'PHONE No. 35.

Statesville, N. C., July 18, 1901.

Recently the statement that Governor Aycock would be a candidate to succeed Senator Pritchard has been going the rounds of the "commercial" Democratic papers. When the report was called to the Governor's attention he said: "It is absolutely false. The people of the State have already given me the highest office in their gift, and my only ambition is to serve them well not for anything I expect or want in the future but on account of the honor they have done me in the past."

These are noble words. Governor Aycock is right not to enter the race for Senator. Since the war the Democratic party has taken one Senator from the East and one from the West. While there is no law requiring this to be done, it has become a custom, and one which should be rigidly adhered to for the sake of party harmony. At the proper time the West will furnish a worthy colleague to the great captain of the East—Furnifold M. Simmons. The State and country have other honors in store for our great Governor; but, if he never holds another office, his administration will live as one of the most illustrious in the State's history, if the record of its first few months is maintained to the end. Such a Governor as Charles B. Aycock is, and will be, needs no other office to place his name among the State's first sons, living or dead.

Gen. Julian S. Carr's latest interview, which we publish in another column, materially modifies the position he took in his recent New York interviews. He says we must have a new leader, and by indirection gives currency to the talk of Bryan's enemies that Bryan is still a candidate for president, while Mr. Bryan says he is not. He should be allowed to define his position for himself. General Carr talks vaguely of "broader politics" and "new leaders in North Carolina." Had the result of our senatorial primary last fall been different General Carr would be now entirely satisfied with the "breadth" of our politics and our present leaders. He shows his sore toe in all these interviews, and gives comfort to the enemies of Democracy by repeating their charges against it. For our part, we don't believe the Democratic party of North Carolina ever had purer, bet ter leaders than it has now, or that the State ever had a government which did more for the advancement of the people than Governor Aycock's is doing and will do. General Carr will have to be more explicit in his bill of indictment before he can shake the faith of the Democrats of North Carolina in their leaders.

A silly story was printed in some of the daily papers Monday that Mr. Bryan would advise his friends among the Democrats of Ohio to bolt the Democratic ticket. He comes out in his paper and urges every Ohio Democrat to support the regularly nominated ticket. So another lie on Bryan falls by the wayside.

Mr. Bryan criticises the Ohio Democratic platform because it does not endorse the Kansas City platform. In this we do not agree with Mr. Bryan. The campaign in Ohio this year is purely a State campaign, and the Democratic platform does well to deal principally with State matters.

There is a lot of silly rot going the rounds of the "commercial" Democratic papers that Mr. Bryan will be a bolting candidate for president in 1904. He says that he is not a candidate for any office, and Wm. J. Bryan's word has always been good.

"Modified" is Good.

Raleigh News and Observer.

The editor of the Spartanburg Herald recently appointed postmaster by McLaurin and McKinley, says in his paper:

"We do admit, however, that our views on some of the new issues that have come to the front recently have been modified. We recognize the fact that there is much to be said on both sides of expansion and ship subsidy, and without blindly condemning these issues merely because they are advocated by the Republicans, we have urged the Democrats to consider them."

A Federal office, properly salaried, seems to have caused several newspapers to have their "views" recently "modified."

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. —MRS. CURTIS BAKER, Bookwalter, Ohio. Big Strike Among Steel Workers.

Pittsburg, Pa., Dispatch, 15th.

Reports received from all sources connected with the great strike of the steel workers today indicate that the members of the Amalgamated Association had matters well in hand and that the strike order was generally obeyed. Reports from various points where the American Tin Plate Company, the American Steel Hoop and the American Sheet Steel Company are located told of a shutting down of those plants. In many cases the plants had been shut down by the first strike order, which affected the sheet steel and the steel hoop companies only. The last order brought out all of the union plants of the American Tin Plate Company, with the single exception of the new mill in Monnsen, which is still running. At the Amalgamated Association headquarters it was said that the figures given out Saturday night regarding the number men who would be actually idle in the mills of the three companies had been proven correct. This number was placed at 74,000. The strike, although one of the greatest that has been declared in recent years, will affect Pittsburg but slightly. Of the 74,000 men idle, 2,500 are in Pittsburg, 800 in Allegheny and 1,500 in McKeesport. President Shaffer has it in his power to close more Pittsburg mills, but it is not thought that he will do anything of a radical nature until he is compelled to. The American Steel Hoop Company's supposedly non-union mill, known as the Painter Mill, in West Carson street, was closed this morning in all its branches. The tie-up at this mill was said to have been a surprise to the mill owners and officials in charge of it. The other plant, known as the Lindsay & McCutheon Mill, in Allegheny, was shut down completely in the pudding and bar mills. All the skilled workmen refused to enter the mill this morning and the company did not even operate the fire furnaces. The finishing department of the mill was working during the day, as the men are not in the union, but it is claimed by the workers that the employes in that department will not go to work in the morning.

