## A New Danger.

A great danger threatens the people of the South. An evil that is steadily growing, and unless checked will cause great misery and suffering. Liver Medicines, called by all sorts of names, are being sold to the druggist to be handed to the people when they call for Simmonds Liver Regulator. Beware! There never has been more than one Simmonds Liver Regulator on the market. Take nothing else. The person who tries to persuade you that anything else is just the same is not to be relied upon nor is the dealer to be trusted who tries to sell you another article in its stead. You know what Simmonds Liver Regulator is, because it has done you good. No; don't be deceived into trying anything else. Wait until the Old Friend, Simmonds Liver Regulator, has failed you, then will be time enough to try something else. Remember, Simmonds Liver Regulator is what you want. It is put up only by J. H. Zellin & Co., and a Red Z is on every package.

Tom Watson found running a populist daily at Atlanta as unprofitable as his running for Congress has been. He has discontinued the daily, but his Congressional hankering is not so easy to stop.

A FALSE DIAGNOSIS.  
La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the forehead, eyes and ears, with sore throat and stoppage of the nasal passage, and in fact, are incapacitated for work of any kind for days at a time. These are catarrh sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

Great truths are sometimes spoken in Congress. For instance, Mr. Canth of Kentucky, said: "In all my years in Congress, or as an observer, I have never known but four men who thoroughly understood the silver question. Two of those are dead, and the others never had a dollar in their lives."

FOUR BIG SUCCESSSES.  
Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, Coughs and Colds, each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys, Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to be what is claimed for them and the dealer whose name is attached here will be glad to tell you more of them. Sold at M. C. Bogart's Drug Store.

Minnesota has some nifty republicans. Some of them are actually disputing Senator Washburn's absolute ownership of a majority of the republican members of the legislature.

MARVELOUS RESULTS.  
From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make the following: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission. It seemed as if she could not survive. But a friend recommended Dr. King's New Discovery; it was quick in its action, and highly satisfactory in its results. I had bottles free at M. C. Bogart's Drug Store, Reg. U. S. P. 2-50c, and \$1 00."

Deafness cannot be cured. By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the Catarrh Cure. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or a stuffed ear, and the hearing is impaired. Deafness is cured by the Catarrh Cure, and this tube restored to its normal condition, hearing will be destroyed forever; since cases of deafness are caused by an indurated condition of the mucous surfaces.

Respectfully,

## WEEK IN CONGRESS

But Little Important Work Going On in Congress.

### SENATE DEBATE ON THE INCOME TAX.

Among the Measures Rushed Through in the House—The Tennessee Bridge Near the Field, Ala., to be Bridged According to an Enactment.

WASHINGTON, January 12.—The debate in the senate yesterday on the subject of the income tax occupied the better part of five hours. Most of that time was used by Mr. Hill, in advocacy of the amendment offered by him giving courts of the United States jurisdiction to hear and determine suits to test the constitutionality and validity of the text. Speeches were also made by Mr. Dabbs, republican of Idaho; Mr. Quay, republican of Pennsylvania; and Mr. Mitchell, republican of Oregon. A motion by Mr. Quay to postpone the further consideration of the bill and amendment until the first Monday in February received one vote, his own. For the order was made against the Hill amendment, that it was general legislation on a general appropriation bill and was sustained by the president of the senate, Mr. Tamm, democrat of West Virginia. An appeal from this was taken by Mr. Hill, and at that stage of the proceedings the whole matter went over until today.

Two of the calendar bills were introduced, one by Mr. Vest and one by Mr. McPherson, democrat of New Jersey, the latter authorizing the sale of bonds.

Authorizing the Laporte, Houston and Northern railroad company to build a bridge over Galveston bay was passed; also the following:  
Authorizing the Little Rock and Pacific railroad company to bridge the river in Arkansas which its lines will cross.  
Authorizing the Tennessee Bridge and Ferry company, to bridge the Tennessee river at or near Sheffield, Ala., for the relief of I. H. Hathaway & Co., of Philadelphia, contractors for the harbor work at St. Augustine, by the issue of a duplicate for \$104,110, the original having been lost in the mails.

