

**KILLS HER BETRAYER.**

Texas Girl Wields Automatic Pistol With Terrible Effect, Killing Not Only the Man who Fooled her But Mortally Wounding Three Others.

Gatesville, Tex., Feb. 2.—Using an automatic revolver, Miss Vera Ware, daughter of a prominent farmer of this county, fired into a crowded court room here today, continuing until her weapon was emptied, and as a result, John Hanes, a merchant of Jonesboro, for whom the bullets were intended, is dead; two bystanders, James Smith and David Ross, are believed to be mortally wounded, and A. P. Wiley, Jr., also a disinterested party, is seriously wounded.

It was during the conclusion of the case on trial in the district court that the shooting occurred. Miss Ware, as complainant, and Hanes as defendant, in case of seduction, the former in an ante room and the latter in the court room were awaiting the calling of court. Approaching a window from which a view of the court room could be had, Miss Ware saw Hanes among the spectators and before she could be restrained drew the revolver from the folds of her dress and opened fire.

Three of the bullets were true to the intended mark, inflicting wounds in Hanes' back and arms from which he died within an hour. Smith was shot in the head and Ross was wounded in the back and arm. Wiley received a bullet in his leg.

Miss Ware and her brother, Charles Ware were arrested.

**HEN CHEWS TOBACCO.**

She Refuses to Lay Without the Stimulation of Nicotine  
Youngston, O., Jan. 31.—The saltiest old salt that sails the sea does not love a chew of tobacco better than does a hen owned by Burt Miller, a lawyer, of this city. For more than a year the hen, which was always industrious and remunerative, has refused to lay her customary egg each day, unless her system is toned by tobacco. So each day Mr. Miller sets before her a can of chewing tobacco and she takes a chew. The word "chew" is figurative for, of course nothing is rarer than hen's teeth. This hen pecks at the tobacco in the can, plainly with great enjoyment, and, after holding it in her mouth awhile, ejects it.

The love of tobacco must be an acquired taste for a hen, just as are caviar and olives for a man. Mr. Miller thinks his hen acquired the taste by eating tobaccos quids which she found on the grounds after his man-of-all-work had no further use for them. The hen will chew only the best fine-cut of one particular brand. She has refused to taste samples of other brands sent to her by their manufacturers, who may have had in mind the value of an advertisement reading, "Even hens are not happy until they get our 'baccy.'"

Mr. Miller tried to cure his hen of the habit by giving her a "tobacco cure." It had no effect on her, however it may have on humans.

This hen's eggs have not the slightest taste or odor of nicotine, but are "seriously fresh."

Health is Worth Saving, and Some Statesville People Know How to Save It.

Many Statesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Statesville citizen's recommendation.

Mrs. S. Revis, living at 212 Seventh St., Statesville, N. C., says: "I can recommend Doan's Kidney Pills as a remedy that acts up to its representations. I sent to Hall's Drug store, and procured them while suffering from pains through the lower part of my back and frequent headaches which had caused me great distress. Their use improved my condition in every way. Doan's Kidney Pills proved so satisfactory in my case that I do not hesitate to recommend them to other sufferers."