Governor Aycock Will Offer Rewards for Lynchers.

Raleigh Post, 14th.

Yesterday Governor Aycock received a communication from the International Council of the World, headquarters at Seattle, Washington, notifying him that that society offered rewards of $500 each for participants in the recent lynchings at Smithfield and LaGrange.

In speaking of the interference of this outside organization with the affairs of this State the Governor said that he thought that North Carolina could take care of her own affairs in the matter of lynchings as well as other things, and that he desired to serve notice now that hereafter when a lynching occurred anywhere in North Carolina he would immediately thereafter offer a reward on the part of the State of $400 for each of the participants in the lynching.

He said that he desired to invoke the support of the press and the ministry in a determined effort to stamp out lynching in this State, an end he is determined to attain, even though it should bankrupt the State.

The Governor said also that he wanted it understood that those who commit that crime which brings about lynching will be summarily dealt with, and their just deserts meted out to them with all possible dispatch.

The Governor realizes that along with increasing the peril of participating in a lynching brought about by the offering of large rewards for their exposure and prosecution in the courts, there must be an assurance to the outraged people that the fiends who commit these diabolical crimes in their midst will be promptly punished by the government; and this is what the Governor proposes to prove to the satisfaction of the people the next time an outrage is committed and the law is allowed a "Whack" at the culprit in meting out justice to him at rope's end, so to express it.

It is hardly probable that the $500 reward offered by the International Council of the World will induce any one to reveal the names of any of the participants in the LaGrange and Smithfield lynchings.

Massacre of Christians in Korea.

Washington Dispatch, 12th.

The reported uprising on the Island of Quelpart, off the Korean coast, and the killing of several hundred Christian converts, is confirmed in mail press advices reaching to the Japanese legation, which contain the report of the captain of the Japanese man-of-war Senyen.

The captain reports that two French man-of-war which arrived at the island found the insurgents in a menacing attitude. Attempts were made to land French marines. As the landing was opposed the French warships made a demonstration, and succeeded in landing their marines. The insurgents then were repulsed, and two missionaries held by them were saved. After that affairs quieted and the uprising was quelled. During the outbreak 200 converts were killed by the insurgents.

Dan Hanna's Children Gone.

New York Dispatch, 13th,

Attorneys for Dan R. Hanna, of Cleveland, a son of Senator Hanna, obtained from Justice McAden, in the Supreme Court today a writ of habeas corpus returnable Monday, commanding Mary Harrington Hanna to produce in court her three children. Mr. Hanna, in his petition, says that the children were restrained of their liberty by their mother on the pretense that she has a right to their custody and that he, the father, has been illegally deprived of their charge. A detective was sent to the Hotel Savoy to serve the writ. Mr. Hanna accompanied the detective to the Hotel Savoy. When he arrived there he was told that Mrs Hanna had sailed with her children on the steamer Menominee, which cleared the bar bound for London at 10:50 this morning.

Brought Back After Six Years.

Raleigh Post, 16th

Sheriff B. A. Horn, of Union county, was here yesterday to collect from the State Treasurer per diem and mileage for a trip to Arkansas, where he went to serve extradition papers on E. M. Griffin, a former citizen of Union county whom the sheriff brought back to answer the charge of seduction. Griffin's case is a rather remarkable one.

From what Sheriff Horn said it seems that Griffin seduced a girl in Union county six years ago and left for the West to escape arrest and punishment or marrying the girl. The girl and her people, and the sheriff said, knew of his whereabouts all these years and took no steps to bring the young man back. In the meantime Griffin had married a western girl, established a comfortable home and they have two children.

It was only a short time ago, said Sheriff Horn, that the Union county girl and her people took up the notion all at once that they would renew the prosecution which they did by procuring the extradition papers and having Griffin brought back across the continent. The case has not yet come to trial.

The Drought in the West.

Kansas City Dispatch, 13th

Despite local thunderstorms, accompanied by slight rainfall, in western Missouri, last night, the drought that is burning up vegetation in Missouri, Kansas, Oklahoma and Indian Territory, is still unbroken. The Kansas City weather observer says:

"The atmosphere is so uniformly heated to such a great altitude that it makes precipitation almost impossible. Clouds may gather and a few drops of rain may fall, but the lower strata of air is so hot, that the rain drops would be transformed into vapor in passing through it."

