second part will be given next Friday night, June 17th, and we may look for another such musical treat on this occasion.

Curtain Poles at Buerbaum's.

Base Balls at Buerbaum's.

Hook & Ladder Co's Picnic. The Salisbury Hook & Ladder Company, No. 1, intend having a basket picnic at Dunn's Mountain, on Wednesday, June 22nd. Their committee on collections are out soliciting contributions. Our citizens should give freely to this company, as it is a volunteer company. They neither ask nor expect any pay for their services. At their annual picnics they arrange amusements for all ages: music, dancing, etc., and have extended an invitation to all of our citizens to participate in their pleasures. Parties wishing to contribute anything, either money or provisions, can notify the HERALD, or Messrs. Chas. D. Crawford, M. L. Julian or W. R. Barker. The ladies' list will be found at the HERALD office, and any lady wishing to give the company anything is asked not to send any plates, but will be furnished wooden butter plates. If the ladies will take hold of this matter the picnic will be a grand success, and one to be remembered. We hope the ladies will lend their aid this year. The HERALD will do all in its power to help the boys along.

For chronic catarrh, induced by a serofulous taint, Ayer's Sarsaparilla is the true remedy. It stops catarrhal discharges, removes the sickening odor, and never fails to thoroughly eradicate every trace of the disease from the blood. Sold by all dealers in medicine.

Late Improvements in Our Town. We had quite a building boom last year, and it was predicted by croaking old fogies that it would not last; that the enterprising builders were "too smart," and would suffer for their rashness. Instead of the fulfillment of these yellow-jandiced predictions, we will show that we have kept up our boom, and are going right along on the road of prosperity and advancement. Since January 1st the following buildings have been erected, or are in process of erection:

- G F Heller, residence, \$900
J F Smith, " 800
W Smithdeal, 2 " \$1,200
O D Davis, 1 " 1,500
Mrs. Fraley, " 1,000
I. H. Foust, " 2,000
Geo Mowery, " 800
T P Johnston, 6 " 5,000
Edwin Shaver, 7 " 800
J M Haden, " 800
W R Barker, " 1,200
P N Heilig, " 1,000
D A Atwell, 3 " 2,800
Lewis Trexler, " 1,000
A Parker, " 800
R M Eames, Granite works, 2,000
Chas Barber, store room 1,500
[To be continued next week.]

Window Shades at Buerbaum's.

Saved His Life. Mr. D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable, and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles was entirely cured and had gained in flesh, eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Theo. F. Kluttz & Co.

DRESS-MAKING -AND- Pattern Cutting.

MISS M. FUNCK, of Baltimore, is now prepared to make dresses of every description; also to cut paper patterns. All orders promptly attended to at lowest cash prices.

SOUTHEAST CORNER INNIS AND LEE STREETS.

MERONEY & BRO. sell Dry Goods Groceries, Notions, Hats, Shoes, Dress Goods, Trimmings. They keep the best of goods; they sell for cash, and for this reason sell cheap; they take no mortgage, nor exact exorbitant prices. This is the oldest mercantile house in the town--perhaps in the state. They have merited a good trade and sustain it. They feel grateful for their many friends for their liberal patronage.

MINING NOTES.

Mr. A. T. Nye arrived from New York on Monday morning.

Cebarrus County.

Mr. Wm. Barringer has opened a 12-inch vein of quartz, free milling ore, by a shaft at present 16 feet in depth. At several points on the surface the vein is exposed, by cross-cuts, and about ten tons of ore will be taken to the Yackin Chlorination Works for a working test. The quartz shows small nuggets of free gold, and from a casual observation we would say the ore will yield from 3 to 4 ozs. per ton, from this class of ore. The mine is 4 miles from railroad; good timber, and a large supply of water. He is working a small force.

Fisher Mine.

This mine is being fully developed by Messrs. Miller & Smith. A shaft is sunk to the depth of 40 feet on the ridge to meet the adit level. A large quantity of ore has been taken out, and the vein improves in richness from its appearance on the surface and outcroppings. They have been encouraged to erect a small mill to test the ore by ton workings, which has been very satisfactory. The gangue is quartz and brown ore with free gold. Also auriferous iron pyrites at some points on the vein are made, and shallow openings for testing the grade on the line of bearing. They intend to fully develop this property.

Business of the Mint.

