MINISTERS EXPELLED

Close of the Ecclesiastical Trial at Pittsburgh.

DISSATISFIED WITH THE RESULT

Several Clergymen Give Notice That They Will Retire from the Covenant Church—A Belief That Many of the Younger Members Will Follow Them.

PITTSBURGH, June 11.—The sensational trial of the six young ministers of the Reformed Presbyterian church has ended, and the synod, by a vote of 95 to 37, expelled five of them from the church. The charges against the five were libel and following divisive courses in declaring in favor of the right of franchise at a meeting in the East End of this city. Their names are: Revs. E. M. Milligan, J. R. J. Milligan, W. H. Reed, W. L. C. Simpson and J. C. K. Milligan.

The Rev. A. W. McCrum's appeal was sustained, and R. B. Barnett, a student, also charged with heresy, has not yet been tried. Immediately after the announcement of the vote all the expelled ministers left the church. They were met on the outside by several ministers of the United Presbyterian church, who extended to them an informal way the right hand of fellowship.

The scene during the voting was very exciting. The verdict was not unexpected, and several ministers notified the synod of their intention to follow the young men.

Ministers Who Will Resign. Rev. J. F. Carson, of Brooklyn, said: "In view of the result of this vote just taken, and in view of the fact that as soon as the result of your trial is settled, I am going to leave the Covenant church, I refuse to vote. I will never vote again in this synod."

Rev. Thomas Logan, of Rochester, gave warning that he would vote "no" against everything that may come up. Elder McAfee, who spoke for the Fourth church, New York. He did not say exactly what his congregation will do, but it is well inferred that it will go out of the Covenant church.

Rev. J. L. Mollihaney said: "I would rather stand with the Lord than the Reformed Presbyterian church. I vote no."

Rev. John Tease announced his withdrawal from the church, and asked for a letter of standing. He is a missionary among the colored people in Alabama.

The Rev. J. R. Thompson said: "I vote no. First, it is illegal, as there was no written notice of the meeting, and second, it is unjust and wrong because the sentiment was too severe against these young men. Third, the sentiment of the people, and you will hear from the people later." Applause followed this last remark, which was general all over the house.

Rev. Mr. Milligan's Appeal. The Rev. E. M. Smith, of Baltimore, declined to vote, because on next Sunday he will tender his resignation to his congregation and leave the Covenant church.

The Rev. E. M. Milligan was the first to catch the eye of the moderator after the announcement of the vote. He said: "In view of the fact that this synod has found me guilty of scandal, libel and following divisive courses, I therefore appeal to the bar of an enlightened Christian conscience and pray that you will on trial in the Monongahela presbytery of the United Presbyterian church."

He was followed by the Revs. W. H. Reed, W. L. C. Simpson and J. C. K. Milligan.

After adjournment Rev. Dr. Thompson, of New York, said that there will be no split and a new congregation formed, as that would cause a fight for church property, and further, there are now enough congregations. "But," said the doctor, "there will be a slipping away into other congregations, until the church will lose a large part of the younger element and those whom we expect to support the church in coming years."

The thirty-seven who voted against the suspension of the young men presented a paper of dissent from the action of the synod, and asked that it be spread upon the minutes.

Soldier Lynched Indicted. WALLA WALLA, Wash., June 11.—A report has been made to the superior court by the grand jury which investigated the lynching of A. J. Hunt by United States soldiers April 25. A true bill was returned against only seven enlisted men in the Fourth United States cavalry, although the jury were satisfied that there were a number of others equally guilty. This belief was not supported by sufficient evidence to indict. It is recommended that the troops at Walla Walla be exchanged to some other fort in view of the present feeling against them.

Found Frightfully Mutilated. LEADS, England, June 11.—Barbara Waterhouse, the five-year-old daughter of a quarryman, disappeared very mysteriously last Saturday. At midnight the police discovered a body in a bundle on the street close to the town hall. It proved to be that of the missing girl. It was horribly mutilated. The legs and arms had been almost severed by gashes inches deep. The body had been cut open, and the intestines protruded. The clothing had evidently been replaced after the murder.

Stricken in the Emperor's Presence. BERLIN, June 10.—While Emperor William was reviewing the grenadiers at exercise drill near the Tempelhof storm arose, accompanied by heavy thunder and lightning. Captain von Quast and three soldiers were struck by lightning, and two of the soldiers were killed. The captain and the other soldier sustained very serious injuries. The lightning also struck and killed a horse.

Marsh Located. PHILADELPHIA, June 11.—Marsh is still missing from Philadelphia, but it is the general belief that he will shortly be in the toils. It is reported on good authority that the fugitive bank president has been located and that he will be brought to Philadelphia inside of seventy hours.

Bishop Egan Dead. DUBLIN, June 11.—Right Rev. John Egan, Roman Catholic bishop of Waterford and Lismore, is dead. He has been suffering for some time past with influenza.