There is no relief in sight and the situation becomes worse each hour. Several days ago one fourth of a corn crop in Kansas was hoped for. The estimate now must be still further reduced. Prayer for rain will be offered in scores of churches in Missouri and Kansas tomorrow. The Kansas City live stock market is a victim to the sun. Many feeders are holding back in hope that the rain may succor them. Each day brings them nearer to the inevitable and commission men are flooded with letters indicating that next week is the longest they can hold out.

Shot Himself Because His Brother Whipped Him.

Wilmington special to Raleigh News and Observer, 14th.

News has reached the city of an extraordinary attempt at suicide day before yesterday by Henry Kernon, of Phoenix, Brunswick county, a young man about 21 years of age who formerly resided in Wilmington.

Thursday morning on his father's farm near Phoenix Kennon had a fight with one of his brothers, so the story goes, and received the worst of it. He went to the house of a neighbor and borrowed a cartridge for an empty pistol he carried with him. Returning, members of the family heard a pistol shot and a cry of "murder" from the young man. They went to him and found that he had shot himself in the breast, the wound probably being fatal. Dr. Moore, Phoenix, was summoned and he pronounced his recovery as extremely doubtful.

Another story of the shooting is that young Kernon some time ago deserted from the revenue cutter Algonquin, upon which he had enlisted as a seaman, and hearing of the arrest of a fellow deserter in Wilmington, he hit upon the plan of killing himself rather than return aboard the vessel.

President Steyn Escapes From a British Surprise

London Dispatch, 14th.

The war office has received the following dispatch from Lord Kitchener, dated at Pretoria:

"Broadwood's brigade surprised Ritz, capturing Steyn's brother and others. Steyn himself escaped in his shirt sleeves, with one other man only. The so called 'Orange River government' and papers were captured."

Lord Kitchener also reports that Scheeper's commando (as announced in the Associated Press dispatches early last week) burned the public buildings in Murraysburg, Cape Colony, and some farm houses in the vicinity.

The columns under Colonel Featherstone and Colonel Dixon have reached Zeerust, western Transvaal. They met with opposition and made some captures. The British casualties were one officer killed and three officers and twenty-four men wounded.

30,000 Stationary Firemen Strike

Wilkesbarre, Pa., Dispatch, 16th.

The strike order of President Mullany, of the Stationary Firemen's Association of Pennsylvania, directing the men to strike today for an eight-hour day, was obeyed by the men. Nine hundred members of the organization in this section of the State refused to go to work. Most of the strikers employed as firemen at the coal mines and their failure to report for duty caused nearly all the collieries in the northern anthracite region to suspend operations, throwing out of work, it is estimated, 30,000 men and boys. Some of the individual coal operators conceded the demands of their employes on condition that the short hour day was not to hold if the men employed by the big companies did not get the same concessions. The big coal companies, however, refused to make any concessions. The officials claimed that the demands of the firemen were unreasonable; that they had received a 10 per cent increase when the wages of the miners were raised, and that their demands made upon the companies was equal to a 20 per cent advance.

Valuation of Railroad Property.

Raleigh Dispatch, 16th.

The corporation commission refuses all petitions by the street railways for exemption from law requiring vestibuled cars. The matter of fenders will be passed on later. The commission makes the following assessments of railways: Atlantic Coast Line, $13,932,426; Southern, $15,479,002; Seaboard Air Line, $8,683,861; miscellaneous roads, $4,270,230. There is no increase save as to miscellaneous roads. The increase on these is $75,000. Street railways are assessed at $839,850, this being an entirely new feature. Various lines are assessed at the following figures: Raleigh, $40,000; Charlotte, $200,000; Wilmington, $100,000; Asheville, $50,000; Asheville & Craggy Mountain, $15,000; Asheville Electric, $62,500; Intermittent, $25,000; Asheville & Biltmore, $25,000; Durham, $31,350; Winston-Salem, $291,000; water works, $75,000, this being a new feature and being on capital stock in excess of that locality taxed; Wilmington being $50,000; Raleigh, $29,000; Charlotte nothing. Telegraph companies are assessed at $904,000, same as last year; Southern Express Company $189,539, against $117,370 last year; Pullman cars $181,720 against $150,832; telephone companies $355,766, against $80,123; steamboat companies $195,471; electric light and gas companies $128,838.

A North Carolinian Murdered in Mississippi.

Cleveland, Miss., Dispatch, 16th.