That the gold mining interests of Charlotte and Mecklenburg county is picking up, is evidenced from the amount of business done at the United States assay office in this city, the present year. Since January 1st, 1887, the amount of gold bullion assayed at the office in Charlotte, foots up \$110,000, or an average of \$20,000 per month. All of this bullion did not come from the mines of Mecklenburg alone, however, some of it having been contributed from the mines of Georgia and South Carolina. The Haile gold mine, of South Carolina, is a particularly good patron of the assay office. [Charlotte Chronicle.]

Charlotte District.

Editor Chronicle, Charlotte, N. C.—Sir: Your reporter's memory has not been quite correct in writing down my expressions. I have seen no certificates of gold shipments by the Point mine, and I certainly have not attributed a value of a million dollars to a mine, showing a gross yield of \$3,600 per annum, nor to any other single mine, knowing too well the secret of success is consolidation. In all that I have said, I had referred to the locality of the gold interest in Mecklenburg county, and not in any way expressed my opinion on any of the mines specifically. F. M. F. CAZIN, M. E.—[Charlotte Chronicle.]

The Tripler Mine (Davidson Co.)

Is now down on the main lode over 100 feet. They are preparing to drive northeast on the vein, which is encased in a compact talcose slate, with an underlie of about 15 degrees to the northwest, varying from 2 to 5 feet in width. The ground is becoming more settled, and the stratification better defined as depth is attained. While driving at this level, the sinking will be continued on the vein, when they expect to find a much larger concentration of metalliciferous gangue. The ore is rich in gold, with some carbonates and sulphides of copper. They have a large quantity of ore on dump, and the amount of work accomplished in so short a time speaks well for the able and economical management of Mr. Tripler, not only in the appliances for facility of working the mine, but the general arrangement of the mill and other appurtenances on the mining plant, he having obtained the services of Capt. John Peters, one of the most reliable miners of Silver Hill, whose ability is well known for underground work. If this mine is fully developed it may become one of the best producers of Davidson county.

DIED.

On June 1st, 1887, the infant daughter of Mr. and Mrs. J. B. Gordon.

YACKIN ASSEMBLY, No. 6656, KNIGHTS OF LABOUR.

WHEREAS, God, in his alwise Providence, has seen fit to remove from us our brother, John T. Trexler.

Resolved, That this assembly has lost a highly esteemed brother, his wife and family a devoted husband and faithful friend.

Resolved, That while we bow with submission to this dispensation of Providence, we his brothers in Local Assembly No. 6656 tender our heartfelt sympathies to the family of the deceased in their bereavement.

Resolved, That these resolutions be spread upon our minutes, and that a copy be sent the family, and a copy be furnished the city papers for publication.

JOHN L. BROWN, M. W. A. M. GOODMAN, R. S.

Beautiful woman, from whence came thy bloom, Thy beaming eye, thy features fair! What kindly hand on thee was laid— Endowing thee with beauty rare! 'Twas not our time, the dame replied, 'twas pale this face, these features bold, The Favorite Prescription of Dr. Pierce Wrought the wondrous change which you behold.

Meroney & Bro. have thirty years experience in the Sewing Machine Business-- have served 30 years in repairing. They examine all and sell none but the best.

The Racket Store.

Has Been with You Six Months,

and in its marked success we feel encouraged to believe that the ladder which leads to the top round of a prosperous business, we are steadily ascending, and if you would like to know how we are doing it, read on: We buy a Misses Sailor Hat below the market price, and we know it will bring 40c. and sell fast to customers, but do we ask it? No. We can afford to sell it at 25c. and make a proper profit, hence we mark it down, our customers and ourselves both reaping advantages gained in New York by our shrewd cash buyers. We also get a lot of Ladies Trimmed Hats, worth at retail \$1.75; we bought them cheap and applying our unalterable rule of selling as we buy, marked them at 69c. each, the whole lot was closed out in a day.

Avartice says charge 19c. for a wire bustle we had, but the iron rule of our close "quick" profit marked them at 10c., and almost in the time it takes to write this they were all like the 96c. hat--gone.

We will have a full stock of the foregoing goods by time this reaches you, and also a lot of Men's Pants, which we will sell at 57c, 69c, 83c, 99c, \$1.34, \$1.37, \$1.49 and up, and also mens' and boy's straw hats in abundance.

RACKET, C. O. D. STORE, Cor. Main and Innis Street.

15 1/2
