

On the grounds of honesty and in the name of the "Golden Rule," we are opposed to the Monroe Doctrine, as promulgated by the President's message and the resolutions of the Committee in the House of Representatives.

Only a bully, a cowardly bully, would thus attempt to set at naught the rights of another State simply because of the latter's weakness.

Suppose that Mexico or Peru, or Chili should attempt to dictate to the United States the terms upon which Chinese immigrants should be permitted to land in California!

Ridgeway Items. Editor WARREN NEWS:— March, 16, 1880. If rain and mud were anything new, this section would afford very abundant material for an item for, perhaps, not even "the oldest inhabitant" ever saw more of both than we are now having.

Notwithstanding the rains and muddy roads, wagons loaded with tobacco are passing, almost daily, on their way to Henderson, where the market is kept crowded with the various grades of the "weed."

More fertilizers are now at this depot than I ever saw here at any one time before. Most of them are consigned to Agents, and thus far, very few have been consigned to or moved by planters.

The business outlook of our town is improving. One new store house has been erected and is now nearly ready for the stock soon to be placed in it.

On Saturday last I had the pleasure of meeting with Mr. Frank Hunter, of Littleton, who was on a visit to relatives in this vicinity.

Dr. W. J. Hawkins, who has been for a long time confined to his room by a painful attack of rheumatism, was on Saturday last, sufficiently recovered to take the cars for Raleigh, where, no doubt his large experience with R. Roads, and the State-craft thereunto pertaining, together with his practical wisdom in political economy, will make his opinions eagerly sought by many of the legislators now assembled.

Sunny-side Items.

Editor WARREN NEWS.— Mar. 9th, 1880.

After the long and protracted dry spell, we are having it damp and raining. Our farmers are further ahead than usual, preparing lands for crops, all seeming to take advantage of the pretty weather.

Capt. C. W. Garrett, must be doing a lively business, as his wagons pass our place daily to the depot loaded with wine, from his vineyard.

Mr. E. T. Bailey one of the popular Clerks at "Sunny-side" Store, left for Weldon, last week. He is now with Messrs Inge & Co. of that place.

As we passed Mr. G. B. Alston's Mill a few days since, we saw quite a number of Dogwood logs piled around the saw Mill, and on enquiring found that they were being sawed up for Ship yard purposes.

We learn that Wm. T. Yeal banked six bushels sweet Potatoes last fall, and on opening the bank found many Tater but a barrel of Rats. (author's good)

Miss Nannie Nicholson of near Enfield and her guest Miss Fannie Bryan of New Bernie spend some time in our neighborhood soon.

We had the pleasure of a call from Mr. B. B. Bartlett a few days since on his way from Warren Court.

Mr. H. F. Harriss of osceola mills, spent several hours with us last week. He reports business lively in his section, and several marriages to take place soon.

Rev. J. W. Primrose filled the Pulpit of the Presbyterian church at Littleton Sunday. We intended hearing him but the rainy weather prevented. He preaches there every 1st Sunday.

We understand Mr. J. P. Leach of Littleton, intends putting a wire fence around his entire farm.

The "Pioneer Agricultural club," will hold its next meeting at Dr. R. A. Patersons 1st. Monday in April.

White & Shaw damage on goods &c., \$1,200. Fully insured.

Blair Borwell, by breakage, &c., in moving goods about \$800. Fully insured.

P. J. Brown's loss was very slight—his building being damaged a little by the water.

H. A. Crenshaw, damage by moving goods, &c., \$500. No insurance.

S. T. Wilder, by damage and breakage, about \$75. No insurance.

J. H. Upperman, by breakage in moving goods, about \$250. Insured.

H. H. Thomas, breakage in moving goods, about \$50.

P. H. Parnell & Co., breakage in moving buggies &c., \$100.

A New York paper had an advertisement the other day for a lost dog with a diamond collar, \$500 reward being offered. It was a black-and-tan, overcoat-pocket size, weighing one pound twelve ounces. The collar was a gold shield, with the letters of the dog's name in small diamonds; at the top of the shield were a ruby and a diamond and at the bottom a sapphire, completing the red, white and blue.

SHOOTING HIMSELF AT SIGHT OF HER CONVICT HUSBAND. PROVIDENCE, March 3.—Mrs. Atwell Saunders, the young wife of a respectable farmer of West Gloucester, R. I., who shot herself in the head on Saturday, died yesterday. She was married when 17 years old to Henry Thaxter, who soon afterwards was sent to State prison for two years for horse stealing. She afterwards married Saunders, without being legally divorced from Thaxter, she regarding the incarceration of her husband in State prison as a practical divorce.

A NEGRO EDITOR'S TESTIMONY.

DECLARING THAT THE BLACK MAN IS NOT FREE TO VOTE IN LOUISIANA.

WASHINGTON, March 11.—Before the Ex. Com. Mr. Ruby, the colored editor of the New Orleans Observer, mentioned several parishes in Louisiana where, he said, the negroes, as a general thing, were not allowed to vote unless they voted the Democratic ticket. There were exceptions, however, in some places where the conservative white planter element was strong to see fair play, and allowed them to vote as they pleased.

Senator Windom asked the witness if he would feel apprehensive on account of the evidence he had given here in visiting the localities where he had testified that outrages had occurred. To this the witness replied that he would, and further remarked that the fact of his publishing a Republican paper in New Orleans was sufficient to make him feel apprehensive for his own safety if he visited those localities.

The principal thing about an interesting baby is its pretty mother.

The coal fields of Alabama are estimated to contain 52,000,000,000 bushels of coal.

"Blonde milliners with a list" are most advertised for in London, and command the highest wages.

The French Minister of War says the presence of chaplains in the army was disastrous, and they have been prohibited serving.

The telephone is only about two years old, but some of the jokes about it sound as though they were ragged when the pyramids were young.

A young lady was seen to emerge from a second story window, at midnight and descend a ladder. There was a man at the bottom of it of course.

BEST IN THE WORLD! ABSOLUTELY AND CHEAPLY PURE CHURCH & CO'S SODA WATER. IMPURE SALERATUS OR BI-CARB. SODA (which is the same thing as slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO'S "ARK AND HAMMER" BRAND will show the difference.

A simple but severe test of the comparative value of different brands of Soda or Saleratus is to dissolve a dessert spoonful of each kind with about a pint of water (not preferred) in clear glasses, stirring until all is thoroughly dissolved. The distinctive insoluble matter in the inferior Soda will be shown after settling some twenty minutes or sooner, by the milky appearance of the solution and the quantity of floating frothy matter according to quality.

Be sure and ask for Church & Co's Soda and Saleratus and see that their name is on the package and you will get the purest and whitest made. The use of this with your milk, in preference to Baking Powder, saves twenty times its cost. See one pound package for valuable information and read carefully. SHOW THIS TO YOUR CROCK.