Lucius Reed, manager of the W. L. Pearman plantation, was shot and killed today by Charles Philips, a negro employed on the farm. Reed met Phillips eating at a lunch stand during the morning and told him he should be at work. Words passed between them and Phillips shot Reed twice, one ball passing through the heart. Phillips escaped and it is believed he is in hiding in the cane brakes near here. The citizens are highly wrought up over the the murder and if the negro is captured, it is believed he will be lynched. Posses with blood-hounds are searching for the fugitive. Reed came here from North Carolina and and stood well in the community.

A Story of the Sea.

Tampa, Fla., Dispatch, 13th.

Captain C. F. Watts, of the ill-fated brig, L. F. Munson, from Mobile to Sagua le Grande, is in the city en route to Mobile. He himself is a physical wreck and tells a most thrilling story of the wreck of his vessel. The suffering of Captain Watts and his men is something which is almost too horrible to be put into words. "Wrecked upon a little raft, without food or water, under a blazing sun for three days, followed by huge, gloating sharks, seeing vessels pass within hailing distance and then fade into the distance, was almost too much for a human to stand," he says. The men, beaten and battered by the wreck, lay more dead than alive upon the raft, and many of them with wounds, which had begun to mortify when they were rescued.

"Sunday, while about 200 miles west of Tortugas, the vessel was literally battered to pieces in a storm. Almost in an instant all on board realized that the vessel was sinking. The life boat had been made ready and provisioned for several days. All hands rushed to lower it, and in their haste the boat was overturned and rendered useless to them. They only had time to climb upon the after house when the vessel sank, and left them twisting in the eddy of the water where the vessel had been.

"For three days the crew, lashed to the top of the afterhouse, were upon the tossing waves of the Gulf, the improvised raft upon which they sat being covered a foot or more with water and keeping that distance all the time. Thus for three days their bodies were under the water. The lashing waves soon tore the clothing from the men and their naked bodies were exposed to the tropical sun.

"They saw four vessels loom into view, and then disappear. When the night came on, chilling winds made the men shiver and suffer, to be followed by the blistering heat of a tropical sun the next day. With dry and parched lips and throats they suffered only such agonies as can be experianced, but not described.

"Monster sharks followed in their wake, and occasionally one more venturesome than the rest would come and place his snout against the little raft. These harbingers of death were always with the unhappy and helpless crew. Beaten and battered in a storm of a few days before, three men were wounded. They could do nothing for themselves and mortification set in soon and added to the horror of their situation."

Captain Watts says he does not believe his men will recover from their terrible exposure. As he left them at Key West they were in a horrible shape.

A Mob in Kansas City.

Kansas City, Mo., Dispatch, 12th.

A crowd of 2,500 excited men boys surrounded the county jail here tonight, clamoring for vengeance against three negroes who criminally assaulted Miss Grace Davis Wednesday night in a populous and highly respectable neighborhood. Eight negro suspects have been arrested, six of whom are believed to have been taken away to the workhouse.

The negroes still in jail are the two men who have been identified—Jos. Roberts and Frank Holland. The policemen succeeded after midnight in driving the mob from the court house block, but 500 men remain in the streets a block away. The police say there will be no further trouble to night.

1 a. m.—The mob seems to have abandoned its lynching plan. Five hundred men in squads of 75 are raiding the negro quarter in the north end, chasing and beating negroes, smashing windows, etc.

TAYLORSVILLE NEWS

Accidental Killing in Alexander County.

The pin and spoke mill of Messrs. Campbell & Williams, of Vashti, Alexander county, is located north of Grade postoffice, Gwaltneys township, near Rocky creek and not far from the corner of Iredell and Alexander counties on the Wilkes county line. Last Friday afternoon a report reached here that one of the hands at this pin mill had been shot and killed. Mr. J. D. Campbell, of Vashti, was in town and on this information, when he learned that the coroner elected last August, Mr. A. M. Chapman, of Little River township, who had been sent for, had not qualified, applied to Clerk of Superior Court A. L. Watts for the appointment of a special coroner. E. L. Hedrick was appointed and proceeded at once to Vashti where ex Sheriff Williams accompanied him to the mill. A jury was summoned on the way composed of S. D. Harrington, J. E. Harrington, E. E. Pool, T. D. Mayberry, D. L. Millsaps and A. S. Mayberry, and the home of Enoch Holland was reached by 11 o'clock p. m., when an examination was begun.

Frank Holland, son of Enoch Holland, of Rocky creek, Gwaltneys township, was shot and killed last Friday morning at the pin mill of Messrs. Campbell & Williams, of Vashti. This mill is located some 5 or 6 miles east of the store and is in charge of Mr. W. P. Carson with four hands—Holland, E. F. Parlier, C. W. and G. L. Smith. Last Friday morning while waiting for the fireman to get sufficient steam to start up the mill they used a small No. 7 target rifle shooting at a block. After breakfast on returning from Carson's house, young Grove Smith, who owned the rifle, carried it back to the mill loading it with a small B. B. cap or cartridge. The mill boys were talking with Mr. Carson about ordering them a small gun like this one and Carson, not knowing the gun was loaded, was showing them how the spring operated. In some way the gun was discharged, the ball entered the left breast of Frank Holland, aged 25 years.