Extending the time in which the Texas and Fort Smith railway may be bridged the Little river.

SATURDAY'S SESSION.  
The only business done by the house was the concurrence in the senate amendments to a bill for the relief of Z. B. Elliot, of Kansas, and a resolution to fund the funeral expenses of Colonel William T. Fitch, for twenty-one years a doerkeeper in the house, who died on the 11th of December last.

There was the usual filling of seats and galleries when Mr. Cannon, of New York, read the resolution of the democratic side and deplored the members treating the measure as a party issue. There were, in his opinion, no party lines with an advantage, but this was not one of them.

MONDAY'S SESSION.  
4TH DAY, January 7.—In the house additional charges were preferred against Judge Hicks. The death of Representative James H. McMillen, of Kansas, was announced. The house met at night to read the pension bill. In the absence of the senate, Senator Cannon was chosen president pro tempore. The Nicaragua canal bill was taken up. A resolution relative to Mr. Foster's China-Japan pension was read and tabled. Resolutions of censure were offered on the death of Mr. Post, of Illinois.

TUESDAY'S SESSION.  
5TH DAY, January 8.—The senate, after morning routine, heard evidence pronounced in support of the bill to amend the law relating to the life and public services of the late Senator Columbus, of Georgia, by the members from that state, Senators Trope, Bill Peace and McPherson. The bill was taken up in the house and a motion was made to refer the bill to a committee.

WEDNESDAY'S SESSION.  
6TH DAY, January 9.—In the senate the urgent deficiency bill was reported and placed on the calendar. An amendment was offered to the bill to test the constitutionality of the income tax. Senator Peace spoke in favor of the bill, but was opposed by the republican members. Senator Aldrich offered a resolution on United States representation in Hawaii. The currency bill was defeated in the house.

THURSDAY'S SESSION.  
7TH DAY, January 10.—In the senate there was a skirmish over appropriation bills, and the enforcement of the income tax bill. Senator Cannon spoke against the Nicaragua canal bill in the first and second degrees, manly and ably, and also other bills of minor importance, among them the bill to amend the law relating to the life and public services of the late Senator Columbus, of Georgia.

Whipping Post Advocated in New York.  
New York, January 12.—Commodore Edw. G. Gerry advocates a return to the whipping post as a means of punishment for wife beaters and others, and during the present session of the legislature will have introduced an amendment to the law providing for some such punishment for certain crimes.

Rate of the Age-Herald Postponed.  
BIRMINGHAM, Ala., January 11.—The Age-Herald, the only morning newspaper in this city, which was advertised to be sold at "treble the usual rate," will not be sold until February 11 by agreement of all parties at interest.

Serious Accident at Memphis.  
MEMPHIS, Tenn., January 9.—F. M. Aerer, a wealthy Mississippi planter, was almost instantly killed yesterday by the discharge of a pistol that he was cleaning.

## NORTH CAROLINA IN BRIEF.

Happenings in the Old North State from Murphy to Marion.

J. C. McFarland, postmaster at Columbus, Polk county, is dead.  
A special venire has been ordered for the trial of Jack Wimberly, at Raleigh, charged with the murder of his daughter.

Governor Carr has commuted the death sentence of Fred Lloyd, of Henderson county, to imprisonment in the penitentiary for 25 years.  
Auditor Furman's report is issued. He recommends an increase of the pension tax to four and a half cents on the hundred dollars valuation.

Ben A. Hampton, doing a general mercantile business at Rural Ford, made an assignment. Assets \$4,000, liabilities about \$2,500. Inability to collect was the cause of assignment.

Noah Wilkins, while digging potatoes at the old Peyton Harvey place, near the junction of the North and South Carolina rivers, found a lump of gold which he sold for \$140. It was found on the land where the old Harvey house once stood.

The recent heavy rains near Murphy shut the town off completely from the outside world. The false works of the Hiwassee river bridge were washed away and those of the Valley river bridge badly damaged.

Arrangements have been made with the Greensboro Baseball Park Association and the University of North Carolina to play five games during the spring. Princeton will play the first game at Greensboro on April 5th.

