A PROFOUND YOUNGSTER. He Enlightened the Theologians by his Discovery in Profane History.

There was a convention of Sunday school teachers in session at Crystal Lake all the teachers of the three counties represented were there. The amount of Biblical and theological knowledge they had was something astounding. On the last day of the convention the high chief vanger of the affair announced to the 100 delegates that he would be pleased to have the knowing ones think up some questions on subjects pertaining to their work, write them on slips of paper, and submit them to him, and that evening at the last sestainment, he would answer them. A lot of people wrote their questions and gave the State. them to the great professor, and when evening came he had about fifty good old gnarly problems in his bunch of pa

The evening's exercises began with reading and answering the questions, and though some of them were from away back and very obtuse, the good man who had put himself up there as a mark coped with them successfully and impressed the great gathering with his vast knowledge.

Finally he ran against a question that made him knit his brows. He slowled at it a moment and then laid it aside When he answered all the rest he picked up this side-tracked query; and said: Here is a question which I confess I am unable to answer. I submit it to the audience, and if anyone is able to give the answer I will be glad to hear what

Then he read this query: "Who was the boy and what was hi name who held the basket containing

the multitude?" Nobody made any effort to answer i and the professor said: It seems that nobody knows any mor about it than I do. I will have to call on the person who submitted the question to come forward and answer it.

To the great surprise of the 400 peo ple and of his mother as well, Frank Jones, a 13-year-old school-boy, got up and modestly walked up the aisle. Every body looked at him amazed. The profes- clever speech.

Will von please do so?

"Did you submit this question?" "Yes, sir." "Can you answer it?"

"Yes, sir." Well I am sure everybody here will be

glad to hear it. "The boy;" said Frank quietly but steadily, was Ben Ezra, son of Miriam, who was sister of Philip, one of the twelve disciples.

A murmur of astonishment ran over deep for even the professed theologians in convention assembled. The professor turned to the boy,

Did you find that in the Bible? No sir.

Where, then, did you get it? In Greek history. That was the cap sheaf. A lad of 13 bowling down 400 declared teachers in the Christian cause, and telling them in an unassuming way that he dug the information out of Greek history.

Oh! who can tell, that have not experienced, how many other pangs one has to endure whose lifes sky is overcast with dark clouds of sorrow-whose dearest hopes have so soon in early life passed into the deep shadows of mystery. Dear est Allie, I believe that love and soul live for ever- are co-eternal and can never be destroyed. If not, why can I not forget you forever and sweetly sleep as children do; but ah, alas! from whence comes this soft and fairy whisper as I close my eyes in slumber that says think of one, just only once more before you sleep? Ah! why does that young and tender face appear to me so often in my dreams-those sweet and loving sky-blue eyes, how plain they in dream lands fairy scene. Oh! could I always sleep to dream. Dearest Allie, time goes slowly with me. I am lonely and sadly drifting down lifes rugged road-sighing and weeping for dear ones that are gone. I know you love me yet else why should I love you so. I often send wandering sigh to find you Dearest Allie. They return to me again. I fear they too like you, are lost to me forever. Oh! how could your father, even in his last hours on earth make such a request of his sweet girl. Why did he not think that his child had a life to live on earth as well as he, and most of all a soul to be happy. Ah! little did he think that his request. if granted would cast two souls that might be happy into the dreary shadows to grope in the dark dismal gloom of blighted love. But could I have been some ancient fairy to have transformed you, for that short time, into a toungue that never utters speech. If those words, "dear father, for your sake, I promise to never marry him" had never been uttered, nor that soft white hand-once gave to selves as delighted with Mr. Gladstone's me-had never been placed in his as a seal to his pledge how great a blessing it would have been for us both. Have you a mother ? If so honor and love her, If she is aged, do all in your power to cheer her, declining years. Her hair may have bleached, her eyes may have dimmed, her brow may contain deep and unsightly furrows, her cheeks may be sunken, but you should never forget the holy love and tender care she has for you. In years gone by she has kissed away from your cheek the troubled tears, she has smoothed and petted you when all else appeared against you, she has watched over and nursed you with a tender care known only to a mother, she has sympathized with you in adversity, she has been proud of your success. You may be despised by all around you, yet that loving mother stands as an apologist for all your shortcoming. With all that disinterested affection, would it not be ingrateful in you if in her de clining years you failed to reciprocate tried friend?