OTHER LOCALS. Capt. Till Williams has gone to E. City, to buy a new schooner for the Ocaroke trade.

The same committee ordered to take into consideration the repair of the Court House also the necessity of enlarging the same and report which they did.

The election of the Board of Education was in order.

A committee was appointed by chairman of the Board of Commissioners to look after land on Alligator river and if necessary to have same surveyed and marked report to next session, that was a leader of the opposition for two years, and in 1884 went back into the cabinet as attorney general.

He was the prime mover in bringing about colonial union in 1867, was created Knight Commander of the Bath, and became the first premier of the new Dominion in 1873, when he was elected as the governmental party had accepted \$300,000 from Sir Hugh Allan, president of the Canadian Pacific railway, for the purpose of carrying elections. Sir John resigned, but he was quickly returned to parliament, and in 1878 again became premier, holding the position until his death.

Canada's Future Premier. OTTAWA, Ont., June 11.—It is now admitted in all quarters that Senator Abbott is to be the future premier of Canada. He will be sent for by Lord Stanley to-morrow. The composition of the new cabinet will be exactly the same as the other. An effort will be made to secure an early prorogation of parliament and during the following recess a reconstruction of the ministry will take place, with Sir John Thompson as premier and W. R. Meredith leader of the Ontario party, and J. A. Chapeau leader of the Quebec party.

Turbulent Strikers. GRAND RAPIDS, Mich., June 11.—The grand car strike broke out again yesterday with violence from a crowd of 200 gathered at the Sweet street car station. They assembled at 3 o'clock, and were smashing things when a large posse of police arrived. A pitched battle ensued. Revolvers were fired and bricks and stones were thrown before the mob was dispersed. Officers arrested thirteen of the mob, and took them to headquarters, and among them were two old car drivers. It is reported that one of the crowd was fatally injured and others were wounded.

Cruciated in a Railroad Wreck. PAISONS, Kan., June 10.—The most disastrous wreck that has ever occurred on the Missouri, Kansas and Texas railroad took place between Savannah and Frink. Three men were buried to a crisp and six injured, some of them, it is thought, fatally. The two engines were totally demolished and the wrecked train and thirty cars were burned. One of the men buried to death was a head brakeman, and the other two are unknown. The brakeman could only be identified by the finding of a switch key on his body.

Strike Rioters Convicted. UNIONTOWN, Pa., June 11.—The jury in the case against John McSloy, Mike Dismon and two other men charged with conspiracy and riot at the Frick company's Leisenring No. 2 works, found McSloy and Dismon guilty, and acquitted the rest. The case of conspiracy and riot against John B. Rae, Peter Wier and others was taken up. The operators seem to have other cases well worked up against the leaders in the strike, and are determined to have them in the penitentiary if possible.

Minister Porter Not Recalled. WASHINGTON, June 11.—It is denied positively at the state department that Mr. Porter, our minister to Italy, has been recalled. It is stated that he will not leave Europe, but nevertheless there is reason to believe that his leave of absence from home will be so indefinite in its terms as to warrant him in delaying his return to his post until some step has been taken by the Italian government looking to the return of its minister to the United States.

An Educator's Sudden Death. BORDENTOWN, N. J., June 11.—Rev. William C. Bowen, president of the Bordentown Female college, died suddenly of heart disease. His body was found lying along side the mill race upon which he had been sitting, having gone to the cow pen to milk a cow. Deceased was president of the college for sixteen years. He was born in 1826, and studied at Claverack college, New York. He leaves a widow and two daughters.

An Editor Murdered. BUTTE, Mont., June 11.—W. J. Penrose, editor of the Mining Journal, and a member of the legislature, was murdered near his home by some person as yet unknown. Mr. Penrose was shot through the temple. It is generally thought that the murderer was helped by some person who had been offended by an article in Mr. Penrose's paper. Belle Browning has been arrested on suspicion.

The Itata Surrendered. IQUIQUE, Chile, June 5.—The steamship Itata arrived here yesterday from Toopilla, and has been delivered over to the American forces. The Itata has also handed over all the arms she took on board off San Diego. These consist of 3,000 rifles.

Give the Clerk Justice. MR. EDITOR—I read in THE GAZETTE of the 11th ult., the suggestion to merchants by Clerk and hearty enjoy the suggestion. Instead, however, of putting on the extra force, I notice that one by one they are falling into line until there are comparatively few who do not think their clerks ever-thing—but still there are few who for some unknown reason (surely not for the trade they get) persist in keeping open to the dissatisfaction of their employees and to the wonder of all observers. Now, Mr. Editor, I don't know that clerks are less appreciative of small favors than any other class of people and are less liable to kick when the reins are too tightly drawn. Clerks are more willing to serve, and will take more interest in the affairs of their employers who are willing to show them some little favors.

This early closing is only asked for the short space of three months during the coldest and hottest season of the year and for about an hour each evening for five days in the week, and still there are a few who by their actions refuse this.