Vein mountain, near Rutherford, owns one of the finest gold mills in the country. It is a twenty-stamp mill of the latest pattern. The company owns 10,000 acres of land in McDowell county, one of the boundaries of the tract being the Rutherford county line. The mine is both hydraulic and placer, and the company has thirteen miles of aqueducts.

A telegram received by Mrs. Armistead Jones of Raleigh, the president of the Ladies' Confederate Monument Association, notified her to become a member of the three bronze statues and the two bronze medallions for the monument from Munich, Bavaria. It is said that the statues are very fine.

Mr. W. R. Dick, an ex-confederate artilleryman of that city, was the model for the statues.

MILL MEN LOOK TO THE SOUTH  
Other Large Massachusetts Concerns to Have Southern Plants.

LOWELL, Mass., January 12.—The announcement is made that the Merrimack, the largest cotton manufacturing company in this city, in addition to other concerns which have been mentioned, is to have a southern plant. This makes three of the largest establishments in the city to join the movement and makes the factory a surety.

The labor element is inclined to become antagonistic to the movement. The elements in the problem are thus set forth by Treasurer, Clark, and Mr. A. C. Cullough, of the Boot Mills. "The fact is," said Mr. Clark, "that we can do no better than to become antagonistic to the movement. It is a matter of \$8.50 per ton for coal in the south, we pay \$4 to \$4.50. The climate there is milder. Up here we must pay freight and brokerage, and we have an advantage of 1 cent per pound on the raw cotton, which by itself is a fair profit for a mill making coarse yarn goods. The labor, too, costs sixty per cent more here than down there."

NORTH CAROLINA MOONSHINE.  
More Determined Efforts to Exterminate the Evil in That State.

WASHINGTON, January 9.—Deputy Collector Rogers of the western district, notified by letter and several special agents of the internal revenue service, had a conference with Commissioner Miller, Deputy Commissioner Wilson and Chief Clout of the special agents yesterday morning as to the better enforcement of the law against "moonshiners" in Western North Carolina.

Commissioner Miller says he is determined to exhaust all his power in an effort to break up moonshining in North Carolina and elsewhere, and protect the government in its just dues.

JABEZ WIGGINS MUST HANG.  
The Negro Who Killed Detective Murray and Others Must Pay the Penalty.

AUGUSTA, Ga., January 12.—Jabez Wiggins, the negro who killed detective Joe Murray and John Davis and wounded officers Stringer and Wrenn while they were attempting his arrest in South Carolina, has been found guilty after a trial lasting five days. The court appointed the ablest lawyers from the bar to defend him but his crime was too heinous. He was immediately sentenced to be hanged Friday, February 8th.

### THE STATE LEGISLATURE CONVENES.

The Populists Control on Joint Session With a Division of Forces Between the Republicans and Populists. Other Carolina News.

RALEIGH, N. C., January 9.—The North Carolina legislature convened at Raleigh today with a populist-republican majority on the joint session. Vance Walser, of Lexington, one of the younger members of the legislature in the northwestern section of the state, will be speaker of the lower branch.

The populist and republican then introduced a bill respecting past democratic legislation, chiefly in the election law and the county government system now in operation.

The senatorial fight grows warmer if anything, and it is now thought that the members of the legislature yesterday was spent in listening to the governor's message, which contained about 28,000 words.

## THE CONTEST IN TENNESSEE.

Counting and Publishing of Returns Postponed Pending an Investigation.

NASHVILLE, Tenn., January 12.—The gubernatorial contest continues to be the most absorbing subject. The entire morning session of the senate yesterday was consumed in the discussion of the gubernatorial contest. The democrats are convinced that the vote should be counted before hand. In the house yesterday something of a sensation was created by Mr. Robert Vance, democrat, who rose to a question of privilege and read a letter from W. A. Davis, a republican from Dixon, which stated that there was a lot of republican "boodle" floating around and he could vote for Mr. Vance if he would.

The senate, by a vote of 19 to 14 in the afternoon decided to postpone counting and publishing the returns until an investigation could be made.

LYNCHBURG, Va., January 12.—This city has been considerably stirred up for the last few days by the investigations of common abuses by the grand jury.