This was the evidence of the three witnesses examined who were present at mill with Carson and Holland when the shooting occurred. The jury was no time in making their decision that the killing was accidental. No malice or former trouble of any kind was shown between these or any of the hands working at the

The Taylorsville baseball team went to Newton last Friday and played a game of ball which was very close. In the ninth inning the score was 3 to 3, and in the tenth Newton scored one run and Taylorsville none, so the game closed 4 to 3. The Taylorsville team has been challenged by Lincolnton and Statesville and may play the latter next week if proper arrangements can be made.

The ladies gave an entertainment at the college and whether all of them considered themselves old maids, the play was "Old Maids' Experience."

Some thieves entered the store of Campbell & Williams, Vashti, last Friday night by a window. A quantity of bacon, salt and other goods were taken.

Mr. Frank A. Linney came over from Boone Monday and reports that they are well pleased with their new mountain home.

Deputy Collector J. M. Davis and W. E. Nattress, Esq., of Statesville, were here Monday and Tuesday taking brandy bonds.

Mr. and Mrs. A. C. McIntosh and Mrs. Lelia Bogle were at Statesville Tuesday.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten to too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. IN THE SHADOW OF DEATH.

A Whole Family Cured.

Mrs. C. H. Kingsbury, who keeps a millinery and fancy goods store at St. Louis, Gratiot Co., Mich., and who is well known throughout the country, says:

"I was badly troubled with rheumatism, catarrh and neuralgia. I had liver complaint and was very bilious. I was in a bad condition; every day I began to fear that I should never be a well woman; that I should have to settle down into a chronic invalid, and live in the shadow of death. I had JOHNSTON'S SARSAPARILLA recommended to me. I TOOK FOUR BOTTLES AND IT CURED ME, and cured my family both. I am very glad that I heard of it. I would cheerfully recommend it to every one. I have taken many other kinds of medicine. I prefer JOHNSTON'S to all of them."

Alone in Mid-Ocean in a Little Sloop

Galveston, Tex., Dispatch, 12th.

Captain Woods, of the British steamer Mohawk, told to-day of his meeting with the little sloop Great Republic in mid-ocean. "It was about 4 o'clock in the afternoon," said the captain, when I espied the boat. The sole occupant did not want to stop for us, but we got in so that he stopped us and talked a bit.

"He did not want to even be reported and seemed rather angry at us for having stopped him. We asked him where he was from and his name. I understood him to say that he said he was from Gloucester. He was a big man and about filled the well-formed passenger compartment of the boat, which was very small and carried but a sail and a jib."

Captain Woods reported having spoken the sloop in latitude 40:27 north, longitude 41.6 west.

Lord Roberts on General Lee

Richmond, Va., Dispatch, 15th.

In a letter just received by Miss Mary Custis Lee, Lord Roberts, now commander-in-chief of the British army, says that it is his hope some day to visit Lexington, Va., and there look upon the tomb of Lee, the great Southern chieftain. The following is an extract taken from the letter to Miss Lee:

"It may be that I shall never be able to carry out my wish of visiting your great country, but I hope that some day I shall do so, and that I may see the monument in the college chapel at Lexington. I shall consider it a privilege to be able to show my respect and admiration for one of the greatest soldiers of any age—Lee, of Virginia.

"With kind regards from Lady Roberts and myself, believe me, dear Miss Lee, Yours sincerely,

"FRED ROBERTS."

COOPER & GILL.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure to mention this paper.

Wheeler & Wilson Sewing Machine.

Having contracted for a large line of these Celebrated Machines before deciding to retire from business. I am making a price on same unknown to the trade before. They justly claim it three times the value of any other Machine made. One third easier, and one third faster, the only machine that does not fail in any point. Rotary motion and full

BALL BEARING

Makes it the lightest running machine in the world, it saves one day in three running that much faster than any other Vibrating Shuttle machine made. Rotary motion does away with noise and wear. All wearing parts are hardened. will sew the lightest fabric without puckering and on the heavest will make a strong elastic seam. While they last I will sell the $55.00 machine at $27.50, the $60 00 at $35 50 and the $65.00 at $37.50. Thousands of other desirable goods going at wholesale prices.

Truly.
